**Subject:** Redistricting of Southern Hills

Dear Speaker Tucker,

I have been a resident of Southern Hills for almost 40 years. My children grew up here, and one thing I love about the area is its family friendly, cooperative, cohesiveness. I understand in the redistricting discussions, one proposal has been to add Southern Hills to a district that would make our area a minority district. Caddo Parish already has four minority districts. To create another one would not reflect the demographics of Caddo Parish.

I ask that you please oppose the effort to create another minority district in Caddo Parish.

Sincerely,

Patricia B. Roach
