AMENDMENT NO. 3

On page 1, line 9, after "amended and reenacted and R.S. 35:" insert "15, 15.1,"

AMENDMENT NO. 4

On page 1, between lines 10 and 11, insert the following:

"§15. Revocation or suspension of notarial commission or authority to exercise notarial powers

A. A notary public who is not an attorney may have their notarial commission and powers revoked or suspended when it is demonstrated, by clear and convincing evidence after rule to show cause, that the notary has engaged in any of the following:

(1) Dishonesty, fraud, deceit, or misrepresentation.

(2) Conviction of a felony for which no pardon has been issued.

(3) Gross misconduct or malfeasance in the exercise of their notarial powers.

(4) Certifying as true what they knew or should have known was false.

(5) Violation of any provision of this Title, or any other law governing the office of notary public or the exercise of any notarial power or duty.

(6) Ceasing to possess any qualification required for holding their commission as a notary public.

(7) Abandonment of their commission.

B. The rule to show cause shall be instituted by the district attorney or the attorney general in the district court of either the parish in which the notary is commissioned or the parish where the conduct complained of occurred. Such rule to show cause shall be tried contradictorily with the notary public in summary proceeding.

C. (1) If after a hearing the court finds that the notary public was convicted of a felony for which no pardon has been issued, or engaged in an act of gross misconduct or malfeasance in the exercise of their notarial powers, or ceased to possess any qualification required for holding their commission, the court shall order the revocation of the notary's commission and shall prohibit the notary from the further exercise of notarial powers.

(2) If after hearing the court finds that the notary public committed any other act set forth in Subsection A of this section, the court may revoke the notary's commission and prohibit the notary from further exercise of notarial powers, or may suspend their commission and authority to exercise notarial powers for a specific period of time, to be determined by the court.

D. A court ordering the revocation of a notary's commission or the suspension of his notarial powers shall further cast the notary in judgment for attorney fees and court costs. The court may additionally order restitution to be paid by the notary public to such persons as the court determines were damaged by the conduct giving rise to the suspension of notarial powers or the revocation of commission.

E. When the rule to show cause is instituted against a person for their actions as an ex-officio notary public, or for their performance of notarial powers on behalf of an employer as authorized by law, then the person appointing the ex-officio notary or the person's employer, as applicable, shall also be named as a defendant and required to show cause why the appointment or authorization should not be revoked. Any additional defendant named pursuant to this subsection shall not be cast in judgment for attorney fees, costs, or restitution.

F. The provisions of this Section shall not apply to an attorney licensed to practice law in this state who exercises notarial powers.

§15.1. Administrative revocation of notarial commission or authority

A. The secretary of state shall suspend the commission of a notary public who is not an attorney when the notary ceases to be a registered voter in the parish of that notary's commission, or is convicted of a felony in a trial court. The secretary of state shall send a notice of suspension by certified mail, return receipt requested, to the notary public stating the reasons for his suspension.

B. If the suspension arises from failure of the notary to be registered as a voter in their parish of commission, the notice of suspension shall give the notary public ten days from the date of receipt to register as a voter in the parish of his commission. If the notary public fails to do so, the secretary of state shall notify the district attorney of the parish in which the notary is commissioned for the purpose of institution of a rule to show cause to revoke the commission pursuant to R.S. 35:15.

C. If the suspension arises from conviction of a felony in a trial court, the period of suspension shall continue until the conviction is final and all appellate review of the original trial court proceedings has been exhausted. If the conviction is reversed upon appeal, or if a pardon is issued for the conviction, the suspension shall terminate and the commission shall be reinstated. When the conviction is final and all appellate review of the original trial court proceedings is exhausted, and if no pardon has been issued, the secretary of state shall notify the district attorney of the parish in which the notary is commissioned for the purpose of institution of a rule to show cause to revoke the commission pursuant to R.S. 35:15.

On page 6, delete lines 22 through 25 and insert the following:

"§2241.7. Disability retirement

A.(1) Eligibility for disability benefits, procedures for application for disability benefits, procedures for the certification of continuing eligibility for disability benefits, the authority of the board of trustees to modify disability benefits, and procedures governing the restoration to active service of a formerly disabled employee shall be as provided in R.S. 11:202 through 225.

(2) The burden of proving that a disability is not based on a preexisting condition, prohibiting receipt of benefits, shall lie with

the employee if the physical examination and waiver forms required by R.S. 11:2214(A)(2) have not been submitted to the system.

B.(1) The board of trustees shall award disability benefits to eligible members who have been officially certified as disabled to perform the position held by the member at the time that the disability was incurred or as disabled to perform any other position paying the same salary currently available in the department if the disability is not the result of a preexisting condition. Upon receipt of any application for disability retirement, the system shall request from the chief of police the job descriptions of all positions currently available in the department paying the same salary. Such job descriptions shall be submitted to the system within thirty days, or it shall be presumed that no position is available that pays the same salary. The disability benefit shall be determined as provided in this Section.

(2) Upon application for retirement due to a total and permanent disability caused solely as the result of injuries sustained in the performance of his official duties, a member shall receive a disability benefit equal to two and three-quarters percent of his average final compensation multiplied by his years of creditable service, but not less than thirty-three percent nor more than fifty-five percent of his average final compensation.

(3) Upon application for retirement due to a total and permanent disability, any member with at least ten years creditable service shall receive a disability benefit equal to two and three-quarters percent of his average final compensation multiplied by his years of creditable service, but not less than thirty-three percent nor more than fifty-five percent of his average final compensation.

