D. All unexpended and unencumbered monies in the fund at the end of any fiscal year shall remain in the fund. The monies in the fund shall be invested by the treasurer in the same manner as the monies in the state general fund, and all interest earned shall be deposited into the fund.

As used in this Chapter, the following words and phrases have the meaning ascribed to them in this Section unless a different meaning is plainly required by the context:

(5) [List of definitions]

(c)(i) The limitations on the computation of average compensation in this Paragraph shall not apply to any of the twelve-month periods where compensation increased by more than ten percent over the previous twelve-month period solely because of an increase in compensation by legislative act, by city/parish systemwide salary increase, or by a systemwide increase at a college or university.

(ii) Any active member or retiree whose average compensation includes or would include earnable compensation received between June 30, 1995 and June 30, 1997, as the result of a legislative act, a city/parish systemwide salary increase, or a systemwide increase at a college or university shall have his average compensation calculated without regard to the limitations on the computation of average compensation imposed in this Paragraph for that period. The provisions of this Item shall only apply to any such member or retiree whose employer filed with this system on or before July 1, 1998, a written request or application for coverage under this Subparagraph.

(iii) Any retiree covered by Item (ii) of this Subparagraph, whose benefits are based, or by reason of Item (ii) of this Subparagraph would be based, on a calculation of average compensation which includes earnable compensation between June 30, 1995 and June 30, 1997, shall have his benefits recalculated in accordance with this Paragraph and, if an increase in benefits results, the retiree shall be paid such an amount to restore any prior benefits that would have been paid if the benefits had originally been calculated in accordance with this Subparagraph.

(6)(a) "Beneficiary" means any person who is designated to receive, or who is in receipt of a pension, an annuity, a retirement allowance or other benefit provided in this Part.

(b) Except as otherwise provided by law, a retiree who has begun to receive benefits shall be eligible to rescind his originally designated beneficiary and redesignate a new beneficiary in place thereof. A redesignated beneficiary shall only be eligible to receive, on the death of the member, a lump sum benefit payment equal to the actuarial present value of the benefits that would have been paid to the originally designated beneficiary, based on the projected life expectancy of the originally designated beneficiary. The amount of the benefit paid to the retiree and the redesignated beneficiary shall be calculated with all actuarial assumptions necessary, such that the redesignation of the beneficiary shall result in an actuarially neutral transaction. The provisions of this Subparagraph shall apply to all
provisions of law set forth in this Chapter which authorize the redesignation of a beneficiary, and specifically including R.S. 11:783.

§783. Selection of option for method of payment after death of member

A. No optional election shall be effective when a retiree or participant in the Deferred Retirement Option Plan dies within thirty days after the effective date of retirement or the effective date of participation in the Deferred Retirement Option Plan, and such a retiree or participant in the Deferred Retirement Option Plan shall be considered as an active member at the time of death. Upon retirement or participation in the Deferred Retirement Option Plan any member may make an election which is irrevocable after the effective date of retirement or the effective date of participation in the Deferred Retirement Option Plan to receive his benefit in a retirement allowance payable throughout life, or he may make an election which is irrevocable after the effective date of retirement or the effective date of participation in the Deferred Retirement Option Plan to receive the actuarial equivalent of his retirement allowance in a reduced retirement allowance payable throughout life with the provisions that:

Option 1. If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to his legal representatives or to any natural person(s) he shall designate in a written instrument acknowledged and filed with the board of trustees.

Option 2. Upon his death, his reduced retirement allowance shall be continued throughout the life of and paid to a natural person he shall irrevocably designate in a written instrument acknowledged and filed with the board of trustees at the time the election is made; or

Option 2A. Upon his death, his reduced retirement allowance shall be continued throughout the life of and paid to a natural person he shall irrevocably designate in a written instrument acknowledged and filed with the board of trustees at the time the election is made, provided that if the designated beneficiary predeceases the retiree, the retiree's reduced benefit shall change to the maximum benefit effective on the first day of the next month following the death of the designated beneficiary.

Option 3. Upon his death, one-half of his reduced retirement allowance shall be continued throughout the life of and paid to a natural person he shall irrevocably designate in a written instrument acknowledged and filed with the board of trustees at the time the election is made; or

Option 3A. Upon his death, one-half of his reduced retirement allowance shall be continued throughout the life of and paid to a natural person he shall irrevocably designate in a written instrument acknowledged and filed with the board of trustees at that time the election is made, provided that if the designated beneficiary predeceases the retiree, the retiree's reduced benefit shall change to the maximum benefit effective on the first day of the next month following the death of the designated beneficiary.

