CHAPTER 35. THE LOUISIANA INTRASTATE RAIL COMPACT

§2170. Short title

This Chapter shall be known and may be referred to as "The Louisiana Intrastate Rail Compact Act".

§2171. Purpose; findings; determinations

A. The development, improvement, expansion, and maintenance of an efficient, safe, and well-maintained system of railways, transitways, and other transportation facilities that promote mobility are essential to Louisiana's economic health and are intended to act as a system that provides a basis for business and industry to compete cost effectively on a regional, national, and global scale in order to provide a high quality of life for the people of this state.

B. The expansion of local and regional transportation facilities is vital to the growth and development of the parishes and the state.

C. Public sources of revenues, including federal funding, that provide an efficient transportation system have not kept pace with the state's growing population and transportation needs; therefore, available alternative sources of revenue generation should be utilized to supplement currently available public funding in order to provide these needed transportation facilities.

D. Since public funding sources are not providing the state with sufficient revenues to meet all of its transportation needs, parishes and municipalities are hereby encouraged to utilize public-private partnerships as an additional means to assist in financing improvements to the state transportation system, especially the development of a rail travel choice in Louisiana in order to meet regional and local transportation needs.

§2172. Definitions

Unless the text clearly indicates otherwise, the following words or phrases shall have the following meanings:

(1) "Act" means the Louisiana Intrastate Rail Compact Act.
(2) "Board" means the board of directors of a compact.
(3) "Bonds" means bonds, notes, certificates, obligations, or any other evidence of indebtedness or evidence of borrowed money issued or entered into by a compact to finance a project.
(4) "Compact" means any quasi-governmental entity compact formed by any parish or municipality, or two or more parishes or municipalities, or any combination of parishes and municipalities pursuant to the provisions of this Chapter or any successor thereto.
(5) "Department" means the Department of Transportation and Development or any successor agency thereto.
(6) "Municipal-street system project" means any proposed capital project involving the acquisition of land for, or the acquisition, construction, reconstruction, improvement, installation, extension, development, or equipping of real property or related facilities as part of the rail service program.
(7) "Parish-related project" means any proposed capital project involving the acquisition of land for, or the acquisition, construction, reconstruction, improvement, installation, extension, development, or equipping of real property as part of a parish road railway or other transportation system and related facilities to the railway program.
(8) "Project" means any capital project undertaken pursuant to this Chapter involving the acquisition of real property for, or the acquisition, construction, reconstruction, improvement, extension, installation, development, or equipping of a railway, related facilities, or any portion thereof, including a state-designated passenger rail project.

(9) "Project costs" means all costs of acquisition and construction; the cost of acquisition of all land, rights-of-way, servitudes, property rights, easements, and interests acquired, or to be acquired, by a compact for such a railway program and related construction; the cost of demolishing or removing any buildings or structures on land so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved; the cost of all machinery and equipment; financing charges, interest charges, interest prior to and during construction; cost of traffic estimates and of engineering and legal expenses; plans, specifications, and surveys; estimates of costs and of revenues; other expenses necessary or incidental to determining the feasibility or practicability of constructing a railway project; administrative expenses and such other expenses as may be necessary or incidental to the construction of a project; the financing of such railway construction and the placing of a rail transport project in operation. Any obligation or expenses hereafter incurred by the department, with the approval of a compact, for traffic surveys, borings, preparation of plans and specifications, and other engineering services in connection with the construction of a project shall be regarded as part of the cost of the project and shall be reimbursed to the department.

(10) "Public utility facilities" means tracks, pipes, signals, railroad grade-crossing protection at vehicular crossings, stations, parking facilities mains, conduits, cables, wires, towers, poles, railroads, and other equipment and appliances which are either publicly or privately owned.

(11) "Real property" means lands, waters, rights in lands or waters, structures, franchises, and interests in land, including lands under water, riparian rights, property rights in air space or subsurface space, and any and all other things and rights usually included within the general term, including any and all interests in such property less than full title, such as easements and servitudes, rights-of-way, uses, leases, licenses, and all other incorporeal hereditaments and every estate, interest or right, legal or equitable, whether permanent or temporary.

(12) "Revenues" means:

(a) All income, revenues, and receipts derived or to be derived from a project owned, leased, maintained, operated, or otherwise received by a compact from a project, or from contracts or agreements relating to a project, including but not limited to lease or sublease agreements, sale agreements, security agreements, loan agreements, pledge agreements, or other financing agreements between that compact and any entity, or from any other sources whatsoever.

(b) Monies generated by way of contract, pledge, donation, or bequest.

(c) Monies generated by taxes of a public entity which are authorized to be assessed and levied by law.

(13) "State" means the state of Louisiana.

(14) "State-designated project" means any proposed capital project involving the acquisition of land for, or the acquisition, construction, reconstruction, improvement, installation, extension, development, or equipping of real property as part of the state transportation system, including railway projects and related facilities.

(15) "State transportation system" means all roadways, highways, bridges, or tunnels which constitute the state rail transportation system.

(16) "Transitway" or "railway" means any fixed guide way facility involving the use of rail or dedicated transit lines.

(17) "Authority" means Louisiana Intrastate Rail Authority.

§2173. Creation of compacts; jurisdiction

There is in state government a Louisiana Intrastate Rail Authority.

The authority shall direct the development and implementation of intrastate high-speed rail service that is fully integrated with the state's existing intrastate rail and bus network, consisting of interlinked conventional and high-speed rail lines and associated feeder buses. The intrastate network in turn shall be fully coordinated and connected with commuter rail lines and urban rail transit lines developed by local agencies, as well as other transit services, through the use of common station facilities whenever possible. The authority may apply for and expend federal funds made available through the American Recover and Reinvestment Act of 2009, upon appropriation of the legislature, to develop passenger rail corridors in Louisiana.

Any parish or municipality, or two or more parishes or municipalities, or any combination of parishes and municipalities are hereby authorized to form a quasi-governmental compact. Any such compact created pursuant to this Chapter shall be considered and treated as a body politic and corporate established for the public purposes enumerated herein. The boundaries of the compact shall be coextensive with the territorial boundaries of the parish or parishes or municipality or municipalities which establish such compact. The compact shall have the power to adopt bylaws containing such terms and provisions as the directors of the compact shall deem necessary or convenient to further carry out its purposes, provided that nothing therein may contravene any of the provisions of this Chapter.

