Subject: The French Quarter

Mr.. Tucker - Please be very careful not to include the French Quarter in any district that might not be appropriate. We have another treasure - the Garden District - that has very similar issues as the Quarter does. Please don't put N.O. East in with the Quarter. We MUST protect The French Quarter in every way we can, and we don't have any similar needs as N.O. East. Thank you. Albert Flettrich 1125 Royal St. N.O. 70116
