**To:** Tucker, Rep. (District Office)

Dear Sir,

I live in the Carrollton section of New Orleans and vote in every election. I have been in the city for 40 years, worked hard in the Public Schools and dearly love the city.

The best thing about New Orleans is its neighborhoods! The sense of community, caring for each other, even knowing names and family history is a rare and valuable thing in this day and age. In my neighborhood, the connections cross racial lines, which is unusual and to me wonderful.

Amendment 248 to House Bill 1 would slice Carrollton into a meandering "snake" crawling along the river all the way to the

Ninth ward. It would divide us from our neighbors with similar concerns and interests. Our problems are different from those of the Garden District and Lower Nine.

Please do NOT divide neighborhoods in your redistricting. Please do not support Amendment 248.

Sincerely,

Cynthia Morse

8601 Zimpel St.