§2174. Liability

Neither the state nor any state agency, parish, municipality, district, or any other political subdivision or other public entity shall be subject to any claims, liabilities, costs, expenses, or causes of action for any personal injury or damage to property arising out of the construction, operation, or maintenance of any project, or which may happen to occur on any railway, if such incident giving rise thereto occurs prior to transfer and reversion of ownership of any project from a compact created hereunder prior to reversion of a project, such reversion shall be effected as provided in this Chapter, but the compact so joined by such action shall continue in existence as provided in R.S. 48:2189(A). No individual member, officer, director, or employee of a compact shall be liable personally for any such claims, liabilities, costs, expenses, or causes of action in any event.

§2175. Directors

A. The board of the compact shall consist of such directors as are specified in the compact agreement, provided the board shall consist of at least five directors, including the Louisiana designee to the Southern Rail Corridor to be appointed by the chairman of the Southern Rail Corridor.

B. All directors shall be appointed by the parish or municipality forming the compact, if there is only one. If more than one parish, municipality, or any combination of parishes and municipalities is involved in forming a compact, each parish or municipality shall appoint an equal number of directors.
C. The compact shall elect from its directors a chairman, a vice chairman, and a secretary-treasurer who shall serve one-year terms. Where more than one parish or municipality is involved in the formation of a compact, the chairmanship for each successive term shall be alternated among the representatives of all participating parishes and municipalities.

D. Any vacancy which occurs prior to the expiration of a term for which a member of the board has been appointed shall be filled by appointment in the same manner as the original appointment for the compact as set forth in the articles of incorporation or bylaws of the compact.

E. Upon the effective date of an appointment, or as soon as practicable thereafter, each appointed member shall enter upon their duties. A member shall hold office until a successor has been appointed. Any member of the compact is eligible for reappointment.

F. All directors shall have equal status, and each director shall have one vote.

G. The presence of a majority of the board shall constitute a quorum. A majority vote of those present and voting shall be necessary for any action taken by the board.

H. A vacancy on the board shall not impair the right of a quorum to exercise a right or perform a duty of the board.

§2176. Compensation of directors

Directors of the board shall not be entitled to any salary for services, but each member shall be reimbursed for actual expenses necessarily incurred in the performance of all duties in connection with the business of a compact in compliance with Policy and Procedure Memorandum 49, as promulgated by the division of administration, as amended and revised and may, if authorized by the board, be entitled to a per diem when conducting official business, not to exceed seventy-five dollars per day.

§2177. Conflict of interest; ethics code

Any compact created pursuant to this Chapter, and all directors and officers thereof, shall be subject to the Code of Governmental Ethics (R.S. 42:1101 et seq.).

§2178. Right of public agencies to material

Any compact created pursuant to this Chapter shall be subject to and fully comply with the Public Records Law (R.S. 44:1 et seq.) and the Open Meetings Law (R.S. 42:3.1 et seq.) of the state. The proceedings and documents of a compact shall be public record. All reports, maps, or other technical documents produced in whole or in part by a compact may be used by the department or any other public agency. Any member that they deem necessary and advisable in the conduct of their duties.

§2179. Establish feasibility; prior written approval

A. A compact created and established pursuant to this Chapter may construct and operate transit way facilities along a transit corridor within the state under the terms and conditions set forth in this Chapter, with the prior express written consent of the affected governing bodies within the geographic boundaries of such compact after public hearing. The facilities shall be part of the approved transportation plan and program of the department and the local metropolitan planning organization, where applicable.

B. Prior to the initiation of environmental impact statements and preliminary engineering feasibility studies shall first be conducted to substantiate project need and justification.

§2180. General grant of powers and duties

In addition to having all of the powers granted, each compact may exercise all additional powers necessary, appurtenant, convenient, or incidental to the carrying out of its purposes, including but not limited to the following rights and powers:

(1) To adopt and amend bylaws, regulations, and procedures for the governance of its affairs and the conduct of its business and to designate an official journal which shall be a newspaper of general circulation within the geographical boundary of the compact.

(2) To adopt, use, and alter at will an official seal.

(3) To construct, reconstruct, maintain, improve, install, extend, develop, equip, repair, operate, own, and lease projects within the geographic boundaries of the compact in the manner to be determined by the compact, including in segments, phases, or stages, and all rights-of-way and to pay all project costs in connection therewith.

(4) To sue and be sued in its own name, plead, and be impleaded; however, any and all actions at law or in equity against the compact shall be brought in the parish where the cause of action arises, and if land is involved, including condemnation proceedings, suit shall be brought in the parish where the land is situated.

(5) To fix, revise, and adjust, from time to time, fees and charges in connection with each project sufficient to pay all or a portion of maintenance, operation, debt service and reserve or replacement costs, and other necessary or usual charges and to regulate speed limits on the railway transportation system.

(6) To contract with any person, partnership, association, or corporation desiring the use of any part of a project, including the rights-of-way adjoining the paved portion, for placing thereon telephone, fiber optic, telegraph, electric light, or power lines, gas stations, garages, and restaurants, or for any other purpose, and to fix the terms, conditions, rents, and rates of charges for such use. Any utilities which are placed within the right-of-way shall be loadable by the one-call system, and the utilities shall place locator strips on any buried objects. The contract or lease shall require the removal at the expense of the lessee of any utilities or other obstructions placed within the right-of-way at the request of such private utility owner when expansion of the rail transportation facility requires such removal.

(7) To acquire, hold, and dispose of real and personal property in the exercise of its powers and the performance of its duties under this Chapter in accordance with existing state law.

(8) To acquire in the name of the compact by purchase, gift, transfer, foreclosure, lease, or otherwise, including rights or easements, or by the exercise of the power of eminent domain in the manner hereinafter provided, such public or private lands, including public parks, playgrounds or reservations, or parts thereof or rights therein, rights-of-way, property rights, easements, and interests, as it may deem necessary for carrying out the provisions of this Chapter. Eminent domain shall be used for the sole purpose of constructing a railway transportation system and for the other public purposes set forth in this Chapter, and not for the exercise of, or accommodation for, private development interests, including but not limited to service stations, food marts, restaurants, truck stops, or other private enterprises.

(9) To hold, sell, assign, lease, or otherwise dispose of any real or personal property or any interest therein, to release or relinquish any right, title, claim, lien, interest, easement, or demand however acquired, including any equity or right of redemption in property foreclosed by it; to take assignments of leases and rentals; proceed with foreclosure actions; or take any other actions necessary or incidental to the performance of its corporate purposes.
(10) To designate the location, and establish, limit, and control points of ingress and egress for each project as may be necessary or desirable in the judgment of the compact to ensure the proper operation and maintenance of such project, and to prohibit entrance to such project from any point or points not so designated. Creation of new points of ingress and egress or substantial reconstruction or redesign of the same shall be made only after public hearing. Where the state railway transportation system is affected, the concurrence of the department shall be obtained for any such matters set forth in this Paragraph.

