"PART XVI. PRISON LITIGATION REFORM ACT

§1181. Definitions

In this Part the terms enumerated have the following meanings:

(1) "Consent decree" means any relief entered by the court that is based in whole or in part upon the consent or acquiescence of the parties but does not include private settlements.

(2) "Civil action with respect to prison conditions" means any civil proceeding arising under state law with respect to the conditions of confinement or the effects of actions by government officials on the lives of persons confined in prison, but does not include habeas corpus proceedings challenging the fact or duration of confinement in prison.

(3) "Expert" means any person appointed by a court to exercise the powers of an expert, regardless of the title or description given by the court.

(4) "Prison" means any state or local jail, prison, or other correctional facility that incarcerates or detains juveniles or adults accused of, convicted of, sentenced for, or adjudicated delinquent for violations of criminal law.

(5) "Prisoner" means any person subject to incarceration, detention, or admission to any prison who is accused of, convicted of, sentenced for, or adjudicated delinquent for violations of criminal law or the terms and conditions of parole, probation, pretrial release, or a diversionary program."
(6) "Prisoner release order" includes any order, including a temporary restraining order or preliminary injunctive relief, that has the purpose or effect of reducing or limiting the prison population, or that directs the release of prisoners from or prohibits the admission of prisoners to a prison.

(7) "Private settlement agreement" means an agreement entered into among the parties that is not subject to judicial enforcement other than the reinstatement of the civil proceeding that the agreement settled.

(8) "Prospective relief" means all relief other than compensatory monetary damages.

(9) "Relief" means all relief in any form that may be granted or approved by the court, and includes consent decrees but does not include private settlement agreements.

§1182. Appropriate remedies with respect to prison conditions

A. Prospective relief in any civil action with respect to prison conditions shall extend no further than necessary to correct the violation of the state right of a particular plaintiff or plaintiffs. The court shall not grant or approve any prospective relief unless the court finds that such relief is narrowly drawn, extends no further than necessary to correct the violation of the state right, and is the least intrusive means necessary to correct the violation of the state right. The court shall give substantial weight to any adverse impact on public safety or the operation of a criminal justice system caused by the relief. The court shall not order any prospective relief that requires or permits a government official to exceed his or her authority under state or local law or otherwise violates state or local law unless state law permits such relief to be ordered, and the relief is necessary to correct the violation of a state right, and no other relief will correct the violation of the state right. Nothing in this Section shall be construed to authorize the courts, in exercising their remedial powers, to order the construction of prisons or the raising of taxes, or to repeal or detract from otherwise applicable limitations on the remedial powers of the courts.

B. In any civil action with respect to prison conditions, to the extent otherwise authorized by law, the court may enter a temporary restraining order or an order for preliminary injunctive relief. Preliminary injunctive relief must be narrowly drawn, extend no further than necessary to correct the harm the court finds requires preliminary relief, and be the least intrusive means necessary to correct that harm. The court shall give substantial weight to any adverse impact on public safety or the operation of a criminal justice system caused by the preliminary relief. Preliminary injunctive relief shall automatically expire ninety days after its entry, unless the court makes the findings required under Subsection A for the entry of prospective relief and makes the order final before the expiration of the ninety-day period.

C. In any civil action with respect to prison conditions, no prisoner release order shall be entered unless a court has previously entered an order for less intrusive relief that has failed to remedy the violation of the state right sought to be remedied through the prisoner release order and the defendant has had a reasonable amount of time to comply with the previous court order.

D. Any state or local official or unit of government whose jurisdiction or function includes the appropriation of funds for the construction, operation, or maintenance of prison facilities, or the prosecution or custody of persons who may be released from, or not admitted to, a prison as a result of a prisoner release order shall have standing to oppose the imposition or continuation in effect of such relief and to seek termination of such relief, and shall have the right to intervene in any proceeding relating to such relief.

E.(1) In any civil action with respect to prison conditions in which prospective relief is ordered, such relief shall be terminable upon the motion of any party or intervener two years after the date the court granted or approved the prospective relief, or one year after the date the court has entered an order denying termination of prospective relief under this Section, or, in the case of an order issued on or before the effective date of this Part, two years after such date.

(2) In any civil action with respect to prison conditions, a defendant or intervener shall be entitled to the immediate termination of any prospective relief if the relief was approved or granted in the absence of a finding by the court that the relief was narrowly drawn, extended no further than necessary to correct the violation of the state right, and was the least intrusive means necessary to correct the violation of the state right.

