"§1221. Legislative recognition

A. The Atchafalaya Basin, with its adjacent lands and communities, is a place where natural, scenic, cultural, and historic resources combine to form a cohesive, nationally distinctive landscape arising from patterns of human activity shaped by geography. These patterns make the basin, its people, and surroundings significant in the unfolding of the state's history and representative of the national experience through the physical features that remain and the traditions that have evolved. Continued use of this heritage region by people whose traditions help to shape the landscape enhances its significance.

B. The legislature recognizes that:

(1) The Atchafalaya Basin region is an assemblage of rich and varied resources representing a unique aspect of Louisiana heritage which can be best managed as such an assemblage through partnerships.

(2) The region reflects a complex mixture of people and their origins, traditions, customs, beliefs, and folkways of interest to the state and nation.

(3) The region's patterns of natural, scenic, and cultural resource features, qualities, processes, uses, values, and relationships must be conserved.

(4) The Atchafalaya Basin and its adjacent lands and waters offer outstanding recreation opportunities, educational experiences, and potential for scientific research.

(5) The combination of resource patterns important to the multiple themes of the region must retain their stability, integrity, sustainability, health, and attractiveness to be capable of supporting interpretation.

(6) The resources represented in the region must continue to be productive and economically viable, consistent with sound ecosystem management policies and practices.

(7) The Atchafalaya region enjoys broad support for state and national designation as a heritage area.

(8) Principal organizations and individuals, drawn from a broad cross section of constituencies, are willing to develop partnerships to achieve stated goals and realize a vision consistent with establishment of a heritage area.

(9) The heritage area concept enjoys the consent of local governments in the area.

§1222. Creation

A. In furtherance of the legislature's recognition, there is hereby created the Atchafalaya Trace Commission, hereinafter the "commission", which shall be an agency of state government within the Department of Culture, Recreation and Tourism. The legislature further establishes in the state of Louisiana the Atchafalaya Trace Heritage Corridor area, hereinafter in this Act referred to as "the trace area".

B. The purposes of the commission shall include the following:

(1) To protect the wet and wild nature of the Atchafalaya Basin.

(2) To promote nature-based, scenic, and cultural tourism.

(3) To identify, strengthen, and link "gateway communities" surrounding the Atchafalaya Basin.

(4) To improve transportation facilities and access.

(5) To further develop family-oriented recreational facilities.

(6) To preserve, enhance, and protect archaeological and historical sites and structures, architectural heritage, and cultural events, traditions, and lifeways.

(7) To communicate the unique maritime cultural history of the basin and Atchafalaya Bay.

(8) To develop environmental awareness and educational programs for residents and visitors.

(9) To seek recognition and federal funding for the trace area as a National Heritage Corridor.

(10) To recognize and interpret the unique contributions to the regional landscape of the oil and gas, marine and maritime, fishing and aquaculture, sugarcane and cypress timber industries.

(11) To promote and market the region through a variety of communications media including maps, guides, tapes, videos, advertisement, and signage.

(12) To stimulate the development of necessary overnight accommodations and conveniences.

C. The boundaries of the trace corridor shall include those lands generally depicted on the map entitled the Atchafalaya Trace Heritage Corridor Concept Plan copyrighted in 1996 by the Center for Landscape Interpretation.

D. The commission shall assist appropriate federal, state, and local authorities in the development and implementation of an integrated natural, scenic, and cultural resource management plan for the Atchafalaya Trace Heritage Corridor area.

§1223. Membership; officers

A. The commission shall be comprised of the following:

C. Terms of commissioners shall be three years and they may be reappointed. Any member appointed to fill a vacancy in an

unexpired term shall be appointed only for the remainder of such term. Any member of the commission appointed for a definite term may serve after the expiration of his term until his successor has taken office.

HOUSE FLOOR AMENDMENTS

Amendments proposed by Representative Jetson to Engrossed House Bill No. 2435 by Representative Fontenot

AMENDMENT NO. 1

On page 1, line 2, after "46:460.4" delete the comma "," and delete the remainder of the line and at the beginning of line 3 delete "Block Grant benefits;" and insert "and Part V of Chapter 14 of Title 49 of the Louisiana Revised Statutes of 1950, to be comprised of R.S. 49:1021, relative to testing certain persons for use of drugs;"

AMENDMENT NO. 2

On page 1, at the end of line 10 after the semi-colon";" insert "to provide for random drug tests for certain persons receiving something of value from the state;"

AMENDMENT NO. 3

On page 3, at the end of line 9, add the following:

"Such program shall also include the provision of inpatient services for any participant identified as an illegal drug user if it is determined that such inpatient services are necessary for successful rehabilitation."

