Subject: Upcoming Redistricting - In favor of consolidating District 81 with a New Orleans District

I received a letter yesterday from my District 81 representative, John LaBruzzo, asking his constituents to let you know our feelings about the possibility of combining District 81 with a New Orleans district. I think it's a great idea. For years, I've had to endure the embarrassment of being represented by individuals like David Duke, David Vitter and now, John LaBruzzo. Combining District 81 with a part of New Orleans might actually produce a respectable candidate.
