"(3) Regardless of the percentage assessed by the commission, an amount equal to seven-tenths of one percent of the gross direct premiums received in this state, in the preceding year, by insurers doing business in this state and subject to this Part, less returned premiums shall be deposited by the commission with the state treasurer to the account on behalf of the State Police Pension and Retirement System, the Sheriffs' Pension and Relief Fund, and Firefighters' Pension and Retirement System for the exclusive use of these retirement systems or funds; and allocated as follows:

(ii) One million five hundred thousand dollars of the twenty-five percent of the total assessment which is allocated for the purpose of mergers shall be expended first to fund the annual actuarial cost incurred by the State Police Pension and Retirement System with regard to implementation of the Act which originated as House Bill No. 49 of the 2001 Regular Session of the Legislature, and this one million five hundred thousand dollars shall be expended prior to the funding of any mergers.

(b)(1) First, the assessment shall be used for funding of mergers of local retirement systems with these statewide retirement systems, such mergers to be funded over a period of thirty years, unless the Public Retirement System's Actuarial Committee deems a shorter period appropriate. Such shorter period shall not use more than five percent of the total assessment in any one year, nor shall the aggregate of all mergers being funded in any one year use more than twenty-five percent of the total assessment in any one year.

(ii) Any funds that remain after the allocations provided for in Subparagraph (a) of this Paragraph shall be used as provided for in Item (ii) of this Subparagraph, in meeting the remaining portion of the actuarially required contributions after receipt of the employee contributions at the rate established in R.S. 11:62(3), (6), and (9), after receipt of the employer contributions at the rate established in R.S. 11:103(C), and after receipt of all dedicated funds and taxes referred to in R.S. 11:103(C)(2)(a), in the amounts determined by the Public Retirement System's Actuarial Committee. Second, the assessment shall be used for funding of mergers of local retirement systems or funds with these statewide retirement systems, such mergers to be funded over a period of thirty years, unless the Public Retirement System's Actuarial Committee deems a shorter period appropriate. Such shorter period shall not use more than five percent of the total assessment in any one year, nor shall the aggregate of all mergers being funded in any one year use more than twenty-five percent of the total assessment in any one year.

(ii)(aa) Any funds that remain after the allocations provided for in Subparagraph (3)(a) of this Paragraph shall be divided into three thirds and, then, a one-third portion shall be allocated separately to each of the three systems. Except as otherwise provided in this Item, each such system shall not receive a greater portion than one-third.

(bb) It is hereby acknowledged that any one system may not need the entire one-third portion that it receives each year to meet the remaining portion of its actuarially required contributions. In that event, any unused allocated funds shall be reallocated to such other system or systems of the three systems that have a need for additional funds to meet the remaining portion of the actuarially required contributions.

(cc) If one system does not need its total annual allocated portion, but two other systems do use their total annual allocated portions to meet the remaining portion of the actuarially required contributions and need additional funds for that purpose, then the unused allocated portion of the system that did not use its total annual allocated pension shall be divided equally between the two systems that need additional funds to meet the remaining portion of their actuarially required contributions, except that any funds not needed by either such system shall be reallocated to the other such system to meet the remaining portion of the actuarially required contributions.

(dd) Funds that are reallocated to a system pursuant to Subitem (bb) or (cc) of this Item shall be limited to the amount that is necessary to meet the remaining portion of the actuarially required contributions of the receiving system.

(C) The phrase "retirement system" or "system" as used in Paragraphs (3), (4), and (5) of this Subsection shall include the Sheriffs' Pension and Retirement Fund, as applicable, notwithstanding that it is technically a retirement fund and not a retirement system.

(4) After payment of the amounts established by the Public Retirement System's Actuarial Committee to the retirement systems as provided for in Paragraph (3) of this Subsection, all remaining funds shall be remitted to the state general fund.

* * * * * * *

Section 3.(A) The provisions of R.S. 11:1307(A) as set forth in Section 1 of this Act shall not be applicable to those persons who retired from or became beneficiaries of the Louisiana State Police Pension and Retirement System on or before June 30, 2001. The provisions of R.S. 11:1307(A) shall apply to any such person as R.S. 11:1307(A) was in effect at the time of such person's retirement.

(B)(1) However, notwithstanding any other provision of law to the contrary, with regard to any person who participated in the Deferred Retirement Option Plan on or before June 30, 2001, and who continued in employment after participation in the Deferred Retirement Option Plan without a break in service and who remains in such continuous employment on July 1, 2001, the monthly retirement benefit payable to such person shall be the sum of three and one-third percent, multiplied by his monthly average salary, and further multiplied by the years of service credited to his account prior to the effective date of his participation in the Deferred Retirement Option Plan, but his total annual benefit shall not exceed one hundred percent of his average annual salary.

(2)(a) Notwithstanding any other provision of law to the contrary and specifically the provisions of R.S. 11:1310, the phrase "average salary" as used in this Subparagraph for the purpose of computing the regular retirement benefit of any member who entered the Deferred Retirement Option Plan on or before June 30, 2001, and who remained in service for the twelve-month period of service occurring while a member of this system, but limited to the years of service which are attributable to twenty-five or more years of state trooper service.