AMENDMENT NO. 4

On page 3, after line 18 insert the following:

Section 2. Part V of Chapter 14 of Title 49 of the Louisiana Revised Statutes of 1950, to be comprised of R.S. 49:1021, is hereby enacted to read as follows:

"PART V. TESTING OF PERSONS RECEIVING
CERTAIN BENEFITS FROM THE STATE

§1021. Random drug tests; commissioner of administration

A.(1) The legislature does hereby declare that a state of emergency exists in Louisiana as a result of the spiraling increases of

abuse of illegal substances by its citizens. The legislature further declares that such illegal drug abuse presents a clear and present danger to the health, welfare, and security of the state, its citizens, and government. The legislature acknowledges that the terrible cost of drug abuse is ultimately paid by all of the state's citizens in the form of public monies expended to eradicate, interdict, and destroy such illegal substances, keep those substances away from our homes, families, schools, and children, operate a costly and massive criminal justice system for violators and continue to attempt to rehabilitate those who have lost the struggle to be free of illegal drugs. The legislature further acknowledges that all its citizens eventually pay the high price of illegal substance abuse by way of decreased productivity in the work place, and higher costs for goods and services throughout the state's economic apparatus. The elderly, in particular, are especially affected by crimes of violence perpetrated by drug abusers who murder and rob to support their drug habit. Children, especially from lower income families, suffer unnecessarily from drug abuse when they go unfed, ill clothed, and without proper medical treatment because drug abusing adults in the household spend badly needed money for illegal substances. Many times the drug abusers deny themselves proper medical treatment to obtain illegal drugs, often becoming not only ill, but indigent as well. The legislature therefore believes that government has a compelling interest to insure, protect, and safeguard its citizens from the scourge of illegal drug abuse, whether in the classroom or the halls of government.

(2) Those persons entering into contracts with the state to provide goods and services, including such items as food services, construction of roads, and other public improvements, and goods and services provided could place in jeopardy the lives or livelihood of persons operating motor vehicles, eating at public state facilities or receiving other goods and services from such vendors. This would certainly involve a safety sensitive issue. Those persons receiving loans apply for the privilege of such award of taxpayer funds based upon claiming a special need for such assistance. It is in the state's best interest and a duty of the state to protect the taxpayers from waste, fraud, and corruption by determining if such persons receiving such funding are using the funds as stated in their applications. Additionally, children, the elderly, and others dependent on persons receiving such funds are in increased danger when drugs are present because of the violent nature of the drug environment. The state, therefore, has a higher duty to be sure its funds are not used to further the addiction of someone who has the responsibility over children, elderly, or others dependent on their care.

B. The commissioner of administration shall establish and administer a program for random drug testing for all persons who receive anything of economic value or receive funding from the state or an entity thereof, including but not limited, to all persons awarded state contracts to provide goods or services or loans from the state or an entity thereof.

C. The commissioner of administration shall promulgate rules and regulations for conducting a random drug testing program. The commissioner shall accomplish the actual operation of the drug testing program with the help, assistance, and support of all the agencies and departments of the state. When an agency, department, or other government entity has an operational drug testing program, that agency, department, or government entity shall randomly test all of those persons seeking contracts or loans.

D. The cost of testing persons subject to the provisions of this Section for the presence of illegal drugs shall be borne by the agency, department, or government entity that contracts with or grants a loan to the person being tested.

E. If the sample of a person tested subject to the provisions of this Section should indicate the presence of an illegal substance and

it is the first such indication of such an illegal substance, that person shall be subject to compliance with the terms of a rehabilitative treatment program approved by the commissioner of administration as a prerequisite to continuation of the contract or loan from the state or an entity thereof. The costs of such a rehabilitative treatment program will be paid by the person's health care insurer if that person has such coverage through said health care insurer. Otherwise, the costs of the treatment shall be borne by the person at his own expense. If the person is indigent, the program costs shall be borne by the agency requiring the drug testing and rehabilitative treatment.

F. If a person subject to the provisions of this Section refuses to comply with a test request or if the sample of a person tested subject to the provisions of this Section indicates the presence of an illegal substance and it is the second or subsequent indication of such an illegal presence or occurs during the rehabilitative treatment program, that person shall be subject to termination, removal, or loss of the contract or loan.

G. Any person subject to the provisions of this Section shall be deemed to have given consent to a chemical test or tests for the purpose of determining the presence in their body of any illegal substance as determined by the board. The commissioner of administration shall set the standards and rules and regulations governing all aspects of the testing and rehabilitative process."

HOUSE FLOOR AMENDMENTS

Amendments proposed by Representative Green to Engrossed House Bill No. 2435 by Representative Fontenot

AMENDMENT NO. 1

On page 3, after line 18 insert the following:

"Section 3. The mandatory drug testing program as provided by this Act shall be implemented by the secretary of the Department of Social Services on January 1, 1998.

Section 4. Sections 1 and 2 of this Act shall become effective if and when funds are allocated for the design and implementation of the mandatory drug testing program as required by Section 1 of this Act.

Section 5. Because the legislature finds and declares that questions of law may be raised by some persons with respect to the constitutionality of some of the provisions of this, the public welfare requires that such questions of law be resolved with expedition prior to such time as its provisions take effect in order to avoid disruption of the orderly implementation of its provisions. Therefore, the legislature finds that the remedy of declaratory judgment to determine the constitutionality of the provisions of this Act should be immediately made available in order to avoid confusion by the public. Therefore, any domiciliary of this state may institute an action in the Nineteenth Judicial District Court seeking a declaratory judgment to determine the constitutionality of the provisions of this Act. The attorney general shall be served with a copy of the proceeding and be entitled to be heard. In the interest of further expediting this procedure, the Nineteenth Judicial District Court, First Circuit Court of Appeal, and Louisiana Supreme Court are

urged to minimize all unnecessary delays and may suspend all applicable rules of court in contravention hereof and for this limited purpose.

Section 6. Sections 3, 4, 5, and 6 of this Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided in Article III, Section 18 of the Constitution of Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval."

On motion of Rep. Green, the amendments were adopted.

Rep. Fontenot moved the final passage of the bill, as amended.
