(2) A permitted waste tire processing facility shall be eligible to receive paid a minimum of one dollar and fifty cents per twenty pounds of waste tire material that is recycled or that reaches end-market uses or per twenty pounds of whole waste tires marketed and shipped to a qualified recycler. This payment shall be conditioned on the facility providing to the department any documentation, including but not limited to manifests, statements, or certified scale-weight tickets, required by law or by rules and regulations promulgated by the department. The secretary shall not make payments from the fund or obligate the department to make payments from the fund to any waste tire processor having a standard permit when the request for payment was submitted. (b) All undisputed obligations owed to waste tire processors have been paid in full.

Any remaining undisputed obligations which would have been paid to waste tire processors but for the insufficiency of the Waste Tire Management Fund shall be paid from future surplus funds in the Waste Tire Management Fund as provided in Subparagraph (b) of this Paragraph.

Such surplus shall be processed for payment by the department within fifteen days after the end of the month in which the surplus arose.

(c) For purposes of this Section, “undisputed obligations” means those waste tire material payments which have been paid by the department to a waste tire processor since January 1, 2003, but which have not been paid due to the insufficiency of the Waste Tire Management Fund.

N. The secretary shall promulgate rules to make payments to processors on the basis of weight or tire count at the option of the processor. Payments to a waste tire processor, or any portion thereof, shall not be temporarily or permanently withheld or terminated prior to written notification by the department of the reasons for such withholding or termination to the processor by certified mail. §9033.4. Taxing district in Jefferson Parish

A. Creation. The governing authority of the parish of Jefferson is hereby authorized to create, by ordinance, a special taxing district and political subdivision of the state, referred to in this Section as the "district".

B. Boundaries. The district shall be comprised of the property bounded by Segnette Boulevard, Nicolle Boulevard, Highway 90, and the Westbank Expressway in Jefferson Parish.

C. Purpose. The district shall have as its purpose cooperative economic development between the parish of Jefferson, the Tournament Players Club of Louisiana, Inc., and the district, in order to provide for the following:

1. The operation, maintenance, upkeep, and capital improvements of the TPC of Louisiana Golf Course in Jefferson Parish, hereinafter in this Section the "golf course", as well as the fulfillment of any contractual obligations of the state relative to the golf course.

2. The utilization of sales tax increment financing and the use of sales tax increments for the costs and expenses associated with the operation, maintenance, upkeep, and capital improvements of the
golf course and the fulfillment of the state’s contractual obligations with respect to the golf course.

D. Governance. In order to provide for the orderly development of the district and effectuation of the purposes of the district, the district shall be administered and governed by a board of commissioners established by the ordinance creating the district.

E. Rights and powers. The district, acting by and through its board of commissioners, shall have and exercise all powers of a political subdivision and special taxing district necessary or convenient for the carrying out of its objects and purposes, including but not limited to the following:

1. To sue and to be sued.
2. To adopt bylaws and rules and regulations.
3. To receive by gift, grant, donation, or otherwise any sum of money, property, aid, or assistance from the United States, the state of Louisiana, or any political subdivision thereof, or any person, firm, or corporation.
4. For the public purposes of the district, to enter into contracts, agreements, or cooperative endeavors with the state and its political subdivisions or political corporations and with any public or private association, corporation, business entity, or individual.
5. To appoint officers, agents, and employees, prescribe their duties, and fix their compensation.
6. To acquire by gift, grant, purchase, lease, or otherwise such property as may be necessary or desirable for carrying out the objectives and purposes of the district and to mortgage and sell such property.
7. In its own name and on its own behalf to incur debt and to issue bonds, notes, certificates, and other evidences of indebtedness. For this purpose the district shall be deemed and considered to be an issuer for purposes of R.S. 33:9037 and shall, to the extent not in conflict with this Section, be subject to the provisions of R.S. 33:9037.
8. To establish such funds or accounts as are necessary for the conduct of the affairs of the district.

F. (1) In addition to any other authority provided for in this Section and pursuant to a cooperative endeavor agreement authorized by R.S. 33:9038, the district may issue revenue bonds payable solely from an irrevocable pledge and dedication of up to the full amount of any sales tax increments designated by the board of commissioners of the district to finance or refinance or to pay all of or a portion of the costs of projects for the operation, maintenance, and upkeep of the golf course or the contractual obligations of the state relative to the golf course. The district may also utilize any sales tax increments designated by the board of commissioners of the district for any authorized purpose of the district.

