"Section 1. Code of Civil Procedure Articles 1552 and 1563 are hereby enacted to read as follows:

Art. 1552. Environmental management orders

Upon the request of any party in any civil action alleging environmental damage pursuant to R.S. 30:29, or the Department of Natural Resources, office of conservation, the court shall direct the attorneys for the parties to appear before the court to develop an environmental management order. The environmental management order shall authorize all parties to access the property allegedly impacted to perform inspections and environmental testing. The order shall require that all test results be submitted to all parties and the Department of Natural Resources, office of conservation, within thirty days of receipt thereof. Failure by a party to provide the results of testing to the other parties shall preclude that party from admitting those results into evidence in the civil action. The environmental management order shall include reasonable terms for all of the following:

- (1) Access to the property.
- (2) Investigation and environmental testing.
- (3) Sampling and testing protocols.
- (4) Specific time frames within which to conduct such testing and sampling.

* * *

Art. 1563. Limited admission of liability in environmental damage lawsuits; effect

A.(1) If any party admits liability for environmental damage pursuant to R.S. 30:29, that party may elect to limit this admission of liability for environmental damage to responsibility for implementing the most feasible plan to evaluate, and if necessary, remediate all or a portion of the contamination that is the subject of the litigation to applicable regulatory standards (hereinafter referred to as a "limited admission"). A limited admission shall not be construed as an admission of liability for damages under R.S. 30:29(H), nor shall a limited admission result in a waiver of any rights or defenses of the admitting party.

(2) Upon the expiration of the delay in which a party may file a limited admission under Paragraph (A)(5) of this Article, and if one or more of the defendants have made a timely limited admission, the court shall refer the matter to the Department of Natural Resources, office of conservation (hereinafter to as the "department"), to conduct a public hearing to approve or structure a plan which the department determines to be the most feasible plan to evaluate or remediate the

environmental damage under the applicable regulatory standards pursuant to the provisions of R.S. 30:29.

(3) The limited admission, the plan approved by the department, and all written comments provided by the agencies pursuant to R.S. 30:29(C)(3)(b) shall be admissible subject to the Code of Evidence Articles 702 through 705 and Code of Civil Procedure Art. 1425 as evidence in any action.

(4) At any time after the filing of a civil action subject to the provisions of R.S. 30:29 and, absent good cause shown, no later than ninety days after the completion of the environmental testing set forth in the environmental management order issued by the court pursuant to the Code of Civil Procedure Art. 1552, any party may make a limited admission by filing the same into the record of the court proceeding.

(5) Any other party who intends to make a limited admission for the same or any other environmental damage shall file the same into the record of the court proceeding within sixty days of the filing of the first limited admission by another party. Any limited admission filed by another party after the first limited admission is filed shall be filed no later than ninety days following the completion of the environmental testing set forth in the environmental management order.

(6) The party making a limited admission shall be required to deposit with the department sufficient funds to cover the cost of the department's review of the plans or submittals under R.S. 30:29, including the cost of holding a public hearing to approve or structure the feasible plan. The initial payment of these costs shall be in an amount of one hundred thousand dollars. This initial payment shall be deposited prior to or along with the submission of the plan by the admitting party. The admitting party shall be entitled to reimbursement of any portion of the deposit that is unused by the department. Within thirty days of the department's filing of the plan, the party admitting responsibility for implementing the most feasible plan shall reimburse the plaintiff for those costs which the court determines to be recoverable under R.S. 30:29(E)(1).

(B) The provisions of this Article shall not establish primary jurisdiction with the Department of Natural Resources.

Section 2. The provisions of this Act shall not apply to any case in which the court on or before May 15, 2012, has issued or signed an order setting the case for trial, regardless of whether such trial setting is continued."

AMENDMENT NO. 14

On page 3, line 6, change "(8)" to "(12)"

AMENDMENT NO. 15

On page 3, delete lines 9 through 29, and delete pages 4, 5 and 6, and on page 7, delete lines 1 through 7, and insert the following:

"(13) "Targeted non-manufacturing business" means a business, other than a manufacturer, that meets the requirements of Section 4354 of this Subpart.

§4352. Program administration

There is hereby established a program to implement the exemption provided by Article VII, Section 21(L) of the Constitution of Louisiana. The program shall be implemented and administered by the Department of Economic Development, which shall adopt and promulgate such rules as are necessary for the administration of the program in compliance with the Administrative Procedure Act.

§4353. Parish participation

A. A contract for the exemption shall be available only in parishes which have agreed to participate in the program. A parish participates in the program upon approval by all of the following local governmental entities:

(1) The parish governing authority.

(2) All municipalities in the parish which levy an ad valorem tax.

(3) All school boards in the parish which levy an ad valorem tax.

(4) The parish law enforcement district.

