Subject: Fw: House District 16

Rep. Jones,

I am very concerned about the proposed House District that will differ from the current House District 16. Thank you for offering an amendment to redraw the district back to something more like the original configuration. Please share with the legislators that the City of Monroe is opposed to the proposed House District 16 and want them to approve your amendment.

Thanks for your hard work and service on our behalf.

Jamie Mayo
 Mayor

Subject: House District 16

Dear Board Members-

I want to make you aware that the Louisiana Legislative House and Government Affairs Committee approved the new house districts for Northeast Louisiana today.

3/24/2011

We are very concerned with the way they have redrawn House District 16. Please see attached to see both the current district and the proposed district. The proposed district will break up the very concise, cohesive and conservative business district in Monroe. As all of you know, this district is the heart and soul of the business community in Northeast Louisiana and includes CenturyLink. The new district morphs District 16 into something that it is not.

Tomorrow morning, Rep. Rosalind Jones is going to offer an amendment to redraw the district back to something more like the original configuration and not the gerrymandered district that is proposed. I urge you to send an email to the following members of the House and Government Affairs Committee and to copy Rep. Jim Tucker on the email. You are welcome to use the body of the text below, but the message to our legislators should be that you are opposed to the proposed House District 16 and want them to approve the amendment that Rep. Jones will offer.

Please be sure to sign your name and include the name of the business you represent. Numbers matter here! You are welcome to forward this email to others in your organization and ask them to send an email as well.

Thank you for your help!

I am writing to urge you to reconsider the proposed configuration of House District 16. This district is a very cohesive, conservative district that is home to the core business community for Northeast Louisiana, including the headquarters for CenturyLink. The proposed district diffuses the impact of the Northeast Louisiana business community and morphs the existing house district 16 into something that it is not. I am strongly opposed to the proposed reconfigured district 16.

I urge you to reconsider the draft configuration of District 16. Rep. Rosalind Jones will offer an amendment on Thursday that will redraw House District 16. We support her amendment and urge you to support it as well.

Thank you for your consideration.