(4) In no case shall any disability benefit approved by the board of trustees be paid until all employee and employer contributions are received by the retirement system, covering through the date of termination of employment. Furthermore, no application for disability benefit shall be approved until all previously refunded contributions from the system have been repaid, including compounded interest at the board-approved actuarial valuation rate thereon from the date of refund until repaid in full.

C.(1) At the time of attainment of normal retirement age, a service-connected disability benefit recipient shall have the option to continue to receive his disability retirement benefit or his vested retirement benefit for the remainder of his life; if he elects to receive his vested retirement benefit, such benefit shall be equal to the greater of his disability benefit or his vested retirement benefit. Such election filed with the retirement system shall become irrevocable thirty days after receipt.

(2) Upon attainment of normal retirement age, a disability recipient not covered by Paragraph (1) of this Subsection shall receive the greater of his disability retirement benefit or his vested benefit.

D. Any person who is receiving or has received a disability retirement benefit from any law enforcement or police retirement plan or pension and relief fund for policemen, except disability retirees of this system, shall not be eligible for membership in the Municipal Police Employees' Retirement System if he becomes no longer disabled and returns to service in the same municipality or becomes employed as a policeman or law enforcement officer while receiving a disability benefit.

E.(1) Any disability retiree who is in a coma or who is paraplegic, when such condition is solely the result of injuries sustained in the performance of his official duties and such condition is certified by the State Medical Disability Board shall receive a benefit equal to his average final compensation.

(2) Any disability retiree who is blinded or who loses the total use of a limb solely as a result of injuries sustained in the

performance of his official duties and whose condition is certified by the State Medical Disability Board shall receive a benefit equal to his average final compensation. No funds derived from the assessments against insurers pursuant to R.S. 22:1476 shall be used to pay any increased costs or increase in liability of the system resulting from the provisions of this Paragraph.

F. Notwithstanding the provisions of R.S. 11:221(D), any disability benefits granted under the provisions of this Section shall not be reduced because the disability retiree is also receiving social security disability benefits.

§2241.8. Survivor Benefits

Benefits shall be payable to any survivor of an active contributing member who dies before retirement or a disability retiree who dies after retirement as specified in the following:

(1)(a) If an active contributing member or a disability retiree either of whom has at least ten years of creditable service in the system dies and leaves a surviving spouse, the surviving spouse shall receive a benefit calculated according to the regular retirement formula, disregarding age, but not less than thirty-three percent nor more than fifty-five percent of the member's average final compensation. If the surviving spouse remarries, such benefit shall cease unless remarriage occurs after age sixty years; the benefit shall resume after a subsequent termination of the new marriage and upon approval of the board of trustees.

(b) If the board of trustees determines that an active contributing member is killed as a result of injuries sustained in the line of duty, the cessation of benefits upon remarriage set forth in this Paragraph shall not apply. The surviving spouse shall receive a benefit equal to one hundred percent of the member's average final compensation less any survivor benefits payable to a child or children as provided in this Section. The sum of survivor benefits paid to children and a surviving spouse shall not exceed one hundred percent of the member's final average compensation. No funds derived from the assessments against insurers pursuant to R.S. 22:1476 shall be used to pay any increased costs or increase in liability of the system resulting from the payment of benefits to a surviving spouse pursuant to this Item.

(2)(a) If an active contributing member or a disability retiree either of whom has at least ten years of creditable service in the system dies and leaves, in addition to a surviving spouse, one or more children under eighteen years of age, each child under age eighteen shall be paid monthly benefits equal to ten percent of the deceased member's average final compensation, or two hundred dollars per month, whichever is greater. However, benefits payable on account of each child, when added to the benefits payable to the surviving spouse, shall not exceed an aggregate of one hundred percent of the deceased member's average final compensation. Benefits for a surviving child shall cease upon the child's attainment of age eighteen years or upon marriage, whichever occurs first, except that benefits shall continue:

(i) For a surviving child to age twenty-three if the child is a full-time, unmarried student at a recognized institution of higher education, high school, or vocational-technical school, and

(ii) For a surviving totally physically handicapped or mentally handicapped child if such child was totally physically handicapped or mentally handicapped at the time of death of the member or became so prior to the attainment of age eighteen and is dependent upon the surviving spouse or other legal guardian for subsistence.

(b) If an active contributing member or a disability retiree either of whom has at least ten years of creditable service in the system dies and does not leave a surviving spouse but leaves one or more children under the age of eighteen, each child under age eighteen shall be paid monthly benefits equal to twenty-five percent of the

deceased member's average final compensation. Benefits paid on account of each child shall not exceed an aggregate of fifty percent of the average final compensation. If the deceased member is survived by only one minor child, the child shall be paid not less than thirty percent of the deceased member's average final compensation. Benefits shall continue after the minor child attains age eighteen as provided in Subparagraph (a) of this Paragraph.

(c) If at the time of a member's death the member is not married to the natural parent of any child or children who are entitled to receive a payment pursuant to this Section and if a trust has been created by the deceased member for the benefit of such child or children, the payment shall be made to any person designated as a trustee by the member on a certified copy of a trust document submitted to the system by the member.

(3) If a member who is eligible for retirement dies before retiring, the surviving spouse shall automatically be paid benefits as though the member had retired on the date of his death and elected Option 2, naming the surviving spouse as beneficiary, or shall be paid benefits as provided in this Section whichever is greater.

(4) Any member who has twelve or more years of service credit established in the retirement system and who terminates covered employment and leaves his accumulated contributions in the retirement system in order to receive a retirement benefit upon reaching the applicable age shall be covered by the survivor benefit provisions found in this Section."