(2) (a) Notwithstanding the limitations on the use of state sales tax provided in R.S. 33:9038.4(A), a sales tax increment may consist of that portion of state sales tax revenues of the state of Louisiana and any political subdivision whose boundaries are coterminous with those of the state collected each year on the sale at retail, the use, the lease or rental, the consumption and storage for use or consumption of tangible personal property and on sales of services, all as defined in R.S. 47:301 et seq., or any other appropriate provision or provisions of law, as amended, from taxpayers located within the district which exceeds the sales tax revenues that were collected by such taxing authorities in the year immediately prior to the year of establishment of the district.

(b) Prior to the dedication of any state sales tax increments to be used for an authorized purpose of the district, the secretary of the Department of Economic Development shall submit the proposal to the Joint Legislative Committee on the Budget for approval. In addition, any cooperative endeavor agreement or other agreement providing for the expenditure of funds collected by the state as state sales tax increments and dedicated to a project or for the payment of revenue bonds therefor shall be subject to approval by the State Bond Commission prior to execution by the state.

(c)(i) The board of commissioners of the district shall designate the initial annual baseline collection rate for the district, which shall be the amount of the sales taxes collected in the district in the fiscal year most recently completed prior to the establishment of the district. In addition, a monthly baseline collection rate shall be determined by dividing the initial annual baseline collection rate by twelve;

(ii) The initial annual baseline collection rate and the monthly baseline collection rate shall be certified by the chief financial officer of Jefferson Parish. The certification shall also be published one time in the official journal of Jefferson Parish.

(iii) If the amounts of the initial annual baseline collection rate and the monthly baseline collection rate are not contested within thirty days after the said publication, then such amounts shall be conclusively presumed to be valid, and no court shall have any jurisdiction to alter or invalidate the designation of the amount of either the initial annual baseline collection rate or the monthly baseline collection rate.

(d) The increment of the sales taxes which are to be pledged and dedicated to the payment of the revenue bonds or otherwise used for district purposes as provided in this Section shall be the amount of the sales taxes which are collected in the sales tax area each year in excess of the initial annual baseline collection rate. Such pledged sales tax increment may include all or any portion of such excess as determined by the board of commissioners of the district.

3. Dedication of sales tax increments to pay the revenue bonds or other use of sales tax increments for district purposes as provided in this Section shall not impair existing obligations and shall not include tax revenues of a tax authority previously dedicated for a special purpose unless a majority of the electors within the territorial jurisdiction of such tax authority voting at an election held for such purpose approves the use of such tax for the purposes provided for in this Subsection.

G. Liberal construction. This Section, being for a public purpose necessary for the welfare of the state, Jefferson Parish, and their residents, shall be liberally construed to effect the purposes thereof.”

**AMENDMENT NO. 1**

Delete Senate Committee Amendment No. 1, proposed by the Senate Committee on Revenue and Fiscal Affairs and adopted by the Senate on June 1, 2006.

On page 1, line 2, after “To” delete the remainder of the line and on line 3, delete “shall be assessed on certain delinquent taxes;” and insert:

“amend and reenact R.S. 47:1508(B)(23) and R.S. 37:2156.1(M), 2158(A)(11), and 2186(B)(7), and to repeal R.S. 47:306(D), relative to state taxes; to provide for the manner in which certain contractors shall file and pay state taxes and for registration, certification, and required security for the payment of such taxes;”
For purposes of this Section, the following definitions shall apply:

(1) "Contractor" means any individual, partnership, corporation, association or other legal entity who undertakes to, attempts to, or submits a price or bid offers to construct, superintend, oversee, direct, or in any manner assume charge of the construction, alteration, repair, improvement, movement, demolition, putting up, tearing down, furnishing labor, or furnishing labor together with material or equipment, or installing the same for any building, highway, road, railroad, sewer, grading, excavation, pipeline, public utility structure, project development, housing, or housing development, improvement or any other construction undertaking. The term 'contractor' includes general contractors, subcontractors, architects, and engineers who receive an additional fee for the employment or direction of labor, or any other work beyond the normal architectural or engineering services.

(2) "Nonresident contractor" means all persons, including individuals, partnerships, corporations, associations, and other legal entities that are not resident contractors.

(3) "Resident contractor" means (2) For the purpose of determining whether a contractor is resident or nonresident under this Section, individuals who have maintained their permanent domiciles in Louisiana for at least one year prior to bidding on work; corporations who have operated permanent business facilities in Louisiana for at least one year prior to bidding on work; and corporations at least fifty percent of whose outstanding and issued equities are owned by individuals who have maintained their domiciles in Louisiana for at least one year prior to bidding on work; shall be considered residents and will not be subject to the contract registration and bond requirements of this Section; and partnerships, associations, and other legal entities in which resident corporations or individuals, as defined in this Paragraph, have at least a fifty percent ownership interest, shall also be considered resident contractors. All other persons, including individuals, partnerships, corporations, associations, and other legal entities shall be considered nonresidents and shall be subject to the contract registration and bond requirements.

