* * *

(5)

* * *

(c)(i) The limitations on the computation of average compensation in this Paragraph shall not apply to any of the twelve-month periods where compensation increased by more than ten percent over the previous twelve-month period solely because of an increase in compensation by legislative act, by city/parish systemwide salary increase, or by a systemwide increase at a college or university.

(ii) Any active member or retiree whose average compensation includes or would include earnable compensation received between June 30, 1995 and June 30, 1997, as the result of a legislative act, a city/parish systemwide salary increase, or a systemwide increase at a college or university shall have his average compensation calculated without regard to the limitations on the computation of average compensation imposed in this Paragraph for that period. The provisions of this Item shall only apply to any such member or retiree whose employer filed with this system on or before July 1, 1998, a written request or application for coverage under this Subparagraph.

(iii) Any retiree covered by Item (ii) of this Subparagraph, whose benefits are based, or by reason of Item (ii) of this Subparagraph would be based, on a calculation of average compensation which includes earnable compensation between June 30, 1995 and June 30, 1997, shall have his benefits recalculated in accordance with this Subparagraph and, if an increase in benefits results, the retiree shall be paid such an amount to restore any prior benefits that would have been paid if the benefits had originally been calculated in accordance with this Subparagraph.

* * *

(6)(a) "Beneficiary" means any person who is designated to receive, or who is in receipt of a pension, an annuity, a retirement allowance or other benefit provided in this Part.

A redesignated beneficiary shall only be eligible to receive, on the death of the member, a lump sum benefit payment equal to the actuarial present value of the benefits that would have been paid to the originally designated beneficiary, based on the projected life expectancy of the originally designated beneficiary. The amount of the benefit paid to the retiree and the redesignated beneficiary shall be calculated with all actuarial assumptions necessary, such that the redesignation of the beneficiary shall result in an actuarially neutral transaction. The provisions of this Subparagraph shall apply to all

provisions of law set forth in this Chapter which authorize the redesignation of a beneficiary, and specifically including R.S. 11:783.

(b) The amount of the benefit paid to the retiree and the redesignated beneficiary shall be calculated with all actuarial assumptions necessary, such that the redesignation of the beneficiary shall result in an actuarially neutral transaction.

(2) The retiree shall be required to reimburse the system, by way of a one-time deduction from the retiree's next benefit check, the reasonable costs incurred by the system to have these calculations made.