(11) In all cases where parish, municipal, or other public roads are affected or severed, the compact is hereby empowered and required to move and replace the roads with equal or better facilities, and all expenses and resulting damages, if any, shall be paid by the compact.

(12) To enter, or authorize its agents to enter upon any lands, waters, and premises within the geographic boundaries of the compact for the purpose of making surveys, soundings, drillings, and examinations as it may deem necessary or appropriate for the purposes of this Chapter, and such entry shall not be deemed a trespass or unlawful. The compact shall make reimbursement for any actual damages resulting to such lands, waters, and premises as a result of such activities.

(13) To procure liability, casualty, and other insurance in such amount or amounts appropriate to the size of the project, as determined by the board, insuring the compact against all losses, risk, and liability arising out of the construction, operation, maintenance, and ownership of any project.

(14) To apply for, receive, and accept subventions, grants, loans, advances, and contributions from any source of money, property, labor, or other things of value, to be held, used, and applied for its corporate purposes.

(15) To open accounts at financial institutions as necessary for the conduct of its business and to invest any funds held in reserves or construction and acquisition costs to the compact will be equal to or less than the cost of acquiring only that portion of the property thereof necessary for the purposes of this Chapter, including but not limited to any lands reasonably necessary for securing applicable permits, areas necessary for management of access, borrow pits, drainage ditches, water retention areas, test areas, placement access roads, and duties set forth in this Chapter.

(16) To borrow money and issue bonds for any corporate purpose, including the development, construction, or financing of any project which the compact is authorized to acquire or construct, including all costs in connection with and incidental to such acquisition or construction and the financing thereof.

(17) To enter into contracts and agreements and execute all instruments necessary or convenient thereto for accomplishing the purposes of this Chapter. Such contracts and agreements may include, without limiting the foregoing, construction agreements, purchase or acquisition agreements, loan or lease agreements, partnership agreements, including limited partnership agreements, joint venture, participation agreements, or loan agreements with leasing corporations or other financial institutions or intermediaries.

(18) To enter into agreements with a public or private entity, to permit the entity, independently or jointly with the compact, to construct, maintain, repair, or operate projects, and to authorize the investment of public and private money to finance such projects, subject to compliance with state law relative to use of public funds.

(19) To employ consultant engineers, attorneys, accountants, construction and financial experts, superintendents, managers, and such other employees and agents as may be necessary for the accomplishment of its corporate purposes, and to fix their compensation.

(20) To exercise the power of eminent domain in accordance with general law, or at the option of the compact, Part XII of Chapter 1 of Title 48 of the Louisiana Revised Statutes of 1950, and the provisions relating to acquisition of property prior to judgment found therein, provided that any property so acquired by a compact which is not used for an authorized public purpose of the compact within three years of such acquisition shall be reconveyed by the compact to the prior owners thereof at current market value. Upon refusal or failure to accept reconveyance of such property by the prior owner, the compact may use or dispose of such property as provided for in this Chapter.

(21) To do all acts and things necessary or convenient for the powers granted to it by law.

§2181. State-designated projects: department approvals

A. A compact may, upon obtaining the approval of the Department of Transportation and Development undertake a state-designated project as a project under this Chapter.

B. Any portion of a compact project which is proposed to connect with or otherwise directly affect the operation of any portion of any state highway or any state-designated project shall be approved by the Department of Transportation and Development.

C. Notwithstanding any other law to the contrary, specifically including but not limited to the Louisiana Expressway Law (R.S. 48:1251 et seq.), any compact organized pursuant to the provisions of this Chapter shall have full power to carry out all of the powers and duties set forth in this Chapter, without the necessity of obtaining the approval or consent of the state, or any state agency, political subdivision, district, authority, or other public entity except as expressly provided for in this Chapter.

§2182. Acquisition of lands and property

A. For the purposes of this Chapter, a compact may acquire private or public property and property rights, including rights of access, air, view, and light, by gift, devise, purchase, or condemnation by eminent domain proceedings, as the compact may deem necessary for any of the purposes of this Chapter, including but not limited to any lands reasonably necessary for securing applicable permits, areas necessary for management of access, borrow pits, drainage ditches, water retention areas, test areas, placement access roads, and duties set forth in this Chapter.

B. In the acquisition of land and property, a compact may acquire an entire lot, block, or tract of land. If, by so doing, the acquisition costs to the compact will be equal to or less than the cost of acquiring only that portion of the property thereof necessary for the project, this Subsection is a specific recognition that this means of limiting the rising costs of such property acquisition is a public purpose and that, without this limitation, the viability of many public projects will be threatened. To that end, the provisions of R.S. 48:2180(20), regarding reconveyance of such excess portion shall not apply except in the case of the exercise by a compact of its right of eminent domain.

C. A compact may sell, lease, or otherwise dispose of all or any portion of a project, provided that the sale, lease, or other disposition of a state-designated project shall require department approval. Notwithstanding any law to the contrary, any surplus property may be sold in accordance with procedures adopted by the compact that maximize the price received for such property.

D. The right of eminent domain conferred by this Chapter shall be exercised by each compact in the manner provided by state law.
E. When a compact acquires property for a project, it is not subject to any liability imposed by pre-existing conditions. This Subsection does not, however, affect the rights or liabilities of any past or future owners of the acquired property, nor does it affect the liability of any governmental entity for the results of its actions which create or exacerbate a pollution source. The compact and the Louisiana Department of Environmental Quality may enter into interagency agreements for the performance, funding, and reimbursement of the investigative and remedial acts necessary for property acquired by the compact.

§2183. Public utilities

A. A compact shall have the power to make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation, and removal of any public utility, railroad, vehicular crossings of railroads, pipeline company, or other entity, in, on, along, over, or under a project. Whenever a compact shall determine that it is necessary that any public utility facilities which now are, or hereafter may be, located in, on, along, over, or under a project or any part thereof should be relocated or should be removed from such project, or should be carried along or across the project by grade separation, the owner or operator of such facilities shall relocate or remove the same in accordance with the order of the compact; however, the cost and expenses of such relocation or removal or grade separation, including the cost of installing such facilities in a new location or new locations, and the cost of any land, or any rights-of-way or interest in lands, and any other rights acquired to accomplish such relocation or removal, and the cost of maintenance of grade separation structures, shall be paid by the compact as a part of the cost of such project. In case of any such relocation or removal of public utility facilities, the owners or operators of the same, their successors or assigns, may use and operate such public utility facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the same terms and conditions, as they had the right to maintain and operate such public utility facilities in their former location or locations.

