State Representative Mary DuBuisson Receives Hudson Cup Award

BATON ROUGE, LA — Representative Mary DuBuisson, R-90, was awarded the “Doc” Hudson Cup of Unity and Friendship on June 3, 2022.

The award is given to a member of the House of Representatives who is reliably effective in their legislative efforts while consistently maintaining the qualities of civility, humility, and decorum.

Rep. Jefferson presented Rep. DuBuisson with the award, saying, “This person has been a member of the La. House of Representatives since December 2018. A former business owner, community volunteer, and longtime Legislative Assistant, this person’s service to the state of Louisiana has been marked by dedication, hard work, and an unwavering concern for fellow Louisianians. With ten years of engagement with the legislature and various state agencies, this Representative has shown that while a fighter for the values of the district she represents, she is always a ‘Happy Warrior’ who can vote yea or nay as her conscious dictates while maintaining cordial and open communications with her fellow legislators. A wife, mother, and grandmother, it is no wonder she serves as a powerful advocate for those matters she perceives as critical to Louisiana families. I am pleased to announce that State Representative Mary DuBuisson has been chosen as this year’s Lady of the Louisiana House of Representatives for 2022 and the recipient of the Hudson Cup Award.

Rep. DuBuisson was astonished, saying, “This is amazing.... I love all of you. I love what I do here, working for our people. To have one person think I deserve this honor would be fantastic, but for the majority of the House to think so is overwhelming. It is beyond anything I can comprehend and I thank you all so much.”

The Hudson Cup is named after Charles L. “Doc” Hudson, who served in the House from 1992 until his passing in 2004. He was a man bound in principle, full of integrity, and known for his civil and courteous demeanor. Doc thoroughly enjoyed serving in the legislature, and his accomplishments left a lasting impact on the lives of citizens in St. Landry Parish and District 40.
