The first report shall include a detailed itemization of the actual means of financing and expenditures for Medical Vendor Payments in Fiscal Year 2015-2016 and the initial allocation of payments for Fiscal Year 2016-2017 to provider groups, state agencies, or managed care programs within each of the four programs: Payments to Private Providers; Payments to Public Providers; Medicare Buy-Ins and Supplements; and Uncompensated Care Costs. The first report shall also include, for both the prior and current fiscal year, an itemization of the supplemental payments, differentiated between upper payment limit, full Medicaid pricing, and uncompensated care cost payments, to the LSU Public Private Partnership hospitals. The second report, and each subsequent report thereafter, shall itemize the projected expenditures in Fiscal Year 2016-2017 for each allocation within the four programs and payments to the public private partnership hospital as presented in the first report of the fiscal year. Also, the reports shall include a section specifying the total amount of pharmacy rebates received year-to-date and the total amount projected to be received by the end of the fiscal year. Further, the department shall include a section in each report detailing the anticipated levels of revenue collections in Medical Vendor Payments by source and, in the event a deficit is projected, any other sources of revenues that may be available or adjustments in expenditures that could be implemented within the department to aid in alleviating the projected deficit. Finally, the department may vary the forecasting methodologies utilized to produce the reports as necessary to ensure the submission of the most accurate projections of revenues and expenditures as practicable."

Section 11. In the event that more than one appropriation is made in this Act or the General Appropriation Act which is payable from any specific statutory dedication, such appropriations shall be allocated and distributed by the state treasurer in accordance with the order of priority specified or provided in the law establishing such statutory dedication and if there is no such order of priority such appropriations shall be allocated and distributed as otherwise provided by any provision of law including this or any other act of the legislature appropriating funds from the state treasury.

Section 12. Pay raises or supplements provided for by this Act shall in no way supplant any local or parish salaries or salary supplements to which the personnel affected would be ordinarily entitled.

Each submission must include full justification of the transaction requested, but submission in accordance with this deadline shall not be the sole determinant of whether the item is actually placed on the agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not submitted in accordance with the provisions of this Section shall be considered by the Joint Legislative Committee on the Budget only when extreme circumstances requiring immediate action exist.

B. Notwithstanding any contrary provision of this Act or any contrary provision of law, no funds appropriated by this Act shall be released or provided to any recipient of an appropriation made in this Act if, when, and for as long as, the recipient fails or refuses to comply with the provisions of R.S. 24:513. No recipient shall be considered to fail or refuse to comply with the provisions of R.S. 24:513 pursuant to this Section during any extension of time granted by the legislative auditor or the Legislative Audit Advisory Council. The legislative auditor may grant a recipient, for good cause shown, an extension of time to comply with the provisions of R.S. 24:513. The Legislative Audit Advisory Council may grant additional extensions of time to comply with the provisions of R.S. 24:513 for recipient entities of an appropriation contained in this Act with recommendation by the legislative auditor pursuant to R.S. 39:72.1.

Section 16.A. Except for the conditions set forth in Subsection B of this Section, the following sums or so much thereof as may be necessary are hereby appropriated out of any monies in the state treasury from the sources specified; from federal funds payable to the state by the United States Treasury; or from funds belonging to the State of Louisiana and/or collected by boards, commissions, departments, and agencies thereof, for purposes specified herein for the year commencing July 1, 2016, and ending June 30, 2017. Funds appropriated to auxiliary accounts herein shall be from prior and current year collections, with the exception of State General Fund direct. Further provided with regard to auxiliary funds, that excess cash funds, excluding cash funds arising from working capital advances, shall be invested by the state treasurer with the interest proceeds therefrom credited to each account and not transferred to the State General Fund. Except as otherwise provided in this Act, the Department of Justice shall be subject to all conditions set forth in Title 39 of the Louisiana Revised Statutes of 1950 as amended.

B.(1) No funds appropriated in this Act shall be transferred to a public or quasi public agency or entity which is not a budget unit of the state unless the intended recipient of those funds submits, for approval, a comprehensive budget to the legislative auditor and the transferring agency showing all anticipated uses of the appropriation, an estimate of the duration of the project, and a plan showing specific goals and objectives for the use of such funds, including measures of performance. In addition, and prior to making such expenditure, the transferring agency shall require each recipient to agree in writing to provide written reports to the transferring agency at least every six months concerning the use of the funds and the specific goals and objectives for the use of the funds. In the event the transferring agency determines that the recipient failed to use the funds set forth in its budget within the estimated duration of the project or failed to reasonably achieve its specific goals and objectives for the use of the funds, the transferring agency shall demand that any unexpended funds be returned to the state treasury unless approval to retain the funds is obtained from the Joint Legislative Committee on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the amount of the public funds received by the provider

is below the amount for which an audit is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of the funds to ensure effective achievement of the goals and objectives. The transferring agency shall forward to the legislative auditor and the Joint Legislative Committee on the Budget a report showing specific data regarding compliance with this Section and collection of any unexpended funds. This report shall be submitted no later than May 1, 2017.

(2) Transfers to public or quasi public agencies or entities that have submitted a budget request to the division of administration in accordance with Part II of Chapter 1 of Subtitle 1 of Title 39 of the Louisiana Revised Statutes of 1950 and transfers authorized by specific provisions of the Louisiana Revised Statutes of 1950 and the Constitution of Louisiana to local governing authorities shall be exempt from the provisions of this Subsection.

(3) Notwithstanding any other provision of law or this Act to the contrary, if the name of an entity subject to this Subsection is misspelled or misstated in this Act or any other Act, the state treasurer may pay the funds appropriated to the entity without obtaining the approval of the Joint Legislative Committee on the Budget, but only after the entity has provided proof of its correct legal name to the state treasurer and transmitted a copy to the staffs of the House Committee on Appropriations and the Senate Committee on Finance.
