§1272. Business interruption insurance; notice of exclusions

A. Every policy of insurance covering business interruption delivered or issued for delivery in this state on and after January 1, 2021, shall include a notice of all exclusions on a form prescribed by the commissioner of insurance. The form shall be provided by the insurer and signed by the named insured or his legal representative.

B. The signed form shall be conclusively presumed to become a part of the policy or contract when issued and delivered, irrespective of whether physically attached thereto. A properly completed and signed form creates a rebuttable presumption that the insured knowingly contracted for coverage with the stated exclusions.

The form signed by the insured or his legal representative which initially accepts coverage with the exclusions shall remain valid for the life of the policy and shall not require the completion of a new form when a renewal, reinstatement, substitute, or amended policy is issued to the same named insured by the same insurer or any of its affiliates.

C. Any change to an existing policy, regardless of whether the change creates new coverage, does not create a new policy and does not require the completion of a new form. For the purpose of this Section, a new policy shall mean an original contract of insurance which an insured enters into through the completion of an application on the form required by the insurer.

D. The requirements of this Section shall apply to any property insurance covering any business interruption which occurs in this state and involves a Louisiana business."

Rep. Frieman moved that the amendments proposed by the Senate be rejected.

AMENDMENT NO. 4

On page 1, delete lines 15 through 20, and insert the following:

"E. Notwithstanding any other provisions of law to the contrary, the provisions of this Section shall be applicable only to a retiree who returns to active service with an employer covered by the provisions of this Chapter on or before June 30, 2020, and any retiree covered under Subparagraph A(6)(a) of this Section.

§ 710.1. Employment of retirees on or after July 1, 2020

A. Except as provided in Paragraph C(1) of this Section, any retiree who returns to active service with an employer covered by the provisions of this Chapter on or after July 1, 2020, shall for that period of employment choose one of the following irrevocable options:

(1) Option 1.

(a) Any retiree may be employed in any position covered by this system during any fiscal year, provided that his earnings in such employment do not exceed twenty-five percent of his final average compensation during any fiscal year. If actual earnings exceed this amount in any fiscal year, the benefits payable to the retiree shall be reduced by the amount in excess of twenty-five percent of his final average compensation.

(b) During the period of his return to active service, the retired teacher and his employer shall make contributions to the retirement system as provided by this Chapter, but the retiree shall receive no additional service credit and shall not accrue any additional retirement benefits in the retirement system. Upon termination of active service, the retired teacher shall, upon application, be refunded the employee contributions paid since reemployment. The refund shall be without interest. The retirement system shall retain the employer contributions.

(c) If any retiree exercising Option 1 should reach twenty-five percent of his final average compensation, the retiree may prospectively exercise Option 2 and all employee contributions made prior to exercise of Option 2 shall be refunded at that time.

(2) Option 2. Any retiree may request immediate suspension of his benefit inclusive of all Deferred Retirement Option Plan distributions and become a member of this system, effective on the first day of reemployment or on the first day a retiree notifies the system of his election to suspend his benefits after using Option 1. Upon such regaining of membership, he shall contribute thereafter at the current contribution rate as applicable to his position. Upon subsequent retirement, his suspended retirement allowance shall be restored to full force and effect. If he has worked and contributed for at least thirty-six months, his retirement allowance shall be eligible for a supplement attributable to the amount of his service and average compensation since reemployment based on the computation formula in effect at the time of subsequent retirement. If he has worked and contributed for less than thirty-six months, the supplement shall be calculated based on his final average compensation used to calculate his original retirement allowance. In no event shall the member receive duplicate credit for unused sick and annual leave that had been included in the computation of his original retirement allowance. Any supplemental benefit shall be based on reemployment service credit only and shall not include any other specific amount which may otherwise be provided in the regular retirement benefit computation formula. In the event of the member's death prior to subsequent retirement, payment of benefits to the designated beneficiary or survivor shall be in accordance with the option selected by the member at the time of his original retirement. No change in the option originally selected by the member shall be permitted except as provided in R.S. 11:762. In no event shall the supplemental benefit exceed an amount which, when combined with the original benefit, equals the greater of one hundred percent of the average compensation figure used to compute the supplemental benefit or the average compensation figure used to compute the original benefit. Under no circumstances shall any person who has regained membership pursuant to the provisions of this Paragraph be allowed to purchase service credit for any period employed in public service during which he continued to draw his retirement allowance.