(b) Any supplemental regular retirement benefit which is payable based on service which occurs after the member's termination of participation in the Deferred Retirement Option Plan shall be based on the greater of the average salary as determined in Subparagraph (a) of this Paragraph or the average salary including any pay or salary provided by the legislature in addition to that pay or salary that is set by either the Civil Service Commission or the State Police Civil Service Commission for any twelve-month period of service occurring while a member of this system, but limited to the years of service which are attributable to twenty-five or more years of state trooper service.
(c) For purposes of this Section, "state trooper service" shall not include any service credited to the member’s account based on the purchase of credit for military service or credit based on a transaction executed pursuant to R.S. 11:142, 143, or 158.

(d) For purposes of this Section, "average salary" shall not include overtime, expenses, clothing allowances, or any remuneration resulting from military service.

(3) Any member who is covered by the provisions of this Section and who is either participating in or who has terminated his participation in the Deferred Retirement Option Plan on or before July 1, 2001, shall not have the benefits that are either being credited to or have been credited to his Deferred Retirement Option Plan account recomputed. The Deferred Retirement Option Plan benefits that are either currently being credited to or have been credited to such member’s Deferred Retirement Option Plan account shall be the same as they were upon the member’s effective date of entry into the Deferred Retirement Option Plan.

(4) Any member whose regular or supplemental retirement benefits, or any combination of regular or supplemental retirement benefits, would be reduced because of the application of the provisions of the Act which originated as House Bill No. 495 of the 2001 Regular Session of the Legislature, shall receive the highest combination of any such benefits."

The above bill was taken up with the amendments proposed by the Senate.

**SENATE COMMITTEE AMENDMENTS**

Amendments proposed by Senate Committee on Revenue and Fiscal Affairs to Reengrossed House Bill No. 1391 by Representative Daniel

**AMENDMENT NO. 1**

On page 1, line 2, after "reenact" insert "R.S. 33:9109(C)(4) and 9126(F)," and after "(cc)(I)" delete the remainder of the line and insert ", (14)(i)(ii)(dd), (16)(d)(ii)."
nationwide standard numeric code. Such electronic database shall also provide the appropriate code for each street address with respect to political subdivisions that are not taxing jurisdictions when reasonably needed to determine the proper taxing jurisdiction. The nationwide standard numeric codes shall contain the same number of numeric digits with each digit or combination of digits referring to the same level of appropriate taxing jurisdiction throughout the United States using a format similar to FIPS 55-3 or other appropriate standard approved by the Federation of Tax Administrators and the Multistate Tax Commission, or their respective successors. Each address must be provided in standard postal format.

(bbb) The state or the designated database provider that provides or maintains the electronic database shall provide notice of the availability of the then current electronic database and any subsequent revisions thereof, by publication in the manner normally employed for the publication of informational tax, charge, or fee notices to taxpayers in the state.

(ccc) The home service provider using the data contained in the electronic database shall not be liable for any tax, charge, or fee liability that otherwise would be due solely as a result of any error or omission in the database provided by the state or designated database provider. If, subject to R.S. 47:301(14)(i)(ii)(bb)(X)(ff) and (ggg), the home service provider employs an enhanced zip code to assign each street address to a specific taxing jurisdiction for each level of taxing jurisdiction and exercises due diligence at each level of taxing jurisdiction to ensure that each such street address is assigned to the correct taxing jurisdiction. If an enhanced zip code overlaps boundaries of taxing jurisdictions of the same level, the home service provider must designate one specific jurisdiction within such enhanced zip code for use in taxing the activity for such enhanced zip code for each level of taxing jurisdiction.

(ddd) If neither the state nor designated database provider provides an electronic database, a home service provider shall not be liable for any tax, charge, or fee liability in the state that otherwise would be due solely as a result of any error or omission in the database provided by the state or designated database provider. If, subject to the provisions of R.S. 47:301(14)(i)(ii)(bb)(X)(ff) and (ggg), the home service provider employs an enhanced zip code to assign each street address to a specific taxing jurisdiction for each level of taxing jurisdiction and exercises due diligence at each level of taxing jurisdiction to ensure that each such street address is assigned to the correct taxing jurisdiction. If an enhanced zip code overlaps boundaries of taxing jurisdictions of the same level, the home service provider must designate one specific jurisdiction within such enhanced zip code for use in taxing the activity for such enhanced zip code for each level of taxing jurisdiction.

(eee) For purposes of R.S. 47:301(14)(i)(ii)(bb)(IV)(ddd), there is a rebuttable presumption that a home service provider has exercised due diligence if such home service provider demonstrates that it has expended reasonable resources to implement and maintain an appropriately detailed electronic database of street address assignments to taxing jurisdictions; implemented and maintained reasonable internal controls to promptly correct misassignments of street addresses to taxing jurisdictions; and used all reasonable obtainable and usable data pertaining to municipal annexations, incorporations, reorganizations and any other changes in jurisdictional boundaries that materially affect the accuracy of such database.

(V) "Enhanced zip code" means a United States postal zip code of 9 or more digits.
On page 2, line 21, at the beginning of the line, change "(III)" to "(VI)".

A mobile service is deemed to offer interconnected service even if the service allows subscribers to access the public switched network only during specified hours of the day, or if the service provides general access to points on the public switched network but also restricts access in certain limited ways. Interconnected service does not include any interface between a licensee's facilities and the public switched network exclusively for a licensee's internal control purposes.

(X) "Licensed service area" means the geographic area in which the home service provider is authorized by law or contract to provide mobile telecommunications service to the customer.
