Dear Mr. Gallot,

I cannot tell you how upset I am to learn that you would even consider eliminateing District 81 and combine it with a New Orleans district.

I reside in Metairie La. and am strongly opposed to this move. I do not now or ever wish to be represented by a New Orleans delegate. We should have no less than a Metaire resident represent us. Certainly you could not believe that a New Orelans representative would have our best interest at heart when voting on our behalf. I was a resident of New Orleans for most of my life and always was represented by a Orleans representative and delegate. Now that I live in Jefferson I expect as a resident of this parish to be represented by a representative that knows our area and has a difinate interest in it's well being.

I ask that my fellings on this subject , which are expressed in this e mail, be placed into the official House record. It is important to me that my opinion be heard and read by all who will vote on this issue.

Thank you for your attention to this email stateing my opposition to your proposed plan!