(3) Prospective relief shall not terminate if the court makes written findings based on the record that prospective relief remains necessary to correct a current or ongoing violation of the state right and that the prospective relief is narrowly drawn, extends no further than necessary to correct the violation of the state right, and is the least intrusive means to correct the violation.

(4) Nothing in this Section shall prevent any party or intervener from seeking modification or termination before the relief is terminable under this Subsection, to the extent that modification or termination would otherwise be legally permissible.

F. In any civil action with respect to prison conditions, the court shall not enter or approve a consent decree unless it complies with the limitations on relief set forth in Subsection A. Nothing in this Section shall preclude parties from entering into a private settlement agreement that does not comply with the limitations on relief set forth in Subsection A, if the terms of that agreement are not subject to court enforcement other than the reinstatement of the civil proceeding that the agreement settled.

G. The court shall promptly rule on any motion to modify or terminate prospective relief in a civil action with respect to prison conditions. Any prospective relief subject to a pending motion shall be automatically stayed during the period beginning on the thirteenth day after such motion is filed, in the case of a motion made under subsection L, or beginning on the one hundred eightieth day after such motion is filed, in the case of a motion made under any other law, and ending on the date the court enters a final order ruling on the motion.

§1183. Experts

A. In any civil action with respect to prison conditions, the court may appoint an expert who shall be disinterested and objective and will give due regard to the public safety. If the court determines that the appointment of an expert is necessary, the court shall request that the defendant and the plaintiff each submit a list of no more than five persons to serve as an expert. Each party shall have the opportunity to remove up to three persons from the opposing party's list. The court shall select the expert from the persons remaining on the list after all names have been removed. Any party shall have the right to an interlocutory appeal of the judge's selection of the expert under this Section on the ground of partiality.

B. An expert appointed under this Section may be authorized to conduct hearings and prepare proposed findings of fact on the record and may assist in the development of remedial plans. The expert shall not make any findings or communications ex parte. An
expert may be appointed during the remedial phase of a civil action with respect to prison conditions only upon a finding that the remedial phase will be sufficiently complex to warrant such appointment.

C. In any civil action with respect to prison conditions in which an expert is appointed under this Section, the court shall review the appointment of the expert every six months to determine whether the services of the expert continue to be required. The expert may be removed at any time. In no event shall the appointment of an expert extend beyond the termination of the relief.

D. Notwithstanding any other law to the contrary, the compensation to be allowed to an expert shall not be greater than the hourly rate established for payment of court-appointed counsel, plus costs reasonably incurred by the expert. Such compensation and costs shall be paid with funds available to the court.

§1184. Suits by prisoners

A. No action shall be brought with respect to prison conditions by a prisoner confined in any prison until such administrative remedies as are available are exhausted.

B. The court, on its own motion or on the motion of a party, shall dismiss any action brought with respect to prison conditions by a prisoner confined in any prison if the court is satisfied that the action is frivolous, is malicious, fails to state a cause of action, or seeks monetary relief from a defendant who is immune from such relief. If a claim, on its face, is frivolous, is malicious, fails to state a cause of action, or seeks monetary relief from a defendant who is immune from such relief, the court may dismiss the underlying claim without first requiring the exhaustion of administrative remedies.

C. Any defendant may waive the right to reply to any action brought by a prisoner confined in any prison. Notwithstanding any other law or rule of procedure, such waiver shall not constitute an admission of the allegations contained in the petition. No relief shall be granted to the plaintiff unless an answer has been filed. The court may require any defendant to answer a petition brought under this Section if it finds that the plaintiff has a reasonable opportunity to prevail on the merits.

D. To the extent practicable, in any action brought with respect to prison conditions pursuant to the provisions of this Section, or any other law, by a prisoner confined in any prison, pretrial proceedings in which the prisoner's participation is required or permitted shall be conducted by telephone, video conference, or other communications technology without removing the prisoner from the facility in which he is confined. Subject to agreement by the state or local entity of government with custody over the prisoner, hearings may be conducted at the facility in which the prisoner is confined. To the extent practicable, the court shall allow counsel to participate by telephone, video conference, or other telecommunications technology in any hearing held at the facility.

