E.(1) Notwithstanding any other provision of law to the contrary, no more than a total of twenty-five million dollars in state-certified infrastructure project tax credits shall be approved by the Office of Entertainment Industry Development, the Secretary of the Department of Economic Development and the division of administration, in any fiscal year for state certified infrastructure projects defined in Subsection (D)(2) of Section 3 of this Act. However, if less than twenty-five million dollars of tax credits are certified in a fiscal year, the remaining amount of available tax credit certifications shall be added to the amount available for certification for the next fiscal year and from being carried forward for use in the next fiscal year.

G. An infrastructure project shall be approved within forty-five days of submission if it is a film, video, television, or digital production or postproduction facility. If an application is denied, this denial shall be in writing and shall constitute final agency action. Written reasons for the denial shall be provided to the applicant within five days of written request.

H.(1) Prior to any final certification of the state-certified production or infrastructure project, the motion picture production company or applicant for the infrastructure project shall submit to the office and the secretary and, in the case of infrastructure projects, to the office, the secretary, and the division, a cost report of production or infrastructure project expenditures audited and certified by an independent certified public accountant as determined by rule. The office and the secretary and, in the case of infrastructure projects, the office, the secretary, and the division shall review the production or infrastructure project expenses and will issue, after the review, either a final tax credit certification letter indicating the amount of tax credits certified for the state-certified production or state-certified infrastructure project, a written request for more information in order to complete an application, or written reasons for a denial of the certification shall be issued to the investors. Such issuance, request, or denial shall occur within thirty days of the submission of a completed application for a state-certified production and within forty-five days of submission of a completed application for a state certified infrastructure project.

(2) If a written request for more information is made, the same time periods for action shall apply as provided for in Subitem (bb) of this Item from the date the information is submitted.

(3) If a final certification is denied, the denial shall be in writing and shall constitute final agency action. Written reasons for the denial shall be provided to the applicant within five days of written request.

§4. Income Tax; Severance Tax; Political Subdivisions

Section 4.

\* \* \*

(D)

\* \* \*

(3)(a) Effective July 1, 2007, one-fifth of the severance tax on all natural resources other than sulphur, lignite, or timber shall be remitted to the governing authority of the parish in which severance or production occurs. Except as provided in Item (b) of this Subparagraph, the initial maximum amount remitted to the parish in which severance or production occurs shall not exceed eight hundred fifty thousand dollars. The maximum amount remitted shall be increased each July first, beginning in 2008, except on a July first of a fiscal year in which the provisions of Item (b) of this Subparagraph become effective, by an amount equal to the average annual increase in the Consumer Price Index for all urban consumers, as published by the United States Department of Labor, for the previous calendar year, as calculated and adopted by the Revenue Estimating Conference.

(b)(i) Effective for any fiscal year in which the Revenue Estimating Conference estimates in the last official forecast occurring before the start of such fiscal year that severance tax collections on natural resources other than sulphur, lignite, or timber exceeds the actual amount of such severance taxes collected in Fiscal Year 2008-2009, the maximum amount which shall be remitted to the parish in which severance or production occurs shall not exceed two million eight hundred fifty thousand dollars in that fiscal year.

(ii) At least fifty percent of the excess severance tax remitted to a parish in a fiscal year shall be used only within the parish in the same manner and for the same purposes as money received by the parish from the Parish Transportation Fund or its successor.

(iii) The term "excess severance tax" shall mean the amount of severance tax remitted to a parish pursuant to the provisions of Paragraph (3) which is in excess of the amount of severance tax remitted to the parish in the most recent fiscal year in which the increased remittance provided for in Subitem (i) of this Subparagraph did not occur.

