Salaries and Related Benefits

- Decreased due to normal statewide adjustments for attrition, retirement, and health insurance and due to the transfer of 15 positions to the Office of State Human Capital.

Other Charges

- Decreased due to the reduction of excess federal budget authority that is typically not expended and the reversal of the recent consolidation of back office functions of DEQ and WLF into DNR. These functions and associated funding will now go to DOA.

Statutory Dedications

Mineral and Energy Operation Fund (R.S. 30:136.3)

Provides for the administration of the regulation of minerals, ground water, and related energy activities within the state of Louisiana.

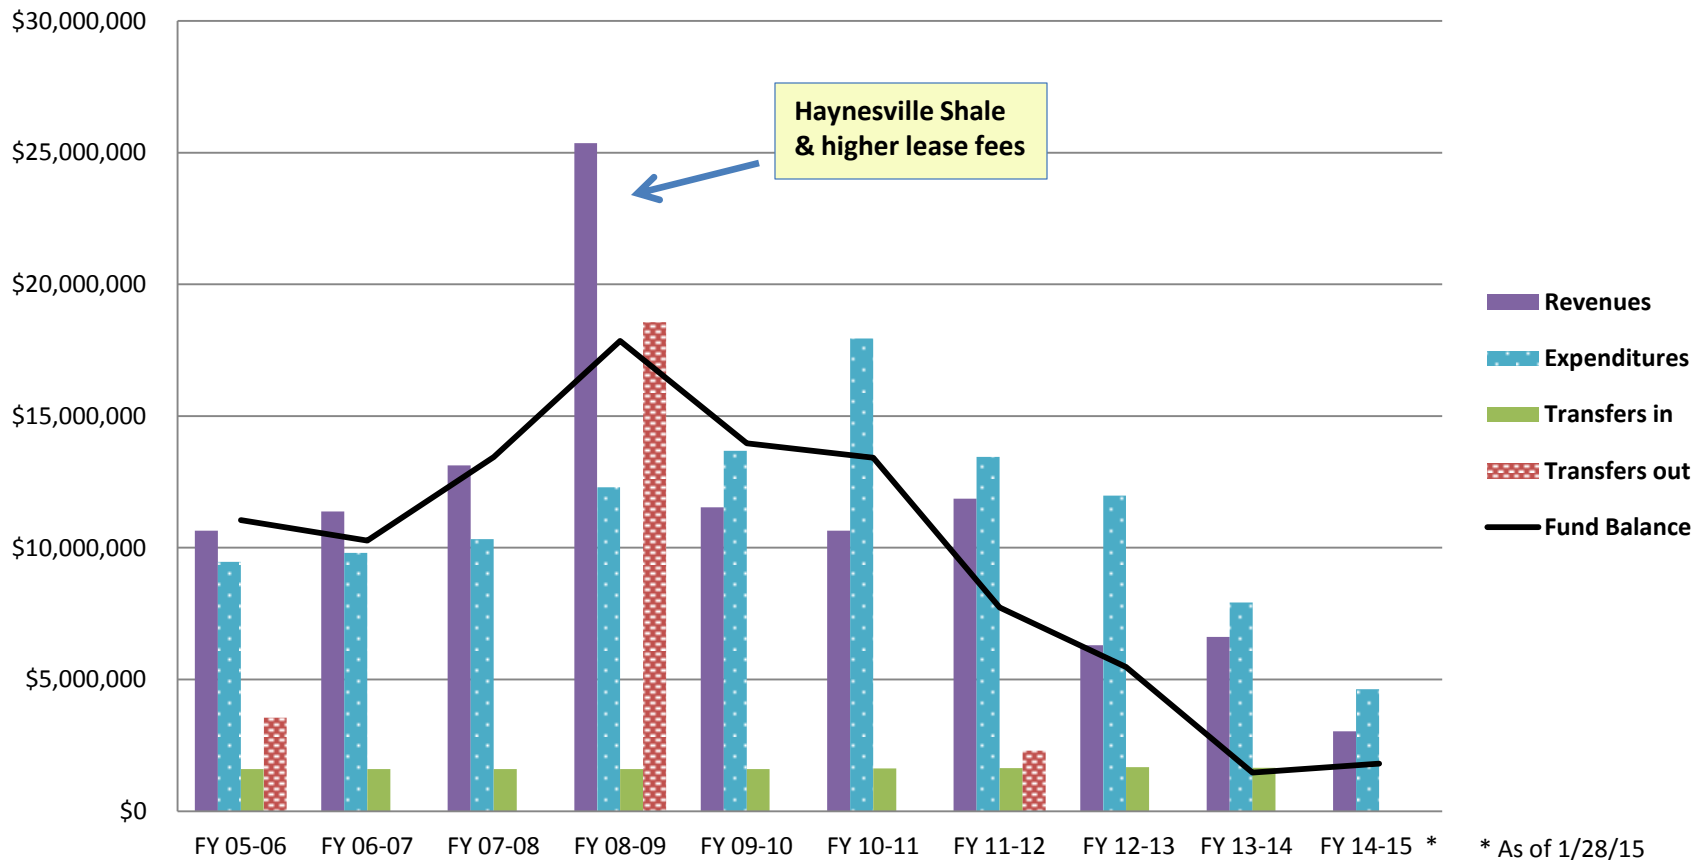

Sources of funding include:

- Payments for the sale of leases for the development and production of minerals, oil, gas, or alternative energy sources on any lands or water bottoms owned by the state. Revenues averaged \$9.4 million over the last five years.
- Deposits of \$1.6 million annually from court-awarded judgments associated with royalty income and income derived from issuance of seismic permits on state water bottoms.
- Fees to the Office of Mineral Resources from any person desiring a permit to conduct geophysical and geological surveys of any kind on state-owned lands, including water bottoms, shall submit an application in writing and submit a fee to the Office of Mineral Resources. Revenues averaged \$257,000 over the last three years.

Statutory Dedications

Mineral and Energy Operation Fund

Statutory Dedications

Oil and Gas Regulatory Fund (R.S. 30:21(B)(2))

These funds are to be used solely by the Office of Conservation for the regulation of the oil and gas industry and any other industry under the jurisdiction of the office.

Funding is derived from regulatory and application fees from industry operators. Sources of funding are:

- Annual fees for Class I wells in an amount not to exceed \$400,000, and Class II wells and Class III wells, storage wells, Type A facilities and Type B facilities not to exceed \$875,000 in a given fiscal year, with certain restrictions on Class II wells.
- Annual fees based on a tiered system on capable oil and gas production, not to exceed \$2.4 million.
- Application fees payable into this fund by industries under the jurisdiction of the Office of Conservation.

Any monies remaining in the fund at the end of the fiscal year remain in the fund, including any interest or earnings.

Statutory Dedications

Oil & Gas Regulatory Fund

Statutory Dedications

Oilfield Site Restoration Fund (R.S. 30:86)

These funds are to be used by the Office of Conservation to plug and restore orphaned oil and gas wells to their approximate pre-wellsite conditions.

Funding is derived from:

- Those fees and penalties collected pursuant to R.S. 30:87
- Private contributions
- Interest earned on the funds deposited in the fund
- Civil penalties or costs recovered from responsible parties for oilfield site restoration pursuant to R.S. 30:93 and 94
- Any grants, donations, and sums allocated from any source, public or private
