AMENDMENT NO. 4

On page 1, between lines 14 and 15, insert the following:

"(b)(i) The legislature finds the following:

(aa) Many pharmacies are in critical financial condition as a result of the implementation of Medicare Part D and from the uncompensated care that pharmacies provided to evacuees during the aftermath of Hurricanes Katrina and Rita.

(bb) Medicaid reimbursement rates for the dispensing fee component of prescription drugs have not been increased since 1994.

(cc) The enactment of the Deficit Reduction Act of 2005 will result in significantly reduced reimbursement rates for the ingredient cost of generic prescription drugs in the medical assistance program.

(dd) The Centers for Medicare and Medicaid Services (CMS) has issued guidance encouraging states to continue paying pharmacists more in dispensing fees to support state savings from greater use of generic prescription drugs.

(ee) Pharmacy is a vital link in the health care delivery system of the state and adequate access to prescription drugs, supplies, and pharmacist services for Louisiana citizens are in jeopardy.

(ii) The legislature further finds that the current Medicaid dispensing fee reimbursement rates are inadequate, that a reasonable dispensing fee is necessary to assure adequate access by Medicaid beneficiaries to prescription drugs, supplies, and pharmacist services, and that a rate of at least fifteen dollars per prescription on all prescription drugs for which a federal upper limit has been set or is set in the future, and at least ten dollars per prescription on all other prescription drugs would assure adequate access.

(iii) The legislature further finds that time is of the essence and that all steps necessary to implement the rate increase pursuant to Subparagraph (c) and (d) of this Paragraph be taken timely so that an increase in the Medicaid dispensing fee begins on January 1, 2007.

(c) The legislature recognizes that any change in the rate of reimbursement by the medical assistance program must be submitted to and approved or deemed approved by CMS in order to receive

federal matching funds. It is the intent of the legislature that the department shall submit to CMS for approval a state plan amendment reflective of the legislative findings in Items (B)(1)(b)(i) and (ii) of this Section and shall negotiate with CMS to obtain the reimbursement rates that assure adequate access to prescription drugs, supplies and pharmacist services in accordance with Item (B)(1)(b)(ii) of this Section.

(d) The department shall submit a state plan for increased pharmacy dispensing fees as soon as practical. Provided, however, no increase in the dispensing fee rate shall be implemented until CMS shall approve or deem approved a specific rate for pharmacy services, and subject to the conditions of Subparagraph (e) of this Paragraph.

(e) Upon CMS approving or deeming approved the state plan amendment, the Department of Health and Hospitals shall submit for approval by the commissioner of administration and the Joint Legislative Committee on the Budget a funding plan to implement the approved dispensing fee as of January 1, 2007. The funding plan shall include any funds appropriated or allocated by the legislature specifically for this purpose and the cost savings that accrue from implementation of AMP reimbursement rates mandated by CMS, as provided in House Bill No. 1 of the 2006 Regular Session of the Legislature. Provided, however, in the event that available funds are insufficient to fund the pharmacy dispensing fee as approved by CMS, the Department of Health and Hospitals shall submit its funding plan with a pharmacy dispensing fee that does not exceed the available funding."

Rep. Durand moved that the amendments proposed by the Senate be concurred in.