(4)(a)(i)(aa) Notwithstanding any other provision of this constitution, after deposit to the Bond Security and Redemption Fund as required in Article VII, Section 9 of this constitution, and the allocations required in this Paragraph, Paragraph (E) of this Section, and Article VII, Sections 10-A and 10.2 of this constitution, effective for any fiscal year in which the Revenue Estimating Conference estimates in the last official forecast occurring before the start of such fiscal year that severance tax and royalties collected on natural resources other than sulphur, lignite, or timber will exceed the actual amount of such severance taxes collected in Fiscal Year 2008-2009, an amount equal to fifty percent of the revenues received from severance taxes and royalties on state lands in the Atchafalaya Basin, but not to exceed ten million dollars each fiscal year, shall be deposited by the treasurer into the Atchafalaya Basin Conservation Fund hereby created as a special fund in the state treasury. The money in the fund shall be appropriated to the Department of Natural Resources to be used exclusively to fund projects contained in the state or federal Basin master plans or an annual Basin plan developed by an Atchafalaya Basin Research and Promotion Board and other such advisory or approval boards, all of which the legislature shall create and provide for by law within the Atchafalaya Basin Program, or to provide match for the Atchafalaya Basin Floodway System, Louisiana Project, all as the secretary of the Department of Natural Resources shall direct, subject to the approval of the Senate Committee on Natural Resources and the House Committee on Natural Resources and Environment.

(bb) The money in the fund shall be invested by the treasurer in the same manner as money in the state general fund, and interest earnings shall be deposited in and credited to the fund. All unexpended or unencumbered money remaining in the fund at the end of the fiscal year shall remain in the fund.

(ii) Of the money allocated in any one fiscal year, eighty-five percent shall be used for water management, water quality, or access projects, and the remaining fifteen percent may be used to complete ongoing projects and for projects that are in accordance with the mission statement of the state master plan. However, a maximum of five percent of the money allocated in any one fiscal year may be used for the operational costs of the program or the department.

(b) As used in this Subparagraph, the following terms shall have the meaning ascribed to them below:

(i) "Access project" means construction or renovation of a boat launch or a roadway that provides access to areas of the Atchafalaya Basin, or acquisition of a maximum of fifteen hundred acres, all in compliance with the provisions of the state or federal master plans.

(ii) "Annual Basin plan" means the list of projects or stages of projects to be undertaken in any single fiscal year.

RE: House Bill No. 1 of the 2009 Regular Session of the Legislature

Provide for the ordinary operating expenses of state government for Fiscal Year 2009-2010

Dear Gentlemen:

As authorized by Article III, Section 18(B), and more particularly, Article IV, Section 5(G)(1) of the Constitution of Louisiana, I have exercised my right to veto 563 items of the General Appropriation Bill. I respectfully request that you deliver on my behalf the following message to the members of the Legislature:

Even as Louisianas economy continues to out-perform the national economy and the South, we know we are not immune to the current national economic downturn. These economic forces, combined with significant declines in the prices of oil and natural gas and the leveling off of the post-hurricane economic boom, contributed to significantly lower revenues to state government and required meaningful reductions in the FY 09-10 budget.

But just like any family or business living within its means, a tighter budget for state government represents not just a challenge to live within our means, but an opportunity to think strategically, prioritize what is essential, and plan ahead by pursuing reforms and innovations that will strengthen our state for years to come.

Many of the critical steps in tightening the belt of state government began months before the start of the 2009 Legislative session. Departments were asked to evaluate their spending and to analyze the performance of programs within their agency to isolate those low-performing programs that could be targeted for strategic reductions in funding. Agencies were then asked to submit strategic priority plans, and for the first time in the history of the budget, they were also asked to provide meaningful performance data on the activities being funded through their agencies. These priority planning and performance review efforts helped ensure that spending reductions were targeted and prioritized, instead of implementing blanket across-the-board cuts with no account of a programs importance or performance history. This review process also helped departments identify critical services they wanted to protect from severe funding reductions.

Through this thorough evaluation of current spending, the FY 09-10 budget includes targeted cost savings across state government that streamline government and increase efficiencies of service. In many instances, these savings came as a result of reforming policy, by consolidating offices and functions, and by downsizing or eliminating some programs and halting the expansion or creation of new programs.