B. Notwithstanding the provisions of Subsection A of this Section, any utility allowed to exist on a compact’s right-of-way at the request of the utility pursuant to R.S. 48:2180(6), shall be responsible for any cost of relocation, removal, or grade separation and all expenses related thereto.

§2184. Levy special benefit assessments

A. A compact formed under the provisions of this Chapter may levy special benefit assessments for needed public rail transit facilities and services on the property which benefits from those facilities and services.

B. The intrastate rail compact transit facilities and services provide special benefits to parcels of land, and improvements thereon, in the vicinity of rail rapid transit stations, and provide general benefits to the community at large. The board of directors of a compact shall be conclusive judge of the proportion of special and general benefits produced by the facilities and of the distribution of the special benefits among parcels of property within the benefit assessment district.

C. The compact may exercise the powers granted to an economic development district pursuant to R.S. 33:9038.33 and 9038.34 as if the compact is such an economic development district; however, no state tax increments shall be dedicated to pay any revenue bonds of any compact or be otherwise used to obligate the state financially to support a compact or projects of a compact.

§2185. Local option

The provisions of R.S. 48:2184 shall not apply to any municipality or parish unless the qualified electors of the municipality or parish vote in favor of the application of this Chapter to the municipality or parish.

§2186. Contracts; construction and law enforcement

A. Contracts of a compact for the construction, improvement, repair, or maintenance of any municipal street system project, parish-related project, or project of a compact as defined in R.S. 48:2172(8) shall be made and awarded pursuant to Chapter 10 of Title 38 of the Louisiana Revised Statutes of 1950.

B. Exceptions shall be made for publicly funded improvements made to private railway property under contract to the compact for a public benefit, where the labor organizations of the private railway have agreements to carry out work on such property. In this case, the granted public benefit by the private railway company shall be considered an intangible asset owned by the compact.

C. Notwithstanding any law to the contrary, a compact may contract with a private entity to provide services for design, cost estimate, feasibility studies, operations, management and construction management services, provided that any contract awarded for such services shall be awarded only after the compact drafts and uses a request for proposal seeking proposals from qualified providers. Notice of such requests for proposal shall be published twice, once a week for two weeks, in the official journal of the compact and once in at least one trade journal. Such notice shall give a brief description of the services sought, where a complete request for proposal form may be obtained, and the deadline for response to the proposal, which shall be no less than thirty days from the last publication in the official journal. Nothing in this Subsection shall be construed to allow contracts for the construction, improvement, repairs, or maintenance of railways to be awarded in any manner other than as set forth in Subsection A of this Section.

D. A compact created hereunder shall contract with the state police, a law enforcement district, or a municipal law enforcement agency for law enforcement and patrol functions.

§2187. Bonds

A. Without reference to any provision of the Constitution of Louisiana and the laws of Louisiana, and a grant of power in addition to any other general or special law, a compact created pursuant to this Chapter may issue bonds for any corporate purpose and pledge revenues for the payment of the principal and interest of such bonds. A compact is further authorized, in its discretion, to pledge all or any part of any gift, grant, donation, or otherwise any sum of money, aid, or assistance from the United States, the state, or any political subdivision thereof, unless otherwise restricted by the terms thereof, all or any part of the proceeds of bonds, credit agreements, instruments, or any other money of the compact, from whatever source derived, for the further securing of the payment of the principal and interest of the bonds.

B. Bonds issued under the provisions of this Chapter shall not be deemed to constitute a pledge of the full faith and credit of the state or of any governmental unit thereof. All such bonds shall contain a statement on their face substantially to the effect that neither the full faith and credit of the state nor the full faith and credit of any public entity of the state are pledged to the payment of the principal or the interest on such bonds. The issuance of bonds under the provisions of this Chapter shall not directly, indirectly, or contingently obligate the state or any governmental unit of the state to levy any taxes whatever therefor or to make any appropriation for their payment, other than obligations to make payments by the state or public entities to the compact arising out of contracts authorized under this Chapter.
C. Prior to the issuance of any bonds for a project, a business plan shall be prepared detailing the estimated expenditures for and revenues from the operation of all capital improvements and the time schedule for such expenditures and receipts. The compact shall employ a financial advisor, and the plan shall be recommended by the compact's financial advisor as fiscally sound and approved by the compact prior to the issuance of any bonds.

D. Bonds shall be authorized by a resolution of the board and shall be of such series, bear such date or dates, mature at such time or times, bear interest at such rate or rates, require bonds or be subject to any limitations, be payable at such time or times, be in such denominations, be in such form, carry such registration and exchangeability privilege, be payable in such medium of payment and at such place or places, be subject to such terms of redemption prior to maturity at such price or prices as determined by the compact, and be entitled to such priority on the revenues as such resolution or resolutions may provide.

E. Bonds shall be sold by the compact at public sale by competitive bid or negotiated private sale and at such price or prices as the compact may determine to be in the best interest of the compact.

F. The issuance of bonds shall not be subject to any limitations, requirements, or conditions contained in any other law, and bonds may be issued without obtaining the consent of the state or any political subdivision, or of any agency, commission, or instrumentality thereof, except that the issuance of such bonds shall be subject to the approval of the State Bond Commission. The bonds shall be issued in compliance with the provisions of this Chapter.

G. For a period of thirty days after the date of publication of a notice of intent to issue bonds in the official journal of the compact, any person in interest shall have the right to contest the legality of the resolution and the legality of the bond issue for any cause, but after that time no one shall have any cause or right of action to contest the legality of the resolution or of the bonds or the security therefor for any cause whatsoever. If no suit, action, or proceeding is begun contesting the validity of the resolution, the bonds or the security therefor within the thirty days herein prescribed, the compact to issue the bonds and to provide for the payment thereof, the legality thereof, and of all of the provisions of the resolution authorizing the issuance of the bonds shall be conclusively presumed to be legal and shall be incontestable.

H. All bonds issued pursuant to this Chapter shall have all the qualities of negotiable instruments under the commercial laws of the state.

I. Any pledge of revenues or other monies made by a compact shall be valid and binding from the time the pledge is made. The revenues or monies so pledged and thereafter received by the compact shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the compact irrespective of whether such parties have notice thereof.