E. No civil action may be brought by a prisoner confined in any prison for mental or emotional injury suffered while in custody without a prior showing of physical injury.

§1185. Attorney fees

A. In any action brought by a prisoner who is confined in any prison in which attorney fees are authorized, such fees shall not be awarded except to the extent that the fee was directly and reasonably incurred in proving an actual violation of the plaintiff's rights protected by a statute pursuant to which a fee may be awarded, and the amount of the fee is proportionately related to the court-ordered relief for the violation or the fee was directly and reasonably incurred in enforcing the relief ordered for the violation.

B. Whenever a monetary judgment is awarded in an action described in Subsection A, a portion of the judgment, not to exceed twenty-five percent, shall be applied to satisfy the amount of attorney fees awarded against the defendant. If the award of attorney fees is not greater than one hundred fifty percent of the judgment, the excess shall be paid by the defendant. No award of attorney fees in an action shall be based on an hourly rate greater than the hourly rate established for payment of court-appointed counsel.

C. Nothing in this Section shall prohibit a prisoner from entering into an agreement to pay an attorney fee in an amount greater than the amount authorized under this Section, if the fee is paid by the individual rather than by the defendant.

$1186. Proceedings in forma paupers

A.(1) A prisoner seeking to bring a civil action or appeal a judgment in a civil action or proceeding without prepayment of fees or security therefor must comply with all requirements for proceeding in forma paupers and shall submit a certified copy of the trust fund account statement or institutional equivalent for the six-month period immediately preceding the filing of the petition or notice of appeal, obtained from the appropriate official of each prison at which the prisoner is or was confined.

(2) If a prisoner brings a civil action or files an appeal in forma paupers, the prisoner shall be required to pay the full amount of a filing fee. The court shall assess and, when funds exist, collect, as a partial payment of any court fees required by law, an initial partial filing fee of twenty percent of the greater of the average monthly deposits to the prisoner's account, or the average monthly balance in the prisoner's account for the six-month period immediately preceding the filing of the petition or notice of appeal.

B. After payment of the initial partial filing fee, the prisoner shall be required to make monthly payments of twenty percent of the preceding month's income credited to the prisoner's account. The agency having custody of the prisoner shall forward payments from the prisoner's account to the clerk of the court each time the amount in the account exceeds ten dollars until the filing fees are paid. In no event shall a prisoner be prohibited from bringing a civil action or appealing a civil or criminal judgment for the reason that the prisoner has no assets and no means by which to pay the initial partial filing fee. In no event shall the filing fee collected exceed the amount of fees permitted by statute for the commencement of a civil action or an appeal of a civil action or criminal judgment.

C. Notwithstanding any filing fee, or any portion thereof, that may have been paid, the court shall dismiss the case at any time if the court determines that the allegation of poverty is untrue, or the action or appeal is frivolous or malicious, fails to state a cause of action, or seeks monetary relief against a defendant who is immune from such relief.

D. If the judgment against a prisoner includes the payment of costs, the prisoner shall be required to pay the full amount of the costs ordered and in the same manner as is provided for filing fees. In no event shall the costs collected exceed the amount of the costs ordered by the court.

E. In actions to which this Chapter applies, the provisions of this Section, to the extent of any conflict with those of Code of Civil
Procedure Article 5181 et seq., apply to the payment of filing fees and costs.

§1187. Successive claims

In no event shall a prisoner bring a civil action or appeal a judgment in a civil action or proceeding under this Part if the prisoner has, on three or more prior occasions while incarcerated or detained in any facility, brought an action or appeal in a state court that was dismissed on the grounds that it was frivolous or malicious, or failed to state a cause of action, unless the prisoner is under imminent danger of serious physical injury.

§1188. Judicial screening

The court shall review, before docketing if feasible or, in any event, as soon as practicable after docketing, a petition in a civil action in which a prisoner seeks redress from a governmental entity or officer or employee of a governmental entity. On review, the court shall identify cognizable claims or dismiss the petition, or any portion of the petition, if the petition is frivolous, is malicious, fails to state a cause of action, or seeks monetary relief from a defendant who is immune from such relief.

§1189. Payment of damage award in satisfaction of pending restitution orders

Any compensatory damages awarded to a prisoner in connection with a civil action brought against any prison or against any official or agent of such prison shall be paid directly to satisfy any outstanding restitution orders pending against the prisoner. The remainder of any such award after full payment of all pending restitution orders shall be forwarded to the prisoner. Prior to payment of any compensatory damages awarded under this Part, reasonable efforts shall be made to notify the victims of the crime for which the prisoner was convicted and incarcerated concerning the pending payment of any such compensatory damages.

