BY REPRESENTATIVE MARINO

AMENDMENT NO. 1

On page 1, line 2, after "Article" delete the remainder of the line and insert the following:

"Art. 875.1. Determination of substantial financial hardship to the defendant

F. If, at the termination or end of the defendant's term of supervision, any restitution ordered by the court remains outstanding, the balance of the unpaid restitution shall be reduced to a civil money judgment in favor of the person to whom restitution is owed, which may be enforced in the same manner as provided for the execution of judgments pursuant to the Code of Civil Procedure. For any civil money judgment ordered under this Article, the clerk shall send notice of the judgment to the last known address of the person to whom the restitution is ordered to be paid.

G. The provisions of this Article shall apply only to defendants convicted of offenses classified as felonies under applicable law.

Art. 893. Suspension and deferral of sentence and probation in felony cases

A.(1)(a) When it appears that the best interest of the public and of the defendant will be served, the court, after a first, second, or third conviction of a noncapital felony, may suspend, in whole or in part, the imposition or execution of either or both sentences, where suspension is allowed under the law, and in either or both cases place the defendant on probation under the supervision of the division of probation and parole. The court shall not suspend the sentence of a second or third conviction of R.S. 14:73.5. Except as provided in Paragraph G of this Article, the period of probation shall be specified and shall not be more than three years, except as provided by Paragraph H of this Article.

H.(1) If a defendant is placed on supervised probation, the division of probation and parole shall submit to the court a compliance report when requested by the court, or when the division of probation and parole deems it necessary to have the court make a determination with respect to "earned compliance credits," modification of terms or conditions of probation, termination of probation, revocation of probation, or other purpose proper under any provision of law.

(2) For purposes of this Paragraph:

(a) "Compliance" means the full completion of the terms and conditions of probation as imposed by the sentencing judge, except for inability to pay fines, fees, and restitution.

(b) "Compliance report" means a report generated and signed by the division of probation and parole that contains clear and concise information relating to the defendant's performance relative to "earned compliance credits," and may contain a recommendation as to early termination.

(3) After a review of the compliance report, if it is the recommendation of the division of probation and parole that the defendant is in compliance with the conditions of probation, in accordance with the compliance report, the court shall grant "earned compliance credit" for the time, absent a showing of cause for a denial.

(4) The court may terminate probation at any time as "satisfactorily completed" upon the final determination that the
defendant is in compliance with the terms and conditions of probation.

(5) If the court determines that the defendant has failed to successfully complete the terms and conditions of probation, the court may extend the probation for a period not to exceed two years for the purpose of allowing the defendant additional time to complete the terms of probation, additional conditions, the extension of probation, or the revocation of probation.

(6) Absent extenuating circumstances, the court shall, within ten days of receipt of the compliance report, make an initial determination as to the issues presented and shall transmit the decision to the probation officer. The court shall disseminate the decision to the defendant, the division of probation and parole, and the prosecuting agency within ten days of receipt. The parties shall have ten days from receipt of the initial determination of the court to seek an expedited contradictory hearing for the purpose of challenging the court's determination. If no challenge is made within ten days, the court’s initial determination shall become final and shall constitute a valid order of the court.

* * *

Art. 894.4. Probation; extension

A. When a defendant has been sentenced to probation and has a monetary obligation, including but not limited to court costs, fines, costs of prosecution, and any other monetary costs associated with probation, the judge may not extend the period of probation for the purpose of collecting any unpaid monetary obligation, except as provided in Paragraph B of this Article, but may provide the unpaid monetary obligation to the office of debt recovery pursuant to R.S. 47:1676.

B. The judge may extend probation only one time and only by a period of six months for the purpose of monitoring collection of unpaid victim restitution if the court finds on the record by clear and convincing evidence that the court's temporary ongoing monitoring would ensure collection of unpaid restitution more effectively than any of the following:

(1) Converting the unpaid restitution to a civil money judgment pursuant to Article 886 or 893.1.

(2) Referring the unpaid restitution to the office of debt recovery pursuant to R.S. 37:1676.

(3) Any other enforcement mechanism for collection of unpaid restitution authorized by law.

C. A six-month extension of probation as provided in Paragraph B shall apply only to the order of victim restitution. All other conditions of probation during the six-month extension shall be terminated.

Probation shall neither be revoked nor extended based solely upon the defendant's inability to pay fines, fees, or restitution to the victim.

To maintain continued state payment of any amount pursuant to a TOPS-Tech Award once enrolled in a TOPS-Tech Award program in which enrolled, a student shall:

(1) Make steady academic progress toward completion of the requirements of the program in which enrolled, earning not less than the minimum number of hours of credit required for full-time standing thirty hours of credit in each academic year or the required number of hours needed to complete the program's requirements unless granted an exception for cause by the administering agency. If at any time a student fails to maintain the cumulative grade point average required for continuation in the program or as of the end of any term during the school year fails to make steady academic progress as defined by the administering agency, the student shall become ineligible for further payments. Payments may be reinstated upon attainment of the grade point average required for continuation of the original award and the standards for steady academic progress as defined by the administering agency, provided that the student has maintained other continuation requirements and the period of ineligibility did not persist for more than one year from the date of loss of eligibility. If this one-year period is interrupted due to a student's active duty service in the United States Armed Forces, the one-year period shall be extended for a length of time equal to the student's active duty service, not to exceed four years, unless the student reenlists in the United States Armed Forces and maintains continuous active duty, in which case the period shall be extended for a length of time equal to the student's active duty service; or unless the student is granted an exception for cause by the administering agency.

§5042.1. Maintaining eligibility; TOPS-Tech; exceptions

Notwithstanding R.S. 17:5042(1), to maintain continued state payment of any amount pursuant to a TOPS-Tech Award once
enrolled in an institution, a student who graduated from high school
prior to the 2017-2018 school year shall make steady academic
progress as defined by the administering agency toward completion
of the requirements of the program in which enrolled, earning not
less than the minimum number of hours of credit required for
full-time standing or the required number of hours needed to
complete the program's requirements. If at any time a student fails to
maintain the cumulative grade point average required for
continuation in the program or as of the end of any term during the
school year fails to make steady academic progress as defined by the
administering agency, the student shall become ineligible for further
payments. Payments may be reinstituted upon attainment of the grade
point average required for continuation of the original award and the
standards for steady academic progress as defined by the
administering agency, provided that the student has maintained other
continuation requirements and the period of ineligibility did not
persist for more than one year from the date of loss of eligibility. If
this one-year period is interrupted due to a student's active duty
service in the United States Armed Forces, the one-year period shall
be extended for a length of time equal to the student's active duty
service, not to exceed four years, unless the student reenlists in the
United States Armed Forces and maintains continuous active duty;
in which case the period shall be extended for a length of time equal
