RE: House Bill 14 of the 2022 First Extraordinary Session

Dear Speaker Schexnayder:

Please be advised that, pursuant to Art. III, Section 18(A) of the Louisiana Constitution, House Bill 14 of the First Extraordinary Session of 2022 will become law without my signature.

This bill is the Legislature's effort to reapportion the Louisiana House of Representatives. In passing this map, the Legislature rejected several alternative proposals that would have reflected a fairer representation of the population demographics of the state. It is clear that the primary rationale behind the creation and passage of this map was to protect incumbents and to preserve the current party split in the House of Representatives.

Like with the congressional maps, it is my firm belief that this map for the Louisiana House of Representatives violates Section 2 of the Voting Rights Act of 1965 and further is not in line with the principle of fundamental fairness that should have driven this process. Nevertheless, while I have vetoed the congressional maps and asked the Legislature to continue its work to send a congressional map to me that is fair and complies with current law, this map for the Louisiana House of Representatives will become law without my signature. Over the last six years, every single bill passed by the Legislature that has become law has done so through my signature. These maps reapportioning the Louisiana House and Senate will be the first two bills in 18 legislative sessions to become law without my signature. This decision, however, was not made lightly. The districts created by the Legislature clearly do not reflect the demographic makeup of the state and specifically do not allow for enough majority minority districts when Black Louisianans make up 31.2% of the state's voting age population. It is a simple fact that too many Black voters are denied the opportunity to elect a candidate of their choice

to the Louisiana House of Representatives. After thoughtful consideration, I simply cannot sign the bill because I do not support the district map for the House of Representatives created by the Legislature.

Unlike the congressional maps, however, I will allow this bill to become law without my signature because I am not confident that the Legislature would reach any different result if it were to be given the chance to revisit this map in the upcoming session. There will be many important topics to debate over the next few months and Legislators should be able to focus on these important issues without the concern that any decisions or votes they make will have an impact on the way their districts would look for the 2023 elections. Furthermore, given the certainty that the legislative maps will be challenged in court, this action allows for those challenges to proceed now with the expectation that the litigation may be resolved well before the 2023 legislative elections.

Sincerely,

JOHN BEL EDWARDS
Governor

RE: Veto of House Bill 1 of the 2022 First Extraordinary Session

Dear Speaker Schexnayder:

Please be advised that I have vetoed House Bill 1 of the First Extraordinary Session of 2022.

This bill is the Legislature's effort to conduct the mandatory reapportionment of the congressional map for the United States House of Representatives. While much work was put into the development of this map by members of the Legislature, it is clear that the primary rationale behind the creation and passage of the map was to protect incumbents and to preserve the party split in the current congressional delegation. In so doing, the Legislature disregarded the shifting demographics of the state, which unquestionably call for the addition of a second majority minority district. Specifically, the Black voting age population in the state increased by 4.4% from the 2010 census to the 2020 census, resulting in the Black voting age population making up 31.2%, almost one-third of the State's population. Instead of accounting for this increase in population, the Legislature preserved the status quo and enacted a map where Black voters in five of the six congressional districts are deprived of the opportunity to elect a candidate of their choice.

It is my firm belief that this map violates Section 2 of the Voting Rights Act of 1965 and further is not in line with the principle of fundamental fairness that should have driven this process. In choosing this map, the Legislature rejected numerous alternative maps with two majority minority districts, which happen to be one-third of the six congressional districts, that would have given more Black voters an opportunity to elect a candidate of their choice. While no electoral map is perfect, and no map is a guarantee of

success for a certain candidate, these alternatives would have allowed for a fairer allocation of voting strength to a population that has been historically disadvantaged. As eloquently discussed by Senator Cleo Fields on the floor of the Senate, only five Black members from Louisiana have been elected and seated in the United States House of Representatives since statehood. This injustice cannot continue.

This veto need not be the conclusion of the Legislature's efforts to create a map that is in compliance with Section 2 of the Voting Rights Act. There are multiple pre-filed bills for the 2022 Regular Session where the Legislature can - and should - enact a map that creates a second majority minority seat. By vetoing this bill, I am asking the Legislature to get back to work in a real effort at compromise and fairness. I remain confident that the Legislature can get this right.

Sincerely,

JOHN BEL EDWARDS
Governor
