Subject: District 16 re-map

Dear Representative Tucker,

The re-map of District 16 in the re-districting plan is unacceptable. It is being carved for reasons other than those that are for the much needed productive economic cohesiveness of the business community in the Monroe area.

Political correctness and election politics are viewed as history as far as most citizens that I have talked with are concerned. Responsible economic growth policies and viable representation are critical to ensure the economic stability and future that businesses and citizens in the Monroe area expect. Monroe has, for too long, been walked on by "business as usual by others in Baton Rouge" -no more.

I urge you to support no change in the District 16 boundary and consider other options elsewhere, because no one wants it changed up here.

Jon J. Haddad
Monroe, LA
