February 21, 2011

Louisiana House of Representatives  
House and Government Affairs Committee

Dear Committee Members,

The people of the Louisiana Gulf Coast have faced many disasters and trials over the past years. We would appreciate it if you would assist us in the recovery of our land and protection of our resources and our culture. I fully support the "One Coastal District" and ask that you not only hear our plea but support this new district.

Let us continue to provide quality seafood to the rest of the country and world. Let us continue to provide oil and gas to the rest of the country. Let us continue to share the richness of the African American, Native American, Cajun, European, Oriental, Hispanic and many other cultures through what we call a true south Louisiana Pot of Gumbo to the world.

Respectfully Submitted,

*Alfred Carter*

Alfred Carter, Chairman  
Lafourche Republican PEC
