1. Forty percent of his average compensation; or

2. The amount that he would have received under the regular disability provisions of the primary component, except the accrual rate of the secondary component shall apply to the member's eligible earned service credit.

C. The procedures that apply to members of the primary component when applying for disability benefits as a result of an injury which occurred in the line of duty, the procedures for certifying the continuing eligibility for such benefits, the authority of the board of trustees to modify such benefits, and the procedures governing the restoration to active service of a formerly disabled employee, all as provided in the primary component, shall also be applicable to members of the secondary component.

D. If a member's disability occurs for reasons other than in the performance of his duties, then the member shall be entitled to the same rights and benefits to which he would have been entitled if he had been a member of the primary component, except the accrual rate of the secondary component shall apply to the member's eligible earned service credit.

§604. Survivor's benefit for members killed in the line of duty

A. If a member's death occurs in the line of duty or is a direct result of an injury sustained while in the line of duty, then survivor benefits shall be payable to qualified survivors as provided for in this Section, except that a survivor shall be eligible for benefits under this Section without regard to the amount of time that the surviving spouse was married to the deceased officer and without regard to the amount of time that the deceased officer was a member of this system. This

(2) Notwithstanding any other provision of law to the contrary, and specifically the provisions of the primary component, the retirement of public safety employees shall be governed by the provisions of the secondary component provided that, with respect to matters not specifically covered by the provisions of the secondary component, the applicable provisions of the primary component shall prevail.
The benefit is only payable if the injury or injuries were sustained while on active duty status.

B. When there is a surviving minor, handicapped, or mentally incapacitated child or children, the amount of the total benefit shall equal:

(1) Seventy-five percent of the member's average compensation if the member had twenty-five or more years of service credit.

(2) Sixty percent of the member's average compensation if the member had less than twenty-five years of service credit.

C. When there is a surviving spouse and no surviving child or children, the total benefit shall equal:

(1) Seventy-five percent of the member's average compensation if the member had twenty-five or more years of service credit.

(2) Sixty percent of the member's average compensation if the member had less than twenty-five years of service credit.

D. If there is a surviving spouse and a surviving child or children, one-third of the benefit shall be designated to the spouse and two-thirds shall be designated to the minor, handicapped, or mentally incapacitated child or children.

E. The surviving spouse or children of any member whose death occurs other than in the performance of his duties shall have the same pension rights as provided for survivors of members of the primary component.

§605. Transfer of other service credit

A. Any member of the primary component who would otherwise be eligible for benefits from the secondary component, except that he was employed prior to January 1, 2002, shall have the right to irrevocably elect to become a member of the secondary component by submitting an application to the board of trustees in the same manner as members who transfer from another retirement system.

B.(1) Any member who elects to transfer from the primary component to the secondary component pursuant to Subsection A of this Section shall have the option of transferring his service credit on an actuarial basis as if he was transferring service from another retirement system in accordance with R.S. 11:143 or he shall be given the option to transfer the service credit at the accrual rate earned in the primary component prior to the transfer and, thereafter, to begin earning the accrual rate and contributing at the employee contribution rate established for the secondary component, but only applicable to the years credited to his account after the transfer.

(2)(a) Anyone who becomes a member of the secondary component, whether or not by actuarial transfer, shall be eligible to retire pursuant to the provisions of R.S. 11:602, if he is otherwise eligible, and based on the service credit acquired. However, the retirement benefit will be calculated on the applicable accrual rate if the service credit is not actuarially transferred.

(b) A member shall be eligible to upgrade any service credit that was not actuarially transferred by paying the actuarial cost to upgrade any such service credit to the accrual rate established in the secondary component anytime prior to submitting an application to retire.

C. An employee who would otherwise be eligible to become a member of the secondary component by virtue of accepting a position which would otherwise qualify him for such membership after January 1, 2002, may irrevocably elect, in writing, not to participate in the secondary component as a result of the employee having service credit in the primary component or another state or statewide system. The employee may only elect to remain a member of that system in which he has existing service credit.

§606. Deferred Retirement Option Plan participation

A. A member cannot transfer into the secondary component while participating in the Deferred Retirement Option Plan, but must complete his participation in the Deferred Retirement Option Plan under the conditions existing at the time he commenced his Deferred Retirement Option Plan participation and will not have the option to upgrade any service that was credited to his account prior to his commencement of participation in the Deferred Retirement Option Plan.

B.(1) If the member terminates his participation in the Deferred Retirement Option Plan on or after January 1, 2002, then his supplemental benefit shall accrue at the rate established in the secondary component at the employee contribution rate established for members of the secondary component.

(2) If a member has completed his participation in the Deferred Retirement Option Plan prior to January 1, 2002, then that member will have the same option that a member has under R.S. 11:605, but only as to the service credited to his account after his participation in the Deferred Retirement Option Plan. No service that was credited to a member's account prior to the commencement of his participation in the Deferred Retirement Option Plan can be upgraded under the provisions of this Subpart.

Section 2. The provisions of R.S. 11:62(5)(b), 444(A), 565, and Subpart C of Part VII of Chapter 1 of Subtitle II of Title 11 of the Louisiana Revised Statutes of 1950, which is comprised of R.S. 11:601 through 606, all as set forth in Section 1 of this Act, shall become effective on December 31, 2001.”
