

Louisiana Economic Development (LED) Business Hot Line Established

LED has established a phone number, 225-342-4321, that businesses may use for help with questions regarding: how the stay home proclamation applies to businesses, federal loan resources available to businesses (SBA economic injury disaster loans), and information on how to donate personal protective equipment (PPE). Businesses can also visit <https://www.opportunitylouisiana.com/covid-19-assistance> for additional information.

The number is staffed from 8 am to 8 pm, however, depending on call volume you may roll over to a voicemail and be prompted to leave a message, which will be returned. Outside of the 8am-8pm hours you will also be able to leave a message.

Please be aware this line is for **BUSINESSES** that have questions.

RESIDENTS who have questions can contact 211 or can visit <https://gov.louisiana.gov/virus/> or <http://ldh.la.gov/Coronavirus/>.
