"Beginning on October 15, 2023, and monthly thereafter, the department shall submit to the Joint Legislative Committee on the Budget for its review a report itemizing the means of financing and expenditures for Schedule 09-306 Medical Vendor Payments. The department may vary the forecasting methodologies utilized to produce the reports as necessary to ensure the submission of the most accurate projections of revenues and expenditures as practical.

The first report shall include a detailed itemization of the actual means of financing and expenditures for Medical Vendor Payments in Fiscal Year 2022-2023 and budgeted means of financing and the initial allocation of payments and year-to-date expenditures for Fiscal Year 2023-2024 delineated by provider group, state agency, or managed care program. The reporting on the managed care expenditures shall differentiate between expenditures on the ACA Expansion population and the non-expansion population. The first report shall also include, for both the prior and current fiscal years, an itemization of supplemental or directed payment programs by provider group as well as all supplemental or directed payments and uncompensated care costs payments to the LSU Public Private Partnership hospitals. Finally, the report shall also provide the total amount of the expenditures on the Managed Care Incentive Program for both the prior and current fiscal years.

In the second report and each subsequent report submitted monthly thereafter, the department shall include a section detailing the budgeted means of financing versus the projected use of those means of financing to fund the projected expenditures and as adjusted for projected revenue collections by source. In the event a surplus is projected, the department shall provide an explanation of the source of any surplus revenues and the rationale of the department's proposed use of the means of financing. In the event a deficit is projected due to the budgeted means of finance or estimated revenue collections being insufficient to finance projected expenditures, the department shall inform the committee of any other sources of revenues that may be available or adjustments in expenditures that could be implemented within the department to aid in alleviating the projected deficit. Also beginning with the second report and continuing in each report submitted monthly thereafter, the department shall delineate, in the same manner as presented in the first report of the fiscal year, the initial allocation of payments, total projected expenditures, and year-to-date expenditures in Fiscal Year

2023-2024 for each allocation within the programs, the supplemental or directed payment programs, the supplemental or directed payments and uncompensated care costs payments to the LSU Public Private Partnership hospitals, and the total expenditures on the Managed Care Incentive Program.

Further, each report shall include a section specifying the total amount of pharmacy rebates projected to be received by the end of the fiscal year delineated between those generated by drug utilization of the expansion enrollees versus the non-expansion enrollees and, for the non-expansion enrollees, between those receiving health care services under the fee-for-service program versus the managed care program. In addition, each report shall include a section on current expansion and non-expansion enrollment in the Medicaid program and projected expansion and non-expansion enrollment through the end of the fiscal year.

Finally, each report shall include a thorough explanation of any policy changes proposed or implemented by the department since the preceding report submitted to the committee, including but not limited to those being proposed or implemented by administrative rule making, state plan amendment, waiver application, or contract amendment, that result in an increase or decrease in revenue collections and/or expenditures.

Provided, however, that, in formulating the hospital directed payment methodology for Fiscal Year 2024-2025 during the course of Fiscal Year 2023-2024, the department shall collaborate with and seek guidance from the trade organization representing hospitals defined pursuant to R.S. 40:1189.3(7)(a) to ensure access to care in the rural areas of the state."

STATE OF LOUISIANA
Legislative Fiscal Office

TO: The Honorable Clay Schexnayder, Speaker of the House of Representatives
Honorable Members of the House of Representatives

FROM: Alan M. Boxberger, Legislative Fiscal Officer
Evan Brasseaux, Deputy Fiscal Officer

DATE: June 5, 2023

SUBJECT: House Rule 7.19, HB 1 Reengrossed after Senate Action

Pursuant to House Rule 7.19, the Legislative Fiscal Office (LFO) is required to submit a report to the House of Representatives, which indicates whether the appropriation bill appropriates one-time money within the Reengrossed version of House Bill 1 (HB 1) after Senate action. The LFO is providing this information for HB 1 - Reengrossed as it returns from the Senate.

HR 7.19 One-Time Money List

Pursuant to HR 7.19(C)(2), appropriations from one-time money for ordinary recurring expenses may not exceed the projected growth of the state general fund from the fiscal year for which the appropriation is proposed and the subsequent fiscal year according to the most recent official forecast. The threshold calculation is the difference between the official SGF revenue forecast adopted by the Revenue Estimating Conference (REC) on May 18, 2023, for FY 24 of \$11,925.4 M and for FY 25 of \$11,891.5 M, which equates to \$33.9 M of SGF revenue loss. The amount of one-time funds, as defined by HR 7.19, allowed to be appropriated in HB 1 for FY 24 expenditure is (\$0). After adopted Senate amendments to HB 1, the LFO has determined there is no one-time money as defined in House Rule 7.19 in HB 1 Reengrossed after Senate action.

FY 23 Replacement Financing Decision List

Although HB 7.19 contains a definition of "one-time money", the rule itself is not indicative of the financing decisions that will have to be made in FY 25 relative to the current structure of the FY 24 proposed operating budget. Due to this issue, the LFO not only provides the HR 7.19 list to comply with the House Rule, but also provides details of significant potential FY 25 financing replacements that will have to be made as a result of the proposed FY 24 budget.

Approximately \$110.7 M in funds that may not be available in the future are proposed to support recurring expenditures in HB 1 for FY 24 and beyond. The \$110.7 M is associated with the FY 24 projected emergency Federal Medical Assistance Percentage (eFMAP) for Medicaid, which will be in effect for the first two quarters of FY 24 (2.5% for the first quarter and 1.5% for the second). The eFMAP reduces the state match obligation, allowing these SGF savings to be used for other fungible purposes within the state budget. To the extent the activities supported by this savings should continue into future fiscal years, these dollars would have to be replaced in FY 25.

The current REC forecast for FY 25 is projected to decline by approximately \$33.9 M from FY 24 to a total of \$11,891.5 M SGF. SGF appropriations as returned from the Senate total \$11.814 M, \$77.5 M less than projected revenue. Therefore, this leaves \$67.1 M (\$110.7 M eFMAP + \$33.9 M revenue decline - \$77.5 M space below revenue forecast) base spending and forecasted revenue decline that cannot be used for recurring expenditures in FY 25. However, the amount of non-recurring SGF expenditures funded with

recurring revenues are sufficient to offset these amounts in their entirety; these include but are not limited to:

- \$9.8 M for acquisitions and major repairs
- \$44.6 M for Medicaid unwind
- \$56.8 M for Higher Education one-time initiatives
- \$111.2 M non-recurring expenditures