J. Neither the directors of the board nor any person executing the bonds shall be liable personally for the bonds or be subject to any personal liability or accountability by reason of the issuance thereof.

K. Bonds of a compact, their transfer, and the income therefrom shall at all times be exempt from all taxation by the state or any political subdivision thereof, and may or may not be exempt for federal income tax purposes. The bonds issued pursuant to this Chapter shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, and guardians. Such bonds shall be eligible to secure the deposit of any and all public funds of the state and any and all public funds of municipalities, parishes, school districts, or other political corporations or subdivisions of the state. Such bonds shall be lawful and sufficient security for said deposits to the extent of their value.

L. A compact organized pursuant to this Chapter is hereby authorized to provide by resolution for the issuance of refunding bonds of the compact for the purpose of refunding any bonds then outstanding and issued by the provisions of this Chapter, whether or not such outstanding bonds have matured or are then subject to redemption. The compact is further authorized to provide by resolution for the issuance of a single issue of bonds of the compact for the combined purposes of (1) refunding bonds, to refund the costs of any projects and (2) refunding the compact which shall then be outstanding, whether or not such outstanding bonds have matured or are then subject to redemption. The issuance of such refunding bonds, the maturity, and the other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties, and obligations of the compact with respect to the same, shall be governed by the foregoing provisions of this Chapter insofar as the same may be applicable.

M. A compact created hereunder shall have the authority to employ all professionals it deems necessary in the issuance of its bonds, including but not limited to bond counsel, issuer counsel, financial advisors, and fiduciaries.

N. A compact created hereunder shall be deemed to be a public entity for purposes of Chapters 13, 13-A, 14, 14-A, 14-B, and 15-A of Title 39 of the Louisiana Revised Statutes of 1950, as amended, which chapters shall apply to bonds of a compact, provided that in the event of a conflict with the provisions of this Chapter, the provisions of this Chapter shall control.

§2188. Chapter supplemental; liberal construction

The powers and rights conferred by this Chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized thereof, shall be regarded as supplemental and additional to powers conferred by other general laws, and shall not be regarded as in derogation of any powers now existing. This Chapter does and shall be construed to provide a complete and additional method for the issuance of bonds. No proceeding, hearing, notice, or approval shall be required for the issuance of any bonds or any instrument as security therefor, except as provided herein. The provisions of this Chapter shall be liberally construed for the accomplishment of its purposes.

§2189. Cessation of railway; conveyance of project

A. When bonds issued for any parish-related project and the interest thereon have been paid in full, or sufficient funds have been deposited in trust for that purpose, and the parish project is in a condition of maintenance satisfactory to the parish, said project and any property acquired as part of project costs shall be transferred by the compact to and shall thereby be conveyed in full ownership to the respective parish, and the parish shall assume jurisdiction and control of the project, which shall then become part of the parish road system and subject to maintenance, control, and operation of the parish as an integral part of the parish road system, and the parish, in its discretion, may provide that any toll or fee collected may be continued for the purpose of maintenance. Upon the later of payment in full of all bonds and the interest thereon, the deposit of funds in
trust for such purpose, or the final resolution of any disputes or litigation pending against a compact on such transfer and conveyance date, the existence of the compact shall terminate. From the date of such transfer and conveyance of the project, the compact shall continue to exist to dispose of any unresolved litigation not related to the day-to-day management of the project. If no such litigation is pending on the date the project transfers and conveys, the compact shall terminate on the transfer and conveyance date.

B. When bonds issued for any municipal-designated project and the interest thereon has been paid in full, or sufficient funds have been deposited in trust for that purpose and the municipal project is in a condition of maintenance satisfactory to the municipality, said project and any property acquired as part of the project costs shall be transferred by the compact to and shall thereby be conveyed in full ownership to the respective municipality, and the municipality shall assume jurisdiction and control of the project, which shall then become part of the municipal road system and be subject to maintenance, control, and operation of the municipality as an integral part of the municipal road system, and the municipality, in its discretion, may provide that any fee collected may be continued for the purpose of maintenance. Upon the later of either the payment in full of all bonds and the interest thereon, or the deposit of funds in trust for such purpose, or the final resolution of any disputes or litigation pending against a compact on such transfer and conveyance date, the existence of the compact shall terminate. From the date of such transfer and conveyance of the project, the compact shall continue to exist to dispose of any unresolved litigation not related to the day-to-day management of the project. If no such litigation is pending on the date the project transfers and conveys, the compact shall terminate on the transfer and conveyance date.

C. A notice of transfer and reversion of ownership of any such project shall be published twice in the official journal of the state, parish, or municipality, as the case may be, to receive such ownership conveyance with the first publication to be made not more than one hundred eighty nor less than one hundred fifty days from the full bond principal and interest payment or date of deposit in trust therefor and the second not more than ninety nor less than sixty days therefrom.

D. Any parish or municipality may form or join a compact formed under the provisions of this Chapter by another parish or municipality with the approval of the governing authority of such parish or parish president, or the governing authority of the municipality.

AMENDMENT NO. 4

On page 2, line 12, change “Section 2. This Act” to “Section 3. The provisions of Section 1 of this Act”

AMENDMENT NO. 5

On page 2, after line 13, insert the following:

"Section 4. In the event of any conflict between the provisions of this Act and those of the Act which originated as House Bill 1410 of this Regular Session in 2010, regardless of which Act is adopted later or signed later by the governor, the provisions of this Act shall supersede and prevail.

Section 5. The provisions of Sections 3, 4, and this Section of this Act shall become effective July 1, 2010."

Rep. Michael Jackson moved that the amendments proposed by the Senate be rejected.

submitted to a vote in accordance with the Louisiana Election Code shall be approved by a majority of the qualified electors of the parish voting in an election held for that purpose. In submitting a sales tax proposition to a vote, the board may enter into a cooperative endeavor agreement with the parish governing authority providing for the sales tax to be divided into parts between the parish and the authority for such purposes and in such amounts as may be set forth in the proposition.

(b) The tax shall be levied upon the sale at retail, the use, the lease or rental, the consumption, the distribution, and storage for use or consumption of tangible personal property, and upon the sales of services within the parish, all as defined in R.S. 47:301 et seq.

(c) Except where inapplicable, the procedure established by R.S. 47:301 et seq. shall be followed in the imposition, collection, and enforcement of the tax, and procedural details necessary to supplement those Sections and to make them applicable to the tax herein authorized shall be fixed in the resolution imposing the tax.