(3) Should any employer covered by the system employ a retiree and fail to submit the report required by R.S. 11:710(D), the retiree shall be considered as returning to active service under the provisions of Option 1 above.

B. Any retiree who continues to be covered by R.S. 11:710 may elect to be covered by the provisions of this Section. Any retiree who makes an election to be covered by this Section shall no longer be covered by the provisions of R.S. 11:710.

C.(1) Any retired teacher who returns to active service covered by the provisions of this Chapter within the twelve-month period immediately following the effective date of such retirement shall have his retirement benefits suspended for the duration of such active service or the lapse of twelve months from the effective date of his retirement, whichever occurs first, even if such service is based on employment by contract or corporate contract.

(2) No person who retires based on a disability shall be authorized to return to service pursuant to the provisions of this Section. Disability retirees shall be covered by the provisions of this Chapter applicable to disability retirees.

(3) Any retired member who returns to active service with an employer covered by the provisions of this Chapter shall have his benefit suspended for the duration of his period of reemployment if such reemployment is based on a contract or corporate contract. The retiree and his employer shall not make contributions to the system during such time, and he shall receive no additional service credit and shall not accrue any additional retirement benefits.

D. When any retiree returns to active service with an employer covered by the provisions of this Chapter, the employing agency shall comply with all applicable provisions of R.S. 11:710(D)."

AMENDMENT NO. 5

On page 2, line 1, change "Section 3." to "Section 2."

AMENDMENT NO. 6

On page 2, after line 2, insert the following:

"Section 3. This Act shall become effective on June 30, 2020; if vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on June 30, 2020, or on the day following such approval by the legislature, whichever is later."

G. Notwithstanding any other provision of law to the contrary, the provisions of this Section shall be applicable only to a retiree who returns to active service with an employer covered by the provisions of this Chapter on or before June 30, 2020, and any retiree covered under Subparagraph (A)(6)(a) of this Section.

§ 710.1. Employment of retirees on or after July 1, 2020

A. Except as otherwise provided in this Section, any retiree who returns to active service with an employer covered by the provisions of this Chapter on or after July 1, 2020, shall for that period of employment choose one of the following irrevocable options, which shall be made in writing and filed with the appropriate officer of the employer:

(1) Option 1. (a) Any retiree may be employed in any position covered by this system during any fiscal year, provided that his earnings in such employment do not exceed twenty-five percent of his final average compensation during any fiscal year. If actual earnings exceed this amount in any fiscal year, the benefits payable to the retiree shall be reduced by the amount in excess of twenty-five percent of his final average compensation.

(b) During the period of his return to active service, the retiree and his employer shall make contributions to the retirement system as otherwise provided by law, but the retiree shall receive no

additional service credit and shall not accrue any additional retirement benefits in the retirement system. Upon termination of active service, the retiree shall, upon application, be refunded the employee contributions paid since reemployment. The refund shall be without interest. The retirement system shall retain the employer contributions.

(c) Any retiree employed in a full-time position exercising Option 1 as provided in this Paragraph may prospectively exercise Option 2 any time prior to or after reaching twenty-five percent of his final average compensation. In such case, all employee contributions made in accordance with this Paragraph prior to the exercise of Option 2 shall be refunded at that time. If a retiree has earned in excess of twenty-five percent of his final average compensation prior to an election made pursuant to this Subparagraph, the employee contributions eligible for refund or the benefits payable to the retiree shall be reduced by said amount.