Option 4. Upon his death, some other benefit which shall not exceed the Option 2 benefit amount, designated by him at the time the election is made shall be paid throughout the life of and to a natural person he shall irrevocably designate in a written instrument acknowledged and filed with the board of trustees at the time the election is made, provided, such other benefit, together with the reduced retirement allowance shall be certified by the actuary to be of equivalent actuarial value to his retirement allowance, and approved by the board of trustees; or

Option 4A. Upon his death, some other benefit which shall not exceed the Option 2 benefit amount, designated by him at the time the election is made shall be paid throughout the life of and to a natural person he shall irrevocably designate in a written instrument acknowledged and filed with the board of trustees at the time the election is made, provided such other benefit, together with the reduced retirement allowance, shall be certified by the actuary to be of equivalent actuarial value to his retirement allowance, and approved by the board of trustees, provided that if the designated beneficiary predeceases the retiree, the retiree's reduced benefit shall change to the maximum benefit effective on the first day of the next month following the death of the designated beneficiary.

Option 5. If a member has not participated in the Deferred Retirement Option Plan provided by the provisions of this Chapter and if the maximum benefit, Option 2, 2A, 3, 3A, 4, or 4A above is chosen, then a reduced retirement allowance plus an initial benefit shall be paid to the member, provided the initial benefit, together with the reduced retirement allowance, shall be certified by the actuary to be actuarially equivalent to the member's maximum or optional retirement allowance and shall be approved by the board of trustees. The amount of the initial benefit, as determined by the member, shall not exceed an amount equal to the member's maximum optional retirement allowance times thirty-six and shall, at the option of the member, be paid in accordance with plan provisions under R.S. 11:788, or as a lump-sum payment. If a member chooses Option 5, he shall be governed by the reemployment after termination provisions of R.S. 11:791. The amount of the initial benefit shall be placed in an account in accordance with R.S. 11:788 and interest will be paid on any balance in the account in accordance with R.S. 11:788. Cost-of-living adjustments granted by the board of trustees to retirees who select Option 5 shall be computed on the basis of each retiree's regular monthly retirement benefit or on the basis of each beneficiary/survivor's benefit based on the option selected as reduced and shall not be computed on the initial benefit received either as a lump-sum or paid pursuant to R.S. 11:789(A)(1).

* * *

D.(1)a) If Option 2, 2A, 3, 3A, 4, 4A, or 5 of Subsection A of this Section was selected, and the retiree's spouse was designated as the beneficiary, and a judgment of divorce is rendered with respect to the retiree and the spouse, and, in connection therewith, the spouse, irrevocably, by court order, relinquishes the spouse's survivorship rights under the option originally selected by the retiree, the spouse's selected option shall be considered revoked and the spouse shall be considered as retired under the maximum benefit, subject to reduction as hereinafter set forth, and without affecting the retiree shall have the right to select an option under which the retiree could designate a new beneficiary, and the benefits payable to the retiree shall be increased to the amount the retiree would have received had the retiree selected the maximum benefit, adjusted for any cost-of-living increase granted to the retiree, less any amount required as a result of such change in retirement status to render the new benefit to be the actuarial equivalent of the maximum benefit.

(b) The amount of the benefit paid to the retiree and the redesignated beneficiary shall be calculated with all actuarial assumptions necessary, such that the redesignation of the beneficiary shall result in an actuarially neutral transaction.

AMENDMENT NO. 7

On page 2, after line 13, add:

"Section 2. The remedial provision of R.S. 11:701(5)(c) as set forth in Section 1 of this Act is deemed necessary as a result of the enactment of Act No. 577 of the 1995 Regular Session amending R.S. 11:701(5)(c) which gave rise to inconsistent interpretations of the term "uniform" as set forth therein and the subsequent removal of the term "uniform" by the enactment of Act No. 1353 of the 1997 Regular Session. Accordingly, the provisions of R.S. 11:701(5)(c) shall have retroactive application to July 1, 1995."

Section 3. This Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided in Article III, Section 18 of the Constitution of Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval."

On motion of Rep. Downer, the amendments were adopted.

Rep. Stelly moved the final passage of the bill, as amended.
