Dear Rep. Tucker:

Please oppose the redistricting plan in Amendment 248 to House Bill 1. The plan would break up representation of the Carrollton, Uptown and University neighborhoods in Orleans Parish and combine them with areas of Jefferson Parish. Proper representation of the affected neighborhoods would be adversely affected and much of the progress and recovery achieved in the past several years could be jeopardized. This plan is not conducive to logical and efficient citizen representation in the legislature.

As a resident and homeowner in the affected area, thank you for considering my opinion.

Sincerely,  
Mark Delestatius