(2) Option 2. Any retiree employed in a full-time position covered by this system may request immediate suspension of his benefit, which may include all Deferred Retirement Option Plan and Initial Lump Sum Benefit distributions, and become a member of this system, effective on the first day of reemployment or on the first day a retiree notifies the system of his election to suspend his benefits after using Option 1. Upon such regaining of membership, the retiree and his employer shall make contributions to the retirement system as otherwise provided by law. Upon subsequent retirement, his suspended retirement allowance shall be restored to full force and effect effective as of the date a properly executed application for subsequent retirement is received by the board of trustees of this system or the date after the member terminates from service, whichever is later. The retiree shall be eligible for a supplemental benefit under this option using the same computation formula used at the retiree's original retirement. If the retiree has been reemployed and contributed for less than thirty-six months, his original final average compensation shall be used in the calculation of his supplemental benefit. If the retiree has been reemployed and contributed for at least thirty-six months, the final average compensation used to calculate the supplemental benefit shall be the greater of his original final average compensation or his final average compensation since reemployment. In no event shall the member receive duplicate credit for unused sick and annual leave that had been included in the computation of his original retirement allowance. Any supplemental benefit shall be based on reemployment service credit only and shall not include any other specific amount which may otherwise be provided in the regular retirement benefit computation formula, including sick and annual leave. No supplemental benefit shall be payable until ninety days after the date of termination of reemployment as certified by the employer. In the event of the member's death prior to subsequent retirement, payment of benefits to the designated beneficiary or survivor shall be in accordance with the option selected by the member at the time of his original retirement in accordance with R.S. 11:783(A)(2) and in accordance with any benefit payable in accordance with R.S. 11:762(C) and (I). No change in the option originally selected by the member in accordance with R.S. 11:783(A)(2) shall be permitted. In no event shall the supplemental benefit exceed an amount which, when combined with the original benefit, equals one hundred percent of the greater of the average compensation figure used to compute the supplemental benefit or the average compensation figure used to compute the original benefit. Under no circumstances shall any person who has regained membership pursuant to the provisions of this Paragraph be allowed to purchase service credit for any period employed in public service during which he continued to draw his retirement allowance. Upon regaining membership pursuant to this Paragraph and subsequent retirement, if a retiree has any subsequent employment that is not full-time employment, he shall be permitted to select Option 1 for such reemployment as well as full-time employment thereafter.

B. Any retiree who continues to be covered by R.S. 11:710 may elect to be covered by the provisions of this Section. Any retiree who

makes an election to be covered by this Section shall no longer be covered by the provisions of R.S. 11:710.

C.(1) Any retiree who returns to active service covered by the provisions of this Chapter within the twelve-month period immediately following the effective date of such retirement shall have his retirement benefits suspended for the duration of such active service or the lapse of twelve months from the effective date of his retirement, whichever occurs first, even if such service is based on employment by contract or corporate contract.

(2) No person who retires based on a disability shall be authorized to return to service pursuant to the provisions of this Section. Disability retirees shall be covered by the provisions of law applicable to disability retirees.

(3) Any retiree who returns to active service with an employer covered by the provisions of this Chapter shall have his benefit suspended for the duration of his period of reemployment if such reemployment is based on a contract or corporate contract. The retiree and his employer shall not make contributions to the system during such time, and he shall receive no additional service credit and shall not accrue any additional retirement benefits.

D.(1) When any retiree covered by this Section returns to active service with an employer covered by the provisions of this Chapter, the employing agency shall, within thirty days thereafter, notify the board of trustees in writing of such employment and the date on which employment commenced. Upon termination, the agency shall provide the same notice. In addition, the employing agency shall also report to the retirement system within forty-five days after June thirtieth of each year, the names of all persons being paid by the employing agency and all persons having received a benefit, whether by contract or corporate contract, pursuant to the provisions of this Section, along with such individuals' social security numbers, their positions, their designations as part-time or full-time, and the amount of their earnings during the previous fiscal year ending on June thirtieth of the reporting year. Additionally, the employing agency shall transmit a monthly contributions report pursuant to R.S. 11:888(A). Such monthly reports shall be transmitted within thirty days of the last day of each month and shall include the salary paid to each individual retiree to whom this Section applies. Should failure to give notice of return to active service or failure to report any other information required by this Section result in any payment being made in violation of this Section, the employing agency shall be liable to the system for the repayment of such amounts.

