Personal Statement of Ted Roberts
House/Caddo

From:
To:
Subject:

Dear Mr. Speaker:

It is our desire to keep our present district intact and not to change it to a minority district as some will propose. We feel it would be discriminatory in that it would give four minority districts in the parish and not one white majority district entirely within the parish. I am a long time business person here in this present district and am in contact with many people that feel the same way. We are all happy with the way it is. Please oppose this effort and we will be much appreciative.

Ted Roberts