(d) The tax shall be imposed and collected uniformly throughout the parish.

(e) Any tax levied under this Paragraph shall be in addition to all other taxes which the parish or any other political subdivision within the parish is now or hereafter authorized to levy and collect.

§4720.57.1 Creation of Sudistricts

A(1) The authority may, in the implementation of a redevelopment plan, create one or more subdistricts to conduct, oversee, or assist in the implementation of such redevelopment plan. The boundaries of such a subdistrict may include all or part of the redevelopment area. Such a subdistrict shall have and exercise such powers and responsibilities as the authority shall specify in the enabling resolution. The full extent of such powers and responsibilities may include such powers as the authority itself may exercise, and such other powers as are granted to the subdistrict by this Paragraph or any other law, but any exercise of such powers by the subdistrict shall be confined solely to the geographical limits of the subdistrict. Such a subdistrict may be established to exist at the pleasure of the authority, or for any period of time, or until the happening of any occurrence or occurrences, that the authority may specify.

(2) The creation of a subdistrict shall in no instance result in the detachment, severance, or loss of any power or responsibility granted to the authority by this Chapter, and within the confines of any subdistrict, the authority shall have full jurisdiction, concurrent with that of the subdistrict, to exercise said powers and responsibilities. The fact that a certain power is exercised or implied in this Paragraph as pertinent to a subdistrict’s conduct, overseeing, or assistance in the implementation of the redevelopment plan shall not suggest or imply that such power is otherwise denied to the authority. However, the authority and its subdistricts shall not, collectively, have any greater power to tax than that granted, in the first instance, to the authority alone.

(3) Unless otherwise specified in the resolution or other formal act creating the subdistrict, the board members of the authority shall constitute the governing authority of the subdistrict.
(4) Unless otherwise specified in the resolution or other formal act creating the subdistrict, the subdistrict shall be a distinct and separate juridical entity, and the rights, interests, and liabilities of the subdistrict shall not under any circumstances be considered those of the authority.

(5)(a) In addition to the other powers it may be granted, a subdistrict may enjoy, within its geographical boundaries, the powers of tax increment financing, the issuance of revenue bonds, and those other powers that may be exercised by an economic development district created by a local governmental subdivision pursuant to R.S. 33:9038.32. However, the subdistrict shall remain subject to all limitations and reservations applicable to the powers of the authority.

(b) Prior to the dedication of any state sales tax increments to be used for an authorized purpose of a subdistrict, the secretary of the Department of Economic Development shall submit the proposal to the Joint Legislative Committee on the Budget for approval. The submittal shall also include a written evaluation and determination by the department, with input from and certification by the Department of Revenue, of the anticipated increase in state sales tax revenues to be collected within the state over state sales tax revenues that were collected within the state in the year immediately prior to the year in which the proposal is submitted to the committee that would be a direct result of the proposal. In addition, any cooperative endeavor agreement or other agreement providing for the expenditure of funds collected by the state as state sales tax increments and dedicated to a project or for the payment of revenue bonds therefor shall be subject to approval by the State Bond Commission prior to execution by the state.

Section 2. R.S. 33:4720.67 is hereby repealed.

AMENDMENT NO. 1
In Senate Committee Amendment No. 4 proposed by the Senate Committee on Local and Municipal Affairs and adopted by the Senate on June 11, 2010, on page 1, after line 36 insert the following:

(23)(a) To purchase property at a sale conducted pursuant to enforcement of judicial mortgages created in accordance with R.S. 13:2575(C) by tendering a bid equal to or greater than the minimum bid advertised, which bid may be a credit bid consisting of the obligation of the authority to satisfy the bid by payment to the political subdivision holding the lien being enforced in accordance with intergovernmental agreements between the authority and such political subdivision. Such a bid shall be given priority over all other bids regardless of amount, except for a higher bid submitted by a conventional mortgage holder holding a mortgage on the subject property.

(b) The state and any political subdivision with liens on the property may, pursuant to intergovernmental agreements with the authority, cancel such liens contemporaneously with or subject to the transfer of the property to the authority.

(24)(a) The authority shall have the right, subject to the provisions of this Section, to purchase properties at tax sales conducted in accordance with R.S. 47:2183, and any and all such purchases shall be a purchase pursuant to R.S. 47:2183 and not an adjudication to a political subdivision.

(b) Notwithstanding the provisions of Chapter 5 of Subtitle III of Title 47 of the Louisiana Revised Statutes of 1950, the authority may tender a bid at a tax sale which is a credit bid, consisting of the obligation of the authority to satisfy the component parts of the bid by payments to the respective political subdivisions and taxing entities in accordance with intergovernmental agreements between the authority and such political subdivisions and taxing entities.

(c) A bid by the authority at a tax sale for the minimum amount shall take priority over all other bids for the same quantity of property, except for a higher bid submitted by a conventional mortgage holder holding a mortgage on the subject property.

(25) The authority shall have the right and cause of action to enforce any and all liens and other encumbrances assigned by the city of New Orleans.

AMENDMENT NO. 2

"§620. Transfer of other service credit

A. Any member who would otherwise be eligible for benefits under the plan except that his first employment making him eligible for membership in any state system occurred on or before December 31, 2010, and who has not participated in the Deferred Retirement Option Plan, shall have the right to irrevocably elect to become a member of the plan by submitting an application to the board of trustees to be effective on or after January 1, 2011.

B. Any member who elects to join the Hazardous Duty Services Plan from an existing plan shall have the option of:

(1) Maintaining prior service credit in the existing plan pursuant to the provisions of that plan and accruing service credit and benefits in the Hazardous Duty Services Plan after the date he joins the plan.

(2)(a) An internal actuarial transfer from plan to plan in accordance with the provisions of R.S. 11:143(C) and (D) in which this system is both the transferring and receiving system in which the member transfers all of his service credit from each other plan in this system and maintains prior service credit at the accrual rate at which it was earned in the existing plan prior to joining the Hazardous Duty Services Plan. In the event that the amount of funds transferred is less than the actuarial cost of the service transferred to the plan, the member transferring, except as otherwise provided in this Section, shall pay the deficit or difference including the interest thereon on the board-approved actuarial valuation rate of the system.

(b) In lieu of paying the deficit or difference plus interest, the member may at his option, but only at the time of transfer, he granted an amount of credit in the plan which is based on the amount of funds actually transferred plus any additional funds less than the deficit paid by the member.

