**Related Benefits**
- The decrease is due to a reduction of excess budget authority for retirement.

**Operating Services**
- The department will reduce advertising costs.

**Professional Services**
- Reduction is due to the annualization of a mid-year deficit cut which includes renegotiating financial services contracts.

**Other Charges**
- Reduction is largely due to excess authority from the Medicaid Trust Fund and a cut to central banking services contract.

The reduction is from the Medicaid Trust Fund for the Elderly. The principal of this fund will have been reduced from $800 million to less than $20 million by the end of this fiscal year. The Treasurer’s proposed budget includes no funding from the Medicaid Trust Fund for the Elderly for FY 15-16.

This decrease will be achieved through a delay in acquisition purchases, reductions in part-time employees, operating services, administrative expenses, advertising, supplies, and contracts. It will impact the following programs: Administrative, Financial Accountability and Control, Debt Management, and Investment Management.