(5) The assessor.

B. Any one of the local governmental entities listed in Paragraph (A)(1) of this Section may withdraw the participation of a parish. The withdrawal of a participating parish shall become effective ninety days after the date upon which any one of the local governmental entities provides written notification to the secretary of its intention to discontinue participation. The withdrawal of a participating parish shall not affect existing contracts.

§4354. Targeted non-manufacturing business

A targeted non-manufacturing business shall meet all of the following requirements:

A. The business undertakes a project to establish a new or expanded facility in the state.

B. The primary activities at the facility are or will be among the following targeted non-manufacturing business activities: corporate headquarters, distribution facilities, data services facilities, research and development operations, and digital media and software development centers.

C. With the exception of a business providing at least fifty new headquarters jobs or shared service center jobs, a business primarily engaged in retail sales, real estate, professional services, natural resource extraction or exploration, financial services, or venture capital funds, shall not be eligible for the program. No business engaged in gaming or gambling shall be eligible for the program.

D. Within the time period provided in the contract, the business shall make capital expenditures of at least twenty-five million dollars for the facility, and create and maintain at least fifty new direct jobs.

E. At least fifty percent of total annual sales by the business from a Louisiana site or sites are to out-of-state customers or buyers, or to in-state customers or buyers but the product or service is resold by the purchaser to an out-of-state customer or buyer for ultimate use, or to the federal government, or any combination thereof. The secretary, at his discretion, may include sales by closely associated affiliates of the business in determining the percentage of sales meeting this requirement.

§4355. Contracts

A. At the invitation of the secretary or any of the local governmental entities listed in Paragraph (A)(1) of Section 4353 of this Subpart, a targeted non-manufacturing business undertaking a project in a participating parish may apply for a contract by submitting to the department such certified statements and documentation as the department may require.

B. The secretary may recommend the project to the board for a contract upon determining the applicant meets the requirements of a targeted non-manufacturing business, and the exemption would be advantageous in a competitive site selection situation to encourage the establishment of a targeted non-manufacturing business facility which is expected to yield significant positive economic benefit to the state and the parish. The secretary, at his discretion, may include sales by affiliates of the applicant business in making the fifty percent determination required under Section 4354(E) of this Subpart. The secretary's recommendation shall include proposed contract terms and conditions.

C. The contract shall include the following provisions:

(1) A term of ten years.

(2) Performance obligations, including required capital expenditures and new direct jobs, and the time for performance of such obligations.

(3) Monitoring by the department, reporting by the business and auditing of contract performance.

(4) Consequences of failure to perform contract obligations.

D. Upon approval by the board, the secretary shall execute the contract on behalf of the board and provide a copy of the contract to the assessor and the parish governing authority of the respective parish. The secretary shall notify the assessor and parish governing authority if a contract is suspended or cancelled.

E. In the event the secretary determines that a business has failed to meet the eligibility requirements of the program or the performance obligations of the contract, the secretary may, at his discretion, suspend or cancel the contract. A contract suspension shall remove the exemption for the year in which the failure occurred, but secretary may lift the suspension following a year in which eligibility requirements and performance obligations are met, and the exemption shall then be restored effective for that year. A contract cancellation shall remove the exemption for the calendar year in which the failure occurred and all future years. Upon receipt of notification from the secretary that a contract is suspended or cancelled, the assessor shall adjust the property assessment in the manner provided by law. Taxes becoming due for a prior year due to removal of an exemption shall, at the discretion of the tax collector, be collectable immediately or with the taxes for the current year.

Section 2. The state shall be the sole proper defendant in any taxpayer challenge to the correctness of an assessment based upon the constitutionality of an exemption provided for in this Act."

(24) "Tier 2" shall mean the benefit structure applicable to members whose first employment making them eligible for system membership occurred on or after January 1, 2013.

* * *

§2236. Tier 2 provisions

A. Creation. (1) A second tier of benefits, to be known as Tier 2, is created within the Municipal Police Employees' Retirement System for members whose first employment making them eligible for membership in the system occurred on or after January 1, 2013.

(2) Any other provisions of this Chapter or any other laws to the contrary notwithstanding, the retirement of Tier 2 members shall be governed by the provisions of this Section; however, if provisions of this Chapter cover matters not specifically addressed by the provisions of this Section or if any of the provisions of this Chapter are made applicable in this Section, then those provisions shall apply to members governed by this Section.

B. For purposes of this Section, the term "member" or "members" shall mean a person or persons otherwise qualifying for system membership under R.S. 11:2213 whose first employment making them eligible for membership in this system occurred on or after January 1, 2013.

C. Eligibility for Tier 2 membership. (1) Membership in Tier 2 is limited to those employees whose first employment making them eligible for system membership began on or after January 1, 2013.

