**PART V. CLEAN WATER TASK FORCE**

§1290.1. Legislative findings; purpose

A. The Legislature of Louisiana does hereby find and declare the following:

(1) The provision of water for public use and consumption not only safe but also acceptable in appearance, taste, and odor is of the highest priority.

(2) Water aesthetically unacceptable can undermine the confidence of consumers, will lead to complaints, and could lead to the use of water from sources which are less safe.

(3) Generally, consumers have no means of judging the safety of their water themselves, but their attitude towards the water supply and water suppliers is often greatly affected by the aspects of water quality they are able to perceive with their own senses.

(4) It is natural for consumers to regard with suspicion water that appears dirty or discolored or that has an unpleasant taste or smell. Even though these characteristics may not in themselves be of direct consequence, they may consequently cause a substantial number of persons to discontinue using a public water system.

(5) On July 28, 2010, through Resolution 64/292, the United Nations General Assembly explicitly recognized the right to safe and clean drinking water and sanitation as a human right that is essential for the full enjoyment of life and all human rights.

(6) In November 2002, the United Nations Committee on Economic, Social, and Cultural Rights adopted General Comment No. 13, The Right to Water, which states the human right to water is indispensable for leading a life in human dignity and is a prerequisite for the realization of other human rights.

B. The purpose of this Part is to create an interagency task force to coordinate existing efforts to provide suitable drinking water to all residents of Louisiana and to recommend means for enhancing and maintaining the efficacy of those efforts.

§1290.2. Clean Water Task Force; creation; membership

A. The Clean Water Task Force, referred to hereafter in this Part as the "task force," is hereby created within the Louisiana Department of Health.

B. The task force shall be composed of all of the following members:

(1) One member representing the Louisiana Department of Health.

(2) One member representing the Department of Environmental Quality.

(3) One member representing the Louisiana Municipal Association.

(4) One member representing the Louisiana Rural Water Association.

(5) One member representing the Louisiana chapter of the National Conference of Black Mayors.

(6) One member representing the Interim Emergency Board.

(7) One member appointed by the governor.

(8) One member of the House of Representatives appointed by the speaker of the House of Representatives.

(9) One member of the Senate appointed by the president of the Senate.

(10) The state representative from House District No. 17.

C. The task force may engage and solicit, as necessary, input, recommendations, and guidance from interested parties and stakeholders including but not limited to any of the following:

(1) State and local agencies involved in the regulation, treatment, and distribution of drinking water.

(2) Technical experts at the university and consulting levels.

(3) Water utility system owners and operators, community members, and state legislators from areas with known public water quality issues.

D. At the first meeting of the task force, the members of the task force shall select one eligible member to serve as chairman. Any member except a legislator shall be eligible to serve as chairman.

E. The task force shall adopt rules of procedure and any other policies as may be necessary to facilitate the work of the group.

§1290.3. Purposes of the task force

The purposes of the task force shall include but not be limited to all of the following:

(1) To study and evaluate the conditions of each water utility system across Louisiana.

(2) To study and evaluate the need for water education and water utility system improvements and maintenance.
(3) To identify and recommend opportunities for the funding of improvements to water utility systems including but not limited to federal and state funding through appropriations, capital outlay, and grants.

(4) To make reports to the governor and to the legislature in accordance with R.S. 40:1290.4.

§1290.4. Reporting

A. On or before January 1, 2018, and semiannually thereafter, the task force shall prepare and submit to the governor and the legislature a report concerning the status of water utility systems in the state and the status of efforts to provide suitable drinking water to all residents of the state.

B. At minimum, the report required by this Section shall include information, analysis, and commentary related to each purpose of the task force enumerated in R.S.40:1290.3, and may include any other information as the task force deems necessary or appropriate.

§1290.5. Termination

The provisions of this Part shall terminate on December 31, 2020.

Section 2. The secretary of the Louisiana Department of Health shall take such actions as are necessary to ensure that the Clean Water Task Force created by the provisions of Section 1 of this Act convenes on or before September 1, 2017.
