Payable out of Federal Funds to qualifying health care providers who certify expenditures of public funds that are eligible for Medicaid reimbursement \$ 16,210,526

Prior to making any payments to qualifying health care providers pursuant to this appropriation, the Department of Health and Hospitals, hereinafter the "department", shall implement a procedure to receive from such qualifying health care providers transfers of public funds that, pursuant to federal and state law and applicable rules and regulations, qualify as the state's matching share for purposes of claiming federal financial participation for Medicaid expenditures. To induce and accomplish such transfers, the department shall enter into cooperative endeavor agreements with each qualifying medical provider, under which the provider shall certify expenditures that qualify for Medicaid reimbursement, and the department shall pay the federal matching share of certified expenditures made on behalf of Medicaid eligible persons for services eligible for Medicaid reimbursement. Such agreements shall allow qualifying health care providers who participate to retain not more than five percent of payments made for such certified expenditures.

Provided that the procedure implemented by the department shall not affect the method for calculating Uncompensated Care Costs payments or reduce the amount of such payments made to small rural hospitals pursuant to R.S. 40:1300.144, or any other law or rule affecting such payments, nor shall it reduce Medicaid payments to any other provider who received federal funds for certified expenditures prior to June 30, 2000.

Provided that the secretary of the Department of Health and Hospitals shall, by October 1, 2000, present for the review and approval of the Joint Legislative Committee on the Budget a detailed plan for the implementation of the cooperative agreements, payments, and transfers provided for herein.

Section 18. It is hereby declared that the intention of the legislature in enacting Act 897 of the 1999 Regular Session of the Legislature of Louisiana was to make certain purely technical changes to various provisions of law and, particularly, to R.S. 47:481. Act 897 inadvertently provided that certain funds which had been credited to the State General Fund instead be credited to the Transportation Trust Fund. In recognizing the legislative intent in enacting said Act 897 and in order to avoid a deficit for Fiscal Year 1999-2000 and ameliorate the loss of monies which are available for appropriation for Fiscal Year 2000-2001, the governor is hereby authorized to direct the commissioner of administration and the state treasurer to deposit in and credit to the State General Fund any monies which were or will be credited to the Transportation Trust Fund by virtue of R.S. 47:481 as amended by Act 897 of the 1999 Regular Session of the Legislature of Louisiana. Notwithstanding the provisions of R.S. 47:481 as amended by said Act 897, any reference in R.S. 47:481 to the Transportation Trust Fund shall be deemed and construed to mean the State General Fund. The state treasurer is hereby directed to do all things necessary to implement the provisions of this Section.

Section 19. The provisions of Sections 18 and 19 of this Act shall become effective on signature of the governor or upon the lapse of time for gubernatorial action. All other Sections of this Act shall become effective on July 1, 2000."
