RESOLUTION

STATE OF LOUISIANA
PARISH OF CAMERON

WHEREAS, the 2010 Census data will be released in early February, 2011; and

WHEREAS, state lawmakers will meet in special session in March, 2011 to redraw districts for the state's congressional delegation, the Louisiana Legislature and a variety of other public offices; and

WHEREAS, based upon projections from the 2010 Census, the State of Louisiana is expected to lose a congressional seat this year, setting the stage for a dramatic shift in some of the remaining districts; and

WHEREAS, there has been some speculation that the redistricting lines may be drawn so as to combine into one district the parishes stretching from Caddo Parish at the northernmost boundary of Louisiana to Cameron Parish at the southernmost boundary of Louisiana; and

WHEREAS, one district stretching from Caddo Parish to Cameron Parish would create such an expansive district, requiring 4-5 hours' travel time from the northern boundary to the southern boundary; and

WHEREAS, the northern parishes and the southern parishes of Louisiana are so dissimilar in culture, industry and economy.

NOW, THEREFORE, BE IT RESOLVED, that during the redistricting process consideration be given to the issues hereinabove listed; and

BE IT FUTHERMORE RESOLVED, that during

APPROVED AND ADOPTED this 9th day of December, 2010.

APPROVED:

KIRK BURLEIGH, PRESIDENT
CAMERON PARISH POLICE JURY

ATTEST:
