Subject: Please keep the French Quarter's House District with Similarly Situated Historic-Business Districts

Dear Mr. Speaker,

Regarding HB 1 of the redistricting special session, please reject Rep. Ligot's Amendment and all other amendments (including those by Reps. Jackson and Abramson) that would place the French Quarter's precincts in the New Orleans East House District. The French Quarter is the economic engine of LA's tourism and hospitality district. Those precincts are vital to LA's economy and the world's concept of LA. French Quarter precincts should not become collateral damage in either a pro-Republican or an anti-NOLA fight over House District boundary lines.

The French Quarter's precincts should remain with similarly situated historic residential and business districts in NOLA such as the CBD, Warehouse District, Marigny, Tremé, Bywater, Magazine Street, Esplanade Ridge, etc.

Thank you,

Kimberly Wooten Rosenberg
