To enact R.S. 37:930(G), relative to certified registered nurse anesthetists; to provide for administering anesthetic; and to provide for related matters.

The committee amendments were read as follows:

**HOUSE COMMITTEE AMENDMENTS**

Amendments proposed by House Committee on Health and Welfare to Original House Bill No. 1290 by Representative Townsend

AMENDMENT NO. 1

On page 1, line 8, after "G." and before "No" insert:

"(1) The Louisiana Legislature hereby finds that:

(a) Certified Registered Nurse Anesthetists (CRNAs) have been selecting and administering anesthesia in Louisiana and the United States for over one hundred years.

(b) The specialty of nurse anesthesia was established in the late 1800s as the first clinical nursing specialty.

(c) Nursing took the lead in formalizing anesthesia practice as a specialty and in providing for specialty education and credentialing in anesthesia practice. During World War I, nurse anesthetists trained both physicians and nurses to provide anesthesia services both at home and abroad.

(d) Nurse anesthetists alone provided the overwhelming majority of anesthetics up until World War II.

(e) Nurse anesthetists receive rigorous clinical and academic training, requiring a bachelor's degree from an accredited school of nursing and one year of professional nursing experience in an acute care setting prior to being considered for entrance to an accredited twenty-four to thirty-six month nurse anesthesia educational program.

(f) CRNAs administer the majority of anesthetics in Louisiana, and all of the anesthetics in many parts of the state.

(g) Multiple studies have demonstrated that CRNAs are safe, accessible, and cost-effective providers of anesthetics.

(h) CRNAs are critical providers of quality anesthesia services in the health care delivery system in this state.

(i) An adequate supply of CRNAs in Louisiana is vital to continued access to safe, cost-effective health care for the citizens of Louisiana.

(j) Anesthesiologist assistants (AAs) are not presently authorized to train or practice in Louisiana and are only recognized in eight states.

(k) Less than six hundred AAs exist in the United States while over 30,000 CRNAs are licensed and authorized to practice in every state in the United States.

(l) CRNAs receive a much higher level of education and training than do AAs.

(m) After thirty years of existence, only two AA schools exist in the United States while there are ninety-nine CRNA schools.

(n) CRNAs are trained and legally authorized to administer all types of anesthetics in all settings while AAs are limited by the type of anesthetics they can administer and the settings in which they are authorized to perform their services.

(2) It is hereby declared that CRNAs are an essential provider of safe, accessible, and cost-effective anesthesia care to the citizens of Louisiana. It is further declared that a sufficient supply of CRNAs in Louisiana is affected with the public interest. It is hereby declared to be the legislative intent to encourage a sufficient ongoing supply of CRNAs in this state and to discourage the creation and authorization of providers of anesthesia not otherwise presently trained and licensed to provide anesthesia. Specifically, it is the intent of the legislature to prevent the introduction of AAs into Louisiana until

such time that they are deemed to be viable providers of anesthesia services. The purpose of this Subsection is to carry out that policy in the public interest, providing for the repeal of any provision that provides otherwise.

(3)"

#### AMENDMENT NO. 2

On page 1, delete lines 10 through 20, and insert the following:

"Section 1. R.S. 40:2006.1 is hereby enacted to read as follows:

#### §2006.1. Fees for Medicare surveys

A. As used in this Section, the terms below shall mean the following:

(1) "CMS" means the Centers for Medicare and Medicaid Services or any successor agency within the United States Department of Health and Human Services charged with administering the Medicare program.

(2) "Initial Medicare survey" means the site visit conducted by the state survey department for the purpose of gathering information on a health care provider's level of compliance with Medicare

participation and other federal regulatory requirements. A survey is considered an initial Medicare survey if the survey is required in order for a health care provider to receive Medicare program payment for the first time as a type or class of health care provider or in order to receive Medicare reimbursement under a special Medicare payment methodology. The fact that a health care provider may avoid a survey by obtaining accreditation from a national accrediting body shall not affect a survey's status as an initial Medicare survey.

(3) "State survey budget" means the dollar amount that CMS will pay the state survey department in order to perform its functions as the state survey department during a federal fiscal year.

(4) "State survey department" means the Department of Health and Hospitals or its successor.

B. If the state survey department determines that the state survey budget is insufficient to perform all of the initial Medicare surveys it has been requested to perform for the federal fiscal year, or the state survey department has not received final budget appropriation for the state survey budget, the state survey department shall, upon the consent of the party requesting an initial Medicare survey, assess a fee for the initial Medicare survey. The fee shall be commensurate with the cost of performing the initial Medicare survey and shall range from five hundred fifty dollars to two thousand three hundred dollars based upon the provider type for which the initial Medicare survey is requested. Upon execution of a written agreement to pay the fee by the party requesting the initial Medicare survey and the state survey department, the state survey department shall schedule and conduct the initial Medicare survey. Upon determination that the final state survey budget appropriation is insufficient to conduct the requested initial Medicare survey, the state survey department shall transmit an invoice to the party that requested the initial Medicare survey. The invoiced amount shall be the fee agreed upon by the state survey department and the party that requested the initial Medicare survey. The party that requested the initial survey shall pay the invoice no later than June thirtieth of the state fiscal year in which the initial Medicare survey was performed.

C. If the state survey department determines that the state survey budget is insufficient to perform all of the initial Medicare surveys it has been requested to perform during the federal fiscal year or the state survey department has not received final budget appropriation for the state survey budget, the state survey department shall give priority to all initial Medicare surveys requested by a rural hospital as defined in the Rural Hospital Preservation Act. The order of initial Medicare surveys shall be determined on the basis of the order in which parties requesting initial Medicare surveys complete the application process.

D. Upon receipt of an application for a license from any person, partnership, corporation, unincorporated association, or any other legal entity that has made a request for an initial Medicare survey, under the circumstances in Subsection B of this Section, the state survey department shall make a determination of whether it has sufficient state funds to conduct an initial state licensure survey. In the event that the state survey department determines that it lacks sufficient state funds, upon the consent of the party requesting the initial state licensure survey, the state survey department shall assess a fee to defray the costs associated with such initial state licensure survey. The fee shall be commensurate with the cost of performing the initial state licensure survey and shall range from six hundred dollars to two thousand six hundred fifty dollars based upon the provider type for which the initial state is requested. Upon payment of the fee by the party requesting the initial state licensure survey, the state survey department shall schedule and conduct the initial state licensure survey."