Even as we tighten our belt in state government, we will absolutely not waiver from our commitment to continue moving Louisiana forward. The FY 09-10 budget protects and continues our investment in ethics reform and transforming our workforce development system, while also maintaining the states commitment to strategic investments in health care, education, economic development, public safety, and other critical areas.

Working closely with the Legislature, we also took steps to mitigate reductions to higher education and healthcare and to give us an opportunity to prepare for continuing budget challenges in the years ahead.

Prior to House concurrence with the Senate-passed House Bill No. 1, we informed House leaders that we would veto everything in the bill contingent upon funding from the Insure Louisiana Incentive Program Fund, from the Budget Stabilization fund, and from delaying planned tax relief. The House did not approve the latter, and we have been informed by Senate staff that funding tied to all three sources was interdependent and could not be separated. We told leaders of our intentions because we wanted to be clear about our actions while we also worked with the Legislature to add funds back into the budget to aid higher education and health care through other appropriations bills.

This letter is to communicate that I have in fact vetoed those contingent items and others in House Bill No. 1, as follows:

These amendments provide for appropriations designated as Supplementary Budget Recommendations contingent on the abolishment of the Insure Louisiana Incentive Program Fund and an appropriation from the Budget Stabilization Fund, and upon the Delay of the Restoration of Excess Itemized Deductions and further contingent upon the recognition of additional revenue by the Revenue Estimating Conference. The Louisiana Constitution protects the security and integrity of the State Treasury by, among other means, requiring a balanced budget (Appropriations by the legislature shall not exceed the official forecast in effect at the time the appropriations are made. La Const. Art. VII, 10E) and prohibiting appropriations based on contingencies (no appropriations shall be made under the heading of contingencies... La Const. Art. III 16A)

These amendments provide for appropriations in excess of the official forecast and are based on events, including the passage of legislation, which have not occurred. Therefore, I am vetoing these items.

**VETO MESSAGE NO. 2**

Page 4, Lines 12 through 20:

The language is duplicative of language currently in the Preamble. Therefore, I am vetoing this item.

**VETO MESSAGE NO. 3**

Page 5, Lines 10 through 15:

The Commission on Streamlining Government will make recommendations for streamlining state employees and agencies in the coming fiscal year and we want to include the input of this Commission, and the date included in this language precludes that. Additionally, the Commissioner will be making these recommendations to the Legislature as part of the Executive Budget submission process, and therefore, this language is duplicative and I am vetoing this item.

**VETO MESSAGE NO. 4**

Page 18, Lines 8 through 14:

This amendment provides funding from monies that are not state funds and by virtue of Article VII, Section 9C of the Constitution of the State of Louisiana are exempt from being deposited into the State Treasury. Therefore, I am vetoing this item.

**VETO MESSAGE NO. 5**

Page 74, Lines 50 through 53:

This language amendment does not provide additional funding, but instead, is an unfunded mandate. Therefore, I am vetoing this item.

**VETO MESSAGE NO. 6**

Page 166, Lines 50 through 51:

This amendment funds a Non-Governmental Organization (NGO), which did not meet the criteria established in my letter of April 27, 2009, and therefore, I am vetoing this item.

**VETO MESSAGE NO. 7**

Page 222, Lines 35 through 38:

I have vetoed this item to give the Legislature the opportunity to work with the higher education community to appropriate this funding through another appropriations bill to mitigate reductions and give higher education time to restructure and become more efficient.

**VETO MESSAGE NO. 8 (3 Items)**

Page 224, Lines 27 through 35, Page 228, Lines 1 through 4; Page 228, Lines 5-7:

I have vetoed these items to give the Legislature the opportunity to work with the higher education community to appropriate this funding with more flexible authorizing language through another appropriations bill to mitigate reductions and give higher education time to restructure and become more efficient.

**VETO MESSAGE NO. 9**

Page 239, Lines 53-57:

This item should be funded through higher education formula funding. Therefore, I am vetoing this item.
