Statement of Joe Henry
House of Reps /
Natchitoches*

March 24, 2011

Representative Rick Nowlin
816 University Parkway Dr.
Natchitoches, LA 71457

Dear Representative Nowlin:

I am writing this letter as a concerned citizen on behalf of all of Natchitoches Parish residents. In addition to my job duties as Chairman of the Board of a community bank that serves the parish; I also currently preside as the Chairman of the Board of the Natchitoches area Chamber of Commerce.

Both of these businesses depend, strive, and rely on serving our vast and unique cultural parish. Our geographical lines can't be assumed or associated with how the meandering Cane River Lake flows through this parish. I for one live in east Natchitoches, my office is in west Natchitoches and volunteer much of my time for the southern part of the parish.

Our diversity and uniqueness allow this parish to be represented as one unit and ask that your fellow legislators recognize the importance of remaining as one district.

Sincerely,

J. M. "Joe" Henry, III
Chairman of the Board