§1190. Earned release credit or good time credit revocation

In any civil action brought by any person convicted of a crime and confined in a prison, the court may order the revocation of such earned good time credit that has not yet been vested, if, on its own motion or the motion of any party, the court finds that the claim was filed for a malicious purpose, the claim was filed solely to harass the party against which it was filed, or the claimant testifies falsely or otherwise knowingly presents false evidence or information to the court.

§3233. South Louisiana Community College; creation, management, and operation

A. Pursuant to the duty and responsibility placed with the legislature by Article VIII, Section 1 of the Constitution of Louisiana to establish and maintain a public educational system and the authority granted the legislature by Article VIII, Section 5(D)(3) to create a new institution by law enacted by two-thirds of the elected members of each house, the South Louisiana Community College in Lafayette Parish is hereby created and established as a comprehensive, multi-campus, public two-year institution of higher education. The institution and its programs shall be managed and supervised by the Board of Trustees for State Colleges and Universities, subject to the appropriate approval of and oversight by the Board of Regents.

B. The Board of Regents and the Board of Trustees for State Colleges and Universities shall adopt necessary rules and regulations to implement the provisions of this Section. Such rules and regulations shall include but not be limited to the following guidelines, procedures, and requirements:

1. The institution and its programs shall be developed to be operational and ready to begin providing instructional services to students no later than the start of the 1999-2000 academic year.

2. The primary service delivery area of the community college shall be comprised of the parishes of Acadia, Evangeline, Iberia, Lafayette, St. Landry, St. Martin, St. Mary, and Vermilion. Campus or sites may be established in each of these parishes using public technical college facilities whenever possible. The institution shall be domiciled in Lafayette Parish. T. H. Harris Technical College in Opelousas shall serve as the site for the college campus in St. Landry Parish. If space is available, the technical college in each parish shall be the primary site for the vocational component of the community college. If space is available, the academic component may be offered at the technical college site in each parish. Where the primary service delivery area overlaps with the service area developed by the Board of Regents for Louisiana State University at Eunice, the Board of Trustees for State Colleges and Universities shall work in close cooperation with the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College, officials at Louisiana State University at Eunice, and the Board of Regents to avoid unnecessary duplication of programs and services.

3. The institution and its programs shall be developed to assure the delivery of coordinated and articulated educational services in each parish comprising the primary service delivery area.

4. The institution and its programs shall be developed in a manner that maximizes the use of existing state and local resources and facilities in each parish comprising the college's primary service delivery area. This may include entering into cooperative service agreements, or contracts, or both, with other public education institutions and facilities in each parish comprising the institution's primary service delivery area, including public secondary schools, technical colleges, and higher education institutions, to provide for credentialed faculty and instructional services from qualified persons, the use of classroom and laboratory facilities, and library resources. The institution shall be established with adequate facilities, resources, services, and programs to meet accreditation requirements. Additionally, it is the intention of the legislature that programs and services of the community college involving occupational, career, and vocational-technical education be provided through cooperative agreements with existing public vocational-technical education facilities within the primary service delivery area to the extent that such existing facilities can efficiently and effectively meet the needs of the community college.

5. Tuition and fees applicable to students enrolled at the institution shall not exceed the median amounts of such tuition and fees applicable to students at other public two-year institutions of higher education in the state.

C. The Board of Trustees for State Colleges and Universities may appoint an advisory board made up of two members of the State Board of Elementary and Secondary Education who reside in the South Louisiana Community College primary service delivery area, two members of the Board of Trustees for State Colleges and Universities, and local community representatives from business and labor. The University of Louisiana system president, the state superintendent of education, the commissioner of higher education, and the president of South Louisiana Community College shall serve as ex officio members.

D. The Board of Trustees for State Colleges and Universities and the Board of Regents shall work closely with the Commission on Colleges of the Southern Association of Colleges and Schools for accreditation. The institution shall be structured so as to fully satisfy all requirements of the Southern Association of Colleges and Schools to assure accreditation.
Section 2. This Act shall become effective on July 1, 1997; if vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on July 1, 1997; or on the day following such approval by the legislature, whichever is later."