(2) No person who participated in the Deferred Retirement Option Plan as a member of Tier 1 of this system shall be eligible for membership in Tier 2.

D. Eligibility for retirement. Any member of Tier 2 shall be eligible for retirement if he has:

(1) Thirty years or more of service at any age.

(2) Twenty years or more of service at age fifty-five or thereafter.

(3) Twelve years or more of service at age sixty or thereafter.

(4) Twenty years of service credit at any age, exclusive of unused annual and sick leave and military service other than qualified military service as provided in 26 U.S.C. 414(u) earned on or after December 12, 1994. Any person retiring under this Paragraph shall have his benefit, inclusive of military service credit and allowable unused annual and sick leave, actuarially reduced from the date he would have attained age fifty-five. Any member who elects to retire pursuant to the provisions of this Paragraph shall not be eligible to participate in the Deferred Retirement Option Plan provided by R.S. 11:2221 or the Initial Benefit Option provided by R.S. 11:2224(F).

E. Retirement benefit calculation. (1) Except as provided in Paragraph (2) of this Subsection, a member shall receive a retirement benefit equal to three percent of average final compensation for every year of creditable service, not to exceed one hundred percent of the member's average final compensation. Notwithstanding this provision, a member who retires with thirty or more years of creditable service shall receive a retirement benefit equal to three and one-third percent of the member's average final compensation for every year of creditable service in Tier 2, not to exceed one hundred percent of the member's average final compensation.

(2) Members who had service in any other public retirement system, plan, or fund of this state shall upon retirement eligibility receive a retirement benefit for that prior service based on the applicable accrual rate when earned.

(3)(a) Creditable service maintained pursuant to a reciprocal agreement in another system, fund, or plan shall not be used to meet the requirement of thirty or more years of creditable service.

(b) Transferred service with an accrual rate of less than three and one-third percent shall not be used to meet the requirement of thirty or more years of creditable service unless the member elects to purchase the accrual rate for application to his transferred credit.

F. Deferred Retirement Option Plan; Initial Benefit Option. A member who is eligible for regular retirement may elect to participate in the Deferred Retirement Option Plan in accordance with the provisions of R.S. 11:2221 or the Initial Benefit Option provided by R.S. 11:2224(F).

G. Disability retirement. (1)(a) Eligibility for disability benefits, procedures for application for disability benefits, procedures for the certification of continuing eligibility for disability benefits, the authority of the board of trustees to modify disability benefits, and procedures governing the restoration to active service of a formerly disabled employee shall be as provided in R.S. 11:202 through 225.

(b) The burden of proving that a disability is not based on a preexisting condition, prohibiting receipt of benefits, shall lie with the member if the physical examination and waiver forms required by R.S. 11:2214(A)(2) have not been submitted to the system.

(2)(a) The board of trustees shall award disability benefits to eligible members who have been officially certified as disabled to perform the position held by the member at the time that the disability was incurred or as disabled to perform any other position paying the same salary currently available in the department if the disability is not the result of a preexisting condition. Upon receipt of any application for disability retirement, the system shall request from the chief of police the job descriptions of all positions currently available in the department paying the same salary. Such job descriptions shall be submitted to the system within thirty days, or it shall be presumed that no position is available that pays the same

salary. The disability benefit shall be determined as provided in this Subsection.

(b) Upon application for retirement due to a total and permanent disability caused solely as the result of injuries sustained in the performance of his official duties, a member shall receive a disability benefit equal to two and one-half percent of his average final compensation multiplied by his years of creditable service, but not less than thirty percent nor more than fifty percent of his average final compensation.

(c) Upon application for retirement due to a total and permanent disability, any member with at least ten years of creditable service shall receive a disability benefit equal to two and one-half percent of his average final compensation multiplied by his years of creditable service, but not less than thirty percent nor more than fifty percent of his average final compensation.

(d) In no case shall any disability benefit approved by the board of trustees be paid until all employee and employer contributions are received by the retirement system, covering service through the date of termination of employment. Furthermore, no application for disability benefits shall be approved until all previously refunded contributions from the system have been repaid, including compounded interest at the board-approved actuarial valuation rate thereon from the date of refund until repaid in full.

(3)(a) In accordance with the provisions of this Section, at the time of attainment of normal retirement age, a service-connected disability benefit recipient shall have the option to continue to receive his disability retirement benefit or his vested retirement benefit for the remainder of his life; if he elects to receive his vested retirement benefit, such benefit shall be equal to the greater of his disability benefit or his vested retirement benefit. Such election filed with the retirement system shall become irrevocable thirty days after receipt.

(b) Upon attainment of normal retirement age, a disability recipient not covered by Subparagraph (a) of this Paragraph shall receive the greater of his disability retirement benefit or his vested benefit.

