§1091. Blood samples; standard test

Every physician who attends any pregnant woman for conditions relating to pregnancy during the period of gestation or at delivery shall offer to take or to have taken a sample of her blood at the time of first examination or as soon as possible thereafter. If no objection is made by the woman, a blood sample shall be taken and submitted to any approved laboratory for a standard test for syphilis as approved by the American Board of Pathology and for a standard diagnostic HIV test approved by the Food and Drug Administration.

All other persons permitted by law to attend pregnant women but not permitted to take blood samples shall have a sample of the blood of every pregnant woman attended by them taken by a duly licensed physician, if no objection to the taking of the sample is made by the woman, and submitted to an approved laboratory for a standard test for syphilis.

§1092. Nature of standard test

For the purpose of this ~~Sub-part~~ Subpart, a standard test for syphilis is a test approved by the American Board of Pathology and shall be made at a laboratory operated by a duly licensed physician and pathologist as recognized by the American Board of Pathology or in a laboratory in a hospital approved by the American College of Surgeons as unconditionally meeting its minimum standards. A standard diagnostic HIV test is a test approved by the Food and Drug Administration and may include tests performed by a duly licensed physician or by other approved staff.

§1300.12. Definitions

A. "HIV-related test" is a test which is performed solely for the purpose of identifying the presence of antibodies or antigens indicative of to diagnose infection with Human Immunodeficiency Virus (HIV).

* * *

§1300.13. HIV-related testing; consent; exceptions

A. Except as provided, specifically authorized, or required by a state or federal law, no person shall order the performance of an HIV-related test in a hospital without first receiving the written informed consent or otherwise without first receiving the written informed consent or verbal informed consent contemporaneously documented in writing in the medical record, of the subject of the test if the individual has capacity to consent or, when the subject lacks capacity to consent, that of a designated person pursuant to law to consent to health care for such individual: in the event that HIV diagnostic testing is offered to a person as part of a routine medical screening in health care settings, substance abuse treatment facilities, mental health treatment facilities, and correctional settings, the patient shall be informed orally or in writing that HIV testing shall be performed unless the patient declines or "opts out" of the testing. Oral or written information shall include an explanation of HIV infection and the meanings of positive and negative test results, and the patient shall be offered an opportunity to ask questions. Consent for HIV testing shall be incorporated into the patient's general informed consent for medical care on the same basis as are other screening or diagnostic tests; a separate consent form for HIV testing shall not be necessary. If a patient declines testing, it shall be noted in the medical record.

B. The written informed consent to an HIV-related test shall consist of a statement signed by the subject of the test who has capacity to consent or, when the subject lacks capacity to consent, by a person authorized by law to consent to health care for the subject. The Department of Health and Hospitals shall promulgate rules and regulations and develop consent forms and informational materials in accordance with the Administrative Procedure Act, which shall establish minimal requirements for compliance with the provisions of this Part relative to written informed consents. Adherence to these rules, regulations, and forms shall constitute a legal presumption that consent for testing was validly obtained. Community-based organizations that are funded by the office of public health to conduct HIV testing services will be required to follow all HIV testing protocols established by the HIV/AIDS Program of the office of public health.

C. Verbal informed consent shall be immediately and contemporaneously documented in writing in the medical record of the person being tested. The Department of Health and Hospitals shall promulgate rules and regulations in accordance with the Administrative Procedure Act which shall establish minimal requirements for compliance with the provisions of this Part relative to verbal informed consent. Written documentation of verbal informed consent shall not constitute a presumption, legal or otherwise, that consent for testing was validly obtained. A patient requesting the performance of an HIV-related test shall be provided an opportunity to remain anonymous by the use of a coded system with no correlation or identification of the individuals identity to the specific test request or results. In these instances the identifying information otherwise required by the Louisiana State Sanitary Code shall not be required. A health care provider that is not able to provide HIV-related tests on an anonymous basis shall refer, at no extra charge to the individual seeking anonymity, such individual to a test site that provides anonymous testing. The provisions of this Subsection shall not apply to inpatients in hospitals.

D. Prior to the execution of an informed consent, the person requesting the performance of an HIV-related test shall provide to the subject of an HIV-related test or, if the subject lacks capacity to consent, to a person authorized by law to consent to health care for the subject, an oral, videotaped, or written explanation of the nature of AIDS and HIV-related illness, as well as oral, videotaped, or written information about behavior known to pose risks for transmission and contraction of HIV infection. If an individual tests positive for HIV infection, the individual shall be referred to a health care provider for appropriate HIV-related primary medical care.

E. A patient requesting the performance of an HIV-related test shall be provided an opportunity to remain anonymous by the use of a coded system with no correlation or identification of the individual's identity to the specific test request or results. A health care provider that is not able to provide HIV-related tests on an anonymous basis shall refer, at no extra charge to the individual seeking anonymity, such individual to a test site that does provide anonymous testing. The provisions of this Subsection shall not apply to inpatients in hospitals. The provisions of Subsections A through D shall not apply to the performance of an HIV-related test:

(1) By a health care provider or health care facility in relation to the procuring, processing, distributing, or use of a human body or human part, including organs, tissues, eyes, bones, arteries, blood, semen, or other body fluids, for use in medical research or therapy, or for transplantation to individuals, as provided in R.S. 40:1299.142.

(2) For purposes of accredited scientific or medical research. Any testing must be performed in such a manner that the identity of the test subject remains anonymous and may not be retrieved by any researcher unless specifically authorized.

(3) On a deceased person, when the HIV-related test is conducted to determine the cause of death or for epidemiological purposes.

(4) On any child taken into custody by the Department of Social Services, where department officials have cause to believe that the child has been infected with HIV.

(5) On any child when the child's attending physician reasonably believes such test to be necessary in order to properly diagnose or treat the child's medical condition and documents such reason in the child's medical record, including all newborns whose mothers present for delivery without a diagnostic HIV test on record.

(6) On any person who has been arrested, indicted, or convicted for the crimes of aggravated rape, forcible rape, simple rape, or incest when required by a court to undergo an HIV-related test.