(c) Except as otherwise provided in Subparagraph (d) of this Section, a member who completes a transfer under the provisions of this Section shall have his retirement benefit calculated using the accrual rate of the plan from which he transferred based on the number of years transferred.

(d) A member choosing an internal actuarial transfer shall be eligible to upgrade any service credit that was actuarially transferred pursuant to this Subsection to the accrual rate of the Hazardous Duty Services Plan by paying an amount that totally offsets the increase in actuarial liability resulting from the upgrade in accordance with R.S. 11:138.

C. An employee who is a contributing member of any other plan in this or another state or statewide system who would otherwise be required to become a member of this plan as a condition of employment in a position which would otherwise qualify him for such membership after January 1, 2011, may elect at the time of his employment in such position to remain a contributing member of such other system for which he remains eligible for membership.

D. A member whose first employment making him eligible for membership in a state retirement system occurred on or before December 31, 2010, who elects to transfer to this plan shall thereafter for purposes of all state retirement systems be treated as an employee whose first eligibility for membership occurred on or after January 1, 2011.

E. Notwithstanding any other provision of law to the contrary, the premiums for health insurance coverage paid by any retiree participating in the Office of Group Benefits program who has transferred service credit to this plan from another plan in this or any other state system and has retired pursuant to R.S. 11:614(A)(1) or (2) shall be increased by an amount sufficient to pay for any increase in the employer's premiums resulting from his retirement pursuant to
these provisions. Such increase in the retiree's premium shall be
deducted from the retiree's monthly benefit and remitted to the Office
of Group Benefits. The Office of Group Benefits shall offset the
employer's premium payments by such amount.
§621. Survivors' benefits for former or retired members

A. The surviving spouse of a deceased former member shall
receive a benefit in an amount equal to fifty percent of the monthly
retirement benefit that would have been payable to the decedent,
provided all of the following conditions exist:

(1) The decedent had terminated employment covered by this
system prior to attaining the requisite age for retirement eligibility.

(2) The decedent has credit for at least twelve years of service
in this system and has contributions credited to his account.

B. The surviving spouse of a deceased retired member shall
receive a benefit in an amount equal to seventy-five percent of the
monthly retirement benefit that was being paid to the decedent on the
date of death.

C. (1) If there is no surviving spouse eligible to receive benefits
pursuant to Subsection A or B of this Section, the minor children of
the decedent shall be entitled to benefits as provided in R.S.
11:471.1.

(2) As each minor child attains age eighteen, or age twenty-three
if a student, he shall receive no further benefits payable pursuant to
this Subsection.

**C.(1)(a) If there is no surviving spouse eligible to receive benefits pursuant to Subsection A or B of this Section, or if the spouse has remarried and forfeited his or her benefit under R.S. 11:1321, the minor children of the decedent shall be entitled to benefits equal to fifty percent of the monthly retirement pay that would have been payable to the decedent, or was being paid to the decedent on the date of death.

(b) As each minor child attains age eighteen, or age twenty-three if a student, he shall receive no further benefits payable pursuant to this Subsection.

(2) If there is no surviving spouse eligible to receive benefits pursuant to Subsection A or B of this Section and there are no eligible minor children, then the parents of the decedent shall be entitled to benefits as provided in R.S. 11:1319.

D. Remarriage of the surviving spouse acts as a forfeiture of any rights to receive any further benefits pursuant to this Section."

AMENDMENT NO. 4

On page 1, delete lines 15 and 16 and insert:

"B.(1) Except as provided in Subsection C of this Section for the Louisiana State Employees' Retirement System and except as provided in R.S. 11:102.1 and 102.2 and in Paragraph (5) of this Subsection, for each fiscal year, commencing with Fiscal Year 1989-1990, for each of the public retirement systems referenced in Subsection A of this Section, the legislature shall set the required employer contribution rate equal to the actuarially required employer contribution, as determined under Paragraph (3) of this Subsection, divided by the total projected payroll of all active members of each particular system for the fiscal year. Each entity funding a portion of a member's salary shall also fund the employer's contribution on that portion of the member's salary at the employer contribution rate specified in this Subsection.

(2) At the end of each fiscal year, the difference between the actuarially required employer contribution for the fiscal year, as determined under Paragraph (3) of this Subsection or pursuant to Subsection C of this Section, and the amount of employer contributions actually received for the fiscal year, excluding any amounts received for the extraordinary purchase of additional benefits or service, shall be determined.

* * *

(b) At the end of each fiscal year, the difference between the minimum employer contribution, as required by the Constitution of Louisiana, and the actuarially required employer contribution for the fiscal year, as determined under Paragraph (3) of this Subsection or pursuant to Subsection C of this Section, shall be determined and applied in accordance with the following provisions:

(i) The amount, if any, by which the actuarially required contribution for a system exceeds the constitutionally required minimum contribution for that system shall be accumulated in an employer credit account which shall be adjusted annually to reflect any gain or loss attributable to the balance in the account at the actuarial rate of return earned by the system.

(ii) Except as provided in Paragraph (5) of this Subsection, annual contributions required in accordance with this Subsection, or the constitutional minimum if greater, may be funded in whole or in part from the employer credit account, provided the employer contribution rate or rates for the system as set forth in R.S. 11:62 has or have been reduced to an amount equal to or less than fifty percent of the annual normal cost for the system or the plan as provided in Subsection C of this Section, rounded to the nearest one-quarter percent.

* * *

(c) Except as provided in R.S. 11:102.1 and 102.2, differences occurring for any other reason shall be added to or subtracted from the following fiscal year's actuarially required employer contribution
in accordance with Subparagraph (3)(c) of this Subsection or with Subsection C of this Section.”

AMENDMENT NO. 5

On page 2, line 6 after "System," and before "beginning" insert "effective for the June 30, 2010, system valuation and" and at the beginning of line 7 change “2010-2011” to “2011-2012.”

AMENDMENT NO. 6

AMENDMENT NO. 7

On page 2, after line 28 insert:

"(4) At the end of the fiscal year during which the assets of a system, excluding the outstanding balance due to Subparagraph B(3)(c) of this Section, exceed the actuarial accrued liability of that system, the amortization schedules contained in Subparagraphs B(3)(b) and (d) or in Subsection C of this Section shall be fully liquidated and assets in excess of the actuarial accrued liability shall be amortized as a credit in accordance with the provisions of Subparagraph B(3)(d) of this Section.