(2) Should any employer covered by the system employ a retiree subject to this provision and fail to submit the report required by this Subsection, the retiree shall be considered as returning to active service under the provisions of Option 1 above.

E. (1) The salary of any retiree who is reemployed pursuant to the provisions of this Section shall be based on the salary schedule which accounts for all prior years of teaching service and pertinent experience.

(2) The status of any retiree who is reemployed pursuant to the provisions of this Section shall be the same as a full-time active employee and shall be governed by the applicable rules, procedures, policies, and statutes that apply to all such full-time active employees."

At the conclusion of the hearing, the board may revoke or suspend the license or, in lieu of the revocation or suspension of a license, the board may impose a civil penalty not to exceed fifty thousand dollars for each violation. Payment of the civil penalty shall be a requirement for the retention of the license held by the entity.

(b) If the licensee, his employee, or agent is shown to have known or reasonably believed he was allowing a person under the age of twenty-one years to be a fantasy sports contest player, or for allowing a person under the age of fifteen years to be a fantasy sports contest player regardless of what the licensee, his employee, or agent knew or reasonably believed about the age of that person:

(i) For a first or second violation, license revocation may be imposed, or a fine of one thousand dollars shall be imposed if the license is not revoked.

(ii) For a third or subsequent violation, a license revocation hearing shall be conducted at which time the board shall determine whether or not there are extenuating circumstances pursuant to which a license suspension or revocation should not be imposed. At the conclusion of the hearing, the board may revoke or suspend a license or, in lieu of the revocation or suspension of a license, the board may impose a civil penalty not to exceed fifty thousand dollars for each violation. Payment of the civil penalty shall be a requirement for the retention of the license held by the entity.

(2) A violation shall have occurred only if the charged violation is conceded by the licensee to have occurred or is found to have occurred at a hearing held for that purpose.

(3) For the purposes of determining whether a second or subsequent violation has occurred, every violation shall have occurred on a separate occasion, by the same operator, and only violations that have occurred within a one-year period, regardless of when they were charged, conceded, or found to have occurred, shall be considered.

(4) For persons having more than one license issued pursuant to the provisions of this Chapter, license revocation as provided in this Subsection shall apply only to the license of the fantasy sports contest operator of the platform on which the violation occurred.

(b) Upon payment of the penalty, the platform may be reactivated.

D. If the operator contests the imposition of the civil penalty, the penalty shall be imposed only after an adjudicatory hearing is conducted pursuant to R.S. 27:25 and a basis for imposition of the penalty is determined to exist.

SENATE COMMITTEE AMENDMENTS

Amendments proposed by Senate Committee on Judiciary C to Reengrossed House Bill No. 434 by Representative Hilferty

AMENDMENT NO. 1

On page 2, after line 15, insert the following:

"Section 2. Official Comment to the Law: Since State v. Garner, 238 La. 563, 115 So.2d 855 (1959), Louisiana law has espoused the "agency" theory of liability for felony murder and felony manslaughter, whereby an individual is only criminally liable for a killing if the direct act of killing was committed either by the individual himself or by one acting in concert with the individual. As such, this has left open the possibility that an individual may, by committing a serious crime, set into motion a sequence of events proximately causing the death of an innocent person, and yet elude justice because the direct act of killing is committed by one acting adverse to or otherwise not in concert with the individual. These new provisions of law fill in the gap left by Garner and its progeny so as to allow such malefactors to be appropriately held accountable for the consequences of their actions while in no way abrogating, altering, restricting, or limiting criminal liability under any existing law relative to felony murder or felony manslaughter or under any other existing law."
