Dear Speaker Tucker,

Amendment 248 is classic gerrymandering that, in part, is designed to transfer political power from Carrollton and Uptown New Orleans to politicians from Jefferson Parish. The design of district 94 is so convoluted and nonsensical that the only reason it could possibly have been drawn in this manner is to diminish the value of the votes of those of us who live in Carrollton. I know you are being pressured to go along with this plan, but I am asking that you please help keep our historic neighborhoods together in their legislative districts and oppose 248.

Regards,