(5)(a)  * * *

(b) At the end of each fiscal year, the difference, if any, by which the amount of contributions received from payment of all employer contributions at the fixed minimum employer contribution rate established pursuant to this Paragraph exceeds the greater of the minimum employer contribution required by Article X, Section 29 of the Constitution of Louisiana or the statutory minimum employer contribution calculated according to the methodology provided for in Items (3)(d)(i) through (iv) of this Subsection or in Paragraph (C)(4) of this Section shall be accumulated in an employer credit account for the respective system.

* * *

AMENDMENT NO. 8

On page 3, line 2 after "System" and before "beginning" insert "effective for the June 30, 2010, system valuation and" and change “2010-2011” to “2011-2012.”

AMENDMENT NO. 9

AMENDMENT NO. 14

On page 4, line 4, at the end of the line delete "calculated pursuant to" and delete lines 5 through 14 and insert the following:

“due to legislation, changes in governmental organization, or reclassification of employees or positions shall be calculated individually for each particular plan within the system based on each plan’s actuarial experience as further provided in Paragraph (4)(c) of this Subsection.

(4) For each plan referred in Paragraph (1) of this Subsection, the legislature shall set the required employer contribution rate equal to the sum of the following:

(a) The particularized normal cost rate. The normal cost rate for each fiscal year shall be the employer’s normal cost for the plan computed by applying the method specified in R.S. 11:102(B)(1) and (3)(a) to the plan.

(b) The shared unfunded accrued liability rate. A single rate shall be computed for each fiscal year, applicable to all plans for actuarial changes, gains, and losses existing on June 30, 2010, or occurring thereafter, including experience and investment gains and losses, which are independent of the existence of the plans listed in Paragraph (1) of this Subsection, the payment and rate therefor shall be calculated as provided in Paragraphs (B)(1) and (3) of this Section.

(c) The particularized unfunded accrued liability rate. For actuarial changes, gains, and losses, excluding experience and investment gains and losses, first recognized in the June 30, 2010, valuation or in any later valuation, attributable to one or more, but not all, plans listed in Paragraph (1) of this Subsection or to some new plan or plans, created, implemented, or enacted after the effective date of this Subsection, a particularized contribution rate shall be calculated as provided in Paragraphs (B)(1) and (3) of this Section.

(d) The shared gross employer contribution rate difference. The gross employer contribution rate difference shall be the difference between the minimum gross employer contribution rate provided in Paragraph (B)(5) of this Section and the aggregate employer contribution rate calculated pursuant to the provisions of Subsection B of this Section.

(5) Each entity funding a portion of the member’s salary shall also fund the employer’s contribution on that portion of the member’s salary at the employer contribution rate specified in this Subsection.

2294
(6) For purposes of Paragraph (B)(2) of this Section the actuarially required employer contributions and the employer contributions actually received for all plans shall be totaled and treated as a single contribution.

AMENDMENT NO. 15
On page 4, at the beginning of line 15 change "(4)" to "(7)"

Rep. Pearson moved that the amendments proposed by the Senate be concurred in.

Payable out of Federal Funds to the Payments to Public Providers Program for Medicaid claims payments to the LSU Health Care Services Division $ 7,789,242

Provided, however, that of the total appropriated herein for the Payments to Private Providers Program, the department shall restore the Medicaid reimbursement rates paid to the private providers of Intermediate Care Facilities for people with Developmental Disabilities which have downsized from over 100 beds to less than 35-bed facilities prior to December 31, 2010, to the reimbursement rate in effect on January 1, 2009.

The commissioner of administration is hereby authorized and directed to reduce the State General Fund (Direct) expenditures contained in this budget unit by an amount sufficient to generate a savings of $21,966,175. Additionally, federal funding in the amount of $30,253,219 shall be reduced by the commissioner of administration accordingly. Provided, however, that a total of $67,219,394 in savings shall be generated out of the Payments to Private Providers Program by the implementation of an equitable distribution of reductions to reimbursements for Medicaid services exclusive only of those services for which the payment methodology or minimum threshold is mandated in federal rules, regulations or law such that by reducing such reimbursements would jeopardize federal financial participation in the Medicaid program. Provided, further, that the remaining $5,000,000 of state general fund shall be reduced from the Payments to Public Providers Program out of the appropriation for the LSU hospitals to offset the loss of federal disproportionate share (DSH) dollars pursuant to the enforcement of the DSH Audit Rule. This reduction shall be distributed as follows: $3,761,062 to the LSU Health Care Services Division; $887,285 to the LSU Health Sciences Center - Shreveport; $186,962 to E. A. Conway Medical Center; and $164,691 to Huey P. Long Medical Center.
Provided, however, that the commissioner of administration is authorized and directed to adjust the means of finance for this agency by reducing the appropriation out the State General Fund by Statutory Dedication of the Overcollections Fund by $318,000,000 and Federal Funds by $941,904,913.

Provided, however, that the department shall not amend the reimbursement methodology for the utilization of United States Food and Drug Administration approved drugs indicated for immunoprophylaxis of respiratory syncytial virus for at-risk pediatric patients to be more restrictive than was in place on October 1, 2009.

Provided, however, that this legislature recognizes the United States Congress may authorize an increase in the federal financial participation in the Medicaid program by enacting an increase in the Federal Medical Assistance Percentages (FMAP) rate, which the Department of Health and Hospitals is required to utilize for the Medicaid program. In the event that the United States Congress enacts such FMAP change, then the department is hereby directed to withhold spending of the approximately $90 million in cost reports which are, in turn, to be held for the payment of the federal disallowance."

The Department may explore the development of mechanisms to support the continued operation of state-funded health care programs through public/private collaborations with hospitals and health systems that desire to partner with the state. Such collaborations, in their design, shall ensure the efficient use of the resources of all parties to such collaborations and continued access to services. Upon the completion of the design of any such collaborations, the department shall submit a plan detailing the state-funded health care programs impacted, all potential participants in the collaborations, a breakdown of the sharing of financial resources and the methodology of mechanisms developed to the Joint Legislative Committee for its review and approval.

Provided, however, that in the event such collaborations are implemented via cooperative endeavor agreements, the department shall strictly adhere to all requirements for cooperative endeavor agreements established pursuant to R.S. 39:366.11.

Provided, further, that the Department of Health and Hospitals, subject to the prior approval of the Joint Legislative Committee on the Budget, is authorized to develop additional funding mechanisms for hospitals to assist in the provision of care for the poor as allowed under federal law. Upon the approval of the Joint Legislative Committee on the Budget, the department may then request the approval of the Centers for Medicare and Medicaid Services as necessary for implementation of such funding mechanisms."
