However, if more than three different Louisiana HMO's submit responsible offers, proposals, or bids for a region, then the office shall select at least three Louisiana HMO's for inclusion in the plan of benefits for that region. D. The monies in the fund shall be used for funding retirement benefits for full-time law enforcement personnel, supervisors, and administrators who are employed with the Department of Revenue, office of alcohol and tobacco control who are P.O.S.T-certified, who have the power to arrest, and who hold a commission from such office. Any monies in the fund not used for retirement benefits as provided in this Section may be reallocated to the Tobacco Regulation and Enforcement Fund to provide support for the operations of the office; however, until any unfunded actuarially accrued liability for retirement benefits for commissioned alcohol and tobacco control officers created pursuant to the Act which originated as House Bill No. 878 of the 2007 Regular Session of the Legislature which enacted this Section has been fully funded, the monies in the fund shall be used exclusively for the purpose of providing funding for such unfunded actuarially accrued liability.

E. On October first of each fiscal year, beginning with the 2007-2008 fiscal year, the treasurer shall allocate and distribute to the system from the fund the amount of any payment approved by the Public Retirement Systems' Actuarial Committee to be paid from the fund for that fiscal year; however, in no case shall the allocation and distribution to the system provided in this Subsection exceed the balance in the fund. Any unpaid portion of an amortization payment for a particular fiscal year shall be paid directly by the Department of Revenue, office of alcohol and tobacco control.

Section 2. The amount of the unfunded actuarially accrued liability, if any, resulting from the implementation of the provisions of this Act and a required amortization payment therefor and any other payment necessary to fund the benefits created in this Act on an actuarially sound basis shall be determined by the Public Retirement Systems’ Actuarial Committee as soon as practicable after the effective date of this Act for the fiscal year beginning July 1, 2007, and as part of the annual adoption of the official actuarial valuation for the Louisiana State Employees’ Retirement System pursuant to R.S. 11:127 for each fiscal year thereafter. Any unfunded accrued liability created by this Act shall be amortized as a separate unfunded accrued liability forming level dollar payments over a period of ten years; however, if the monies available from the fund created pursuant to the provisions of this Act are insufficient to pay the amortization payment calculated based upon a ten-year amortization period, then the liability shall be amortized in accordance with the provisions of R.S. 11:102(B)(3)(d)(v).

Section 3. This Act shall become effective on June 30, 2007; if vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on June 30, 2007, or on the day following such approval by the legislature, whichever is later."