(4) Any person who is receiving or has received a disability retirement benefit from any law enforcement or police retirement plan or pension and relief fund for policemen, except a disability retiree of this system, shall not be eligible for membership in the Municipal Police Employees' Retirement System if he becomes no longer disabled and returns to service in the same municipality or becomes employed as a policeman or law enforcement officer while receiving a disability benefit.

(5)(a) Any disability retiree who is in a coma or who is paraplegic, when such condition is solely the result of injuries sustained in the performance of his official duties and such condition is certified by the State Medical Disability Board, shall receive a benefit equal to his average final compensation.

(b) Any disability retiree who is blinded or who loses the total use of a limb solely as a result of injuries sustained in the performance of his official duties and whose condition is certified by the State Medical Disability Board shall receive a benefit equal to his average final compensation. No funds derived from the assessments against insurers pursuant to R.S. 22:1476 shall be used to pay any increased costs or increase in liability of the system resulting from the provisions of this Paragraph.

(6) Notwithstanding the provisions of R.S. 11:221(D), any disability benefits granted under the provisions of this Section shall not be reduced because the disability retiree is also receiving social security disability benefits.

H. Survivor Benefits. Benefits shall be payable to any survivor of an active contributing member who dies before retirement or a

disability retiree who dies after retirement as specified in the following:

(1)(a) If an active contributing member or a disability retiree having at least ten years of creditable service in the system dies and leaves a surviving spouse, the surviving spouse shall receive a benefit calculated according to the regular retirement formula, disregarding age, but not less than thirty percent nor more than fifty percent of the member's average final compensation. If the surviving spouse remarries, such benefit shall cease unless remarriage occurs after the spouse attains the age of sixty years; the benefit shall resume after a subsequent termination of the new marriage and upon approval of the board of trustees.

(b) If the board of trustees determines that an active contributing member was killed as a result of injuries sustained in the line of duty, the cessation of benefits upon remarriage set forth in this Paragraph shall not apply. The surviving spouse shall receive a benefit equal to one hundred percent of the member's average final compensation less any survivor benefits payable to a child or children as provided in this Section. The sum of survivor benefits paid to children and a surviving spouse shall not exceed one hundred percent of the member's average final compensation. No funds derived from the assessments against insurers pursuant to R.S. 22:1476 shall be used to pay any increased costs or increase in liability of the system resulting from the payment of benefits to a surviving spouse pursuant to this Subparagraph.

(2)(a) If an active contributing member or a disability retiree having at least ten years of creditable service in the system dies and leaves, in addition to a surviving spouse, one or more children under eighteen years of age, each child under age eighteen shall be paid monthly benefits equal to ten percent of the deceased member's average final compensation, or two hundred dollars per month, whichever is greater. However, benefits payable on account of each child, when added to the benefits payable to the surviving spouse, shall not exceed an aggregate of one hundred percent of the deceased member's average final compensation. Benefits for a surviving child shall cease upon the child's attainment of age eighteen years or upon marriage, whichever occurs first, except that benefits shall continue:

(i) For a surviving child to age twenty-three if the child is a full-time, unmarried student at a recognized institution of higher education, high school, or vocational-technical school, and

(ii) For a surviving totally physically handicapped or mentally handicapped child if such child was totally physically handicapped or mentally handicapped at the time of the death of the member or became so prior to the attainment of age eighteen and is dependent upon the surviving spouse or other legal guardian for subsistence.

(b) If an active contributing member or a disability retiree having at least ten years of creditable service in the system dies and does not leave a surviving spouse but leaves one or more children under the age of eighteen, each child under age eighteen shall be paid monthly benefits equal to twenty-five percent of the deceased member's average final compensation. Benefits paid on account of each child shall not exceed an aggregate of fifty percent of the average final compensation. If the deceased member is survived by only one minor child, the child shall be paid not less than thirty percent of the deceased member's average final compensation. Benefits shall continue after the minor child attains age eighteen as provided in Subparagraph (a) of this Paragraph.

(c) If at the time of a member's death the member is not married to the natural parent of any child or children who are entitled to receive a payment pursuant to this Subsection and if a trust has been created by the deceased member for the benefit of such child or children, the payment shall be made to any person designated as a trustee by the member on a certified copy of a trust document submitted to the system by the member.

(3) If a member who is eligible for retirement dies before retiring, the surviving spouse shall automatically be paid benefits as though the member had retired on the date of his death and elected Option 2, naming the surviving spouse as beneficiary, or shall be paid benefits as provided in this Subsection whichever is greater.

(4) Any member who has twelve or more years of service credit established in the retirement system and who terminates covered employment and leaves his accumulated contributions in the retirement system in order to receive a retirement benefit upon reaching the applicable age shall be covered by the survivor benefit provisions found in this Subsection."