(4) "Subcontractor" means any individual, partnership, corporation, association, or other legal entity who contracts directly with the general contractor for the performance of a part of the principal contract or contracts with another subcontractor for the performance of a part of the principal contract.

B.(1) Every contractor required to register any contract or contracts, as defined in this Section, shall, before entering into the performance of such contract or contracts, execute and file with the secretary of the Department of Revenue a good and valid bond in a surety company authorized to do business in this state, or with sufficient sureties to be approved by the secretary, conditioned that all taxes, including contributions due under the employment security law and including personal income taxes due from employees which the contractor is required to withhold and remit, which may accrue to the state of Louisiana and all taxes which may accrue to the political subdivisions thereof on account of the performance and execution of such contract or contracts, will be paid when due; and the execution and filing of such bond shall be a condition precedent to commencing work on any contract in this state. Such bond shall be conditioned as hereinafore provided with respect to all contracts to be performed during the current calendar year and shall be in a sum of not less than one thousand dollars. If at any time during the current calendar year the secretary determines that the amount of the above bond is not sufficient to cover the tax liabilities accruing to the state of Louisiana or the political subdivisions thereof for the current calendar year or, upon written request of the employment security division, the secretary shall require such bond to be increased in such sum as the secretary may deem necessary. When any contractor has fully performed all contracts registered during the current calendar year, the hereinafore required bond may be released by the secretary.

To ensure that the state of Louisiana and the political subdivisions thereof receive all taxes due in every instance, including contributions due under the Employment Security Law, contractors and subcontractors desiring to engage in, prosecute, follow or carry on the business of contracting shall register with the secretary of the Department of Revenue annually and receive certification as either a resident contractor or a nonresident contractor. This certification shall only be issued if the applicant is current in the filing of all taxes, interest, and penalties owed to the state of Louisiana or the political subdivisions thereof on account of the execution and performance of such contract or contracts, will be paid when due.

C.(1) At the time of registering with the Department of Revenue and receiving a certification, all nonresident contractors shall file with the secretary of the Department of Revenue a good and valid blanket bond with a surety company authorized to do business in this state, or with sufficient sureties to be approved by the secretary, in order to ensure payment of all taxes, interest, and penalties that may accrue to the state of Louisiana and its political subdivisions. The secretary shall determine the amount of the required bond based on the nonresident contractors anticipated gross receipts for the year. Gross receipts of prior years may be analyzed in making this determination.

(2) The secretary may, at her discretion and for good cause shown, allow a nonresident contractor to execute a bond for a specific contract, instead of the blanket bond required in Paragraph (1) of this Subsection.
(3) If at any time during the year the secretary determines that the amount of the nonresident contractor’s bond is not sufficient to cover all taxes, interest, and penalties accruing to the state of Louisiana and its political subdivisions, or upon written request of the employment security division, the secretary shall require the amount of the bond to be increased as the secretary determines proper. The nonresident contractor shall have thirty days from the date of the secretary’s notice to increase the amount of the bond. If the nonresident contractor fails to increase the amount of the bond, a penalty may be assessed, in addition to any other penalty that may be assessed, of up to ten thousand dollars or ten percent of the contract amount, whichever is greater. However, for good cause shown, the secretary may waive all or a portion of the penalty assessed.

D. (1)(a) Notwithstanding any other law to the contrary, any resident or nonresident contractor who is not contracting for commercial purposes and who utilizes a nonresident subcontractor who is not licensed or registered with the Louisiana State Licensing Board for Contractors or an appropriate subcommittee of such board shall withhold and remit to the Department of Revenue three percent of the payments due to the nonresident subcontractor arising out of the contract unless the nonresident has posted the bond as set forth in Subsection C and received certification from the Department of Revenue as set forth in Subsection B. The nonresident subcontractor shall provide the certification to the contractor. However, if the subcontractor is included in the list which shall be provided by the Department of Revenue of those resident and nonresident contractors who have received certification from the Department of Revenue, the contractor shall not be required to obtain the certification.

(b) For purposes of this Section, “contracting for commercial purposes” means entering into contracts other than for the following:

(i) A single residential duplex.

(ii) A single residential triplex.

(iii) A single residential fourplex.

(iv) Any residential home or homes; which include those for which the contractor has a single contract for the construction of two or more homes within the same subdivision.

(2) The contractor shall obtain the certification issued to his resident contractor by the Department of Revenue as provided for in Subsection B of this Section to prove that this withholding is not required. However, if the subcontractor is included in the list which shall be provided by the Department of Revenue of those resident and nonresident contractors who have received certification from the Department of Revenue, the contractor shall not be required to obtain the certification.
