Provided, however, as fluoride varnish is proven to reduce and prevent cavities in primary teeth of young children resulting in significant reductions in subsequent restorative treatments, the department may reimburse for preventive fluoride varnish applications by physicians as part of the oral assessment at well-child visits or other scheduled visits.

Provided, however, in order to ensure that patient access to hospital care remains unimpacted, the department shall optimize all funding for Medicaid ambulance transportation in the state.

Provided, however, that of the total appropriated herein for the Payments to Private Providers Program, the department shall maintain the Medicaid reimbursement rates paid to the private providers of Intermediate Care Facilities for people with Developmental Disabilities which have downsized from over 100

beds to less than 35-bed facilities prior to December 31, 2010, at the reimbursement rate in effect on January 1, 2009.

Provided, however, that the department is hereby authorized and directed to engage in deliberations with municipal mass transit programs across the state in an effort to develop a reimbursement methodology utilizing the certification of public expenditure (CPE) or intergovernmental transfer (IGT) processes to compensate said programs for the transportation of Medicaid recipients to Medicaid-covered health care services currently being provided. Provided, further, the department shall submit a report to the Joint Legislative Committee on the Budget, no later than February 1, 2012, on the overall viability, services to be covered and five-year estimated cost of the state partnering with these municipal mass transit programs to implement such a reimbursement methodology.

Provided, however, that the department shall not amend the criteria for the utilization of United States Food and Drug Administration-approved drugs indicated for immunoprophylaxis of respiratory syncytial virus for at-risk pediatric patients to be more restrictive than as in place on October 1, 2009.

Provided, however, that the total appropriated herein out of State General Fund (Direct) payments to the ten hospitals administered by the Louisiana State University Board of Supervisors to replace funding that otherwise would have been reimbursed as disproportionate share hospital (DSH) payments had the federal government not implemented the "DSH Audit Rule" shall be allocated as follows:

Provided, further, that, in the event the department is able to maximize the funding allocated above by drawing down federal financial participation in the Medicaid program, the department may proceed in drawing down these funds and reallocating the monies after submitting a plan to the Joint Legislative Committee on the Budget for its review."
